

Hi Seniors and families!

I wanted to check back in with you to remind you that your customized pages for your child are due by February 20. After that time, you will not be able to add any content.

To assist you, I created a video to review some of the tools that you can use. These are the same tools that I took screenshots of for the email below.

I hope that this video helps you create an amazing tribute to your student! Remember, customizing the first two pages is FREE! All it costs you is your time! (I gave up 2 hours for my kid, and I actually am used to these tools!)

Make sure to give yourself time to scroll your phone for images to upload! Favorite them and then move them to your computer before you begin this process to save some time.

Please ignore all of my filler words...I made this video off the cuff without any notes! Ummm, uhhh, I tried!
