2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Millennium High School is an alternative high school located in Piedmont, CA, a city of about 11,000 residents located in the hills above the San Francisco Bay Area. Millennium High School is located on the Piedmont High School campus and shares many resources with the school. Students at Millennium High School receive a rigorous, college preparatory curriculum in small, interactive, non-competitive classes. Many opportunities are provided for experiential learning, self-directed projects, small group discussions, tutorials, interdisciplinary and multiple intelligence instruction, flexible scheduling and personal counseling.

Millennium High School seeks to instill in our students a commitment to RISE, our student learner outcomes of RESPECT:

2025-26 School Description and Mission Statement

Honor yourself, your commitments and your environment; IMPACT: Recognize your responsibilities with the community; SKILLS: Develop the academic and social abilities to achieve success; ENGAGE: Courageously take ownership of your personal growth and future. We are committed to supporting each student’s personal and academic goals in an emotionally as well as physically safe environment. Students are recognized for and supported to develop strengths and talents unique to them as individuals as well as challenged to expand their areas of competence and comfort. We foster a climate where respect for the learning process is upheld by honoring the diversity of learning styles and emotional histories present in our students. We promote academic excellence and personal growth through our dedication to meeting the needs of our students, regardless of each one’s level of proficiency. We create opportunities for our students to become active, engaged participants in their school and larger communities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Piedmont Unified School District sets a high priority upon ensuring that sufficient textbooks and instructional materials are available to support the school's instructional program. Piedmont Unified School district held a Public Hearing on September 24, 2025 and determined that each school in the District has sufficient and good quality textbooks and instructional materials. All students, including English Learners, are given their own individual standard aligned textbooks in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks.

For 2025-26, all textbooks and instructional materials at Millennium High School were adequately supplied and fair to excellent condition. 100% of students in each core subject area possessed the necessary textbooks and instructional materials, including the deployment of Chromebooks for all students for access to online instructional materials.

Piedmont School District follows the State Board of Education's recommended adoption cycle for core content materials. Teachers in the District have the opportunity to review the textbooks and provide feedback. Recommendations for final adoption are submitted to the Board of Education for approval.

School Facility Conditions and Planned Improvements

Millennium High School is located on the Piedmont High School campus. Piedmont High School was partially modernized in conjunction with the District's Seismic Safety Bond Program. The "30's" building was renovated but other buildings on the campus, including the building housing MHS, were not deemed a seismic collapse hazard. Priorities for MHS maintenance in the 40's building are roof and Mechanical/HVAC repairs and replacement.

The passage of the H1 Bond in November 2016 has resulted in the design and construction of a new STEAM (Science, Technology, Engineering, Art, and Math) Building at PHS (completed Fall 2020) and new Alan Harvey Theater (completed summer 2022).

During the summer of 2024, the Millennium High School hallway was fully renovated. This included the removal of old lockers, painting of the hallway, new sound-absorbing bulletin boards, new flooring, and new lighting. New stall partitions were installed in the student restrooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2024-25 Career Technical Education Programs

MHS students have access to CTE courses through secondary enrollments at Piedmont High School. Pathways include: Acting and Directing, Computer Science and Journalism.

Partnering with the Contra Costa County Office of Education CTE/ROP program, the district offers several Career Technical Education courses, including Computer Science, Acting and Journalism at Piedmont High School. Through enrollment in CTE courses, students demonstrate effective skills in oral and written communication, demonstrate job skills, etiquette and work ethic valued by employers, demonstrate the ability to think critically and creatively about complex issues, and work productively both as individuals as team members.

Teachers of these courses integrate core academic standards within their curriculum. Work-based learning opportunities such as guest speakers, field trips, and internships are an integral component of each course, which is accessible to all Piedmont High School students. The courses are evaluated annually through classroom observations, reports, and surveys.

The PHS Asst. Principal serves as the lead representatives of the CTE Advisory Committee. The Advisory Committee consists of representatives from a variety of technology-related industries.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Piedmont Unified School District receives federal funding to support our unique learning community. One of our responsibilities under section 1118 of the Elementary and Secondary Education Act is to support meaningful parent participation. We work to engage parents in regular, two-way, and meaningful communication involving student academic learning and other school activities to insure the following:

- (A) that parents play an integral role in assisting their student's learning
- (B) that parents are encouraged to be actively involved in their student's education at school
- (C) that parents are full partners in their student's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their student
- (D) that we offer a flexible number of parental involvement opportunities so that as many parents as possible are able to attend
- (E) that we will provide materials to help parents work with their student to improve academic achievement as appropriate

At MHS, parents are able to be involved in the monthly School Site Council and the MHS Parents' Club. In the 2025-26 school year, the MHS Parents' Club has focused fundraising, hostings parent engagement events such as the Fall and Spring Family Potlucks, and supporting the school in student enrollment events. Reach out to millenniumparentsclub@gmail.com for more information on the MHS Parents' Club!

Additional parent engagement events include:

- Parent Counseling Nights
- Career Journey Day
- Prospective Student Information Night
- Gratitude Potluck
- MHS Variety Show
- 25th Anniversary Celebration
- WASC Self-Study
- LCAP Parent Engagement Nights

MHS Parents are also encouraged to participate in community-based organizations, such as:

- Piedmont Arts Fund: <https://piedmontartsfund.org/>
- CHIME (performing arts): <http://www.piedmont.k12.ca.us/our-community/parent-involvement/#chime>
- PRAISE (special education): <http://piedmontpraise.org/>
- Piedmont Educational Foundation: <http://www.piedmontedfoundation.org/>
- PADC (Anti-racist work)
- Piedmont Parent Network

2025-26 School Safety Plan

Safety of students and staff is a primary concern of Millennium High School. To ensure student safety supervision is provided on campus at all times. Teachers and staff supervise students on campus before and after school, as well as during lunch and break periods. Any visitors to the school must be approved in advance by the Principal.

The School Comprehensive Safety Plan is reviewed each fall by the principal; any revisions are shared immediately with the staff. Key elements of the plan outline emergency evacuation procedures, sexual harassment policies, and codes of student behavior. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. All required forms of emergency drills are conducted on a regular basis throughout the school year.

The School Safety Plan was approved by the school board on 3/28/2025. It was last reviewed with staff on 10/8/2025.

Fiscal Year 2024-25 Types of Services Funded

Services for students with special needs are provided through a comprehensive special education program. Through the support of the district administration and the cooperation and efforts of the special education and general education staff, children with exceptional and special needs are receiving appropriate educational services. All students with special needs are placed into an appropriate educational setting and receive special support either directly in the general education classroom or in a special education classroom. Students qualifying for special education services have their Individual Education Programs (IEP) monitored by IEP Teams composed of all legally required team members. Parents of special education students are encouraged to participate fully in developing their child's individual educational plan. Services for students with special needs are provided through a comprehensive special education program.

The home language survey is used to determine the primary language for each student in the district. Students with a language other than English are assessed to determine their English language proficiency. If appropriate, students are provided instruction in English language development (ELD). Students with the greatest need also receive additional ELD support through Reading Intervention. The district and school staff monitor students' ELD progress throughout the school year.

A wellness center program provides counseling services for identified students. TUPE Tobacco Use Prevention Education is funded through grants. A college and career center is available and provides services for all high school students. A shared counselor served students at Millennium High during the 24-25 school year.

TUPE Tobacco Use Prevention Education is funded through grants.

Professional Development

PUSD staff members build their knowledge of curriculum and their repertoire of instructional strategies by participating in various types of professional learning: local and national conferences, on and off-site workshops, coaching cycles, and as members of professional learning communities.

Beginning in 2018-2019 we began a model where the district, site, and teachers each determined the content of one of the three days. This year the district day focused on UDL and executive functioning, artificial intelligence, required LGBT training and anti-semitism and islamophobia. Staff selected from the wide range of topics.

Professional Development

New teachers participate in a full day professional development orientation and may be assigned a mentor as part of the Teacher Induction Program (TIP) or with Teachers Engaged in Active Mentoring (TEAM).

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2023-24	2024-25	2025-26
