Emiliano Cruz Chavez *E.L. Program Graduate*

The EL program gave me confidence when speaking English because it made me feel supported by my school and helped me believe in my abilities. The teachers and staff created a safe and encouraging environment where I felt comfortable practicing English, asking questions, and making mistakes without feeling judged. This support motivated me to work harder and stay focused on my goals. I tried really hard to pass the ACCESS test by studying consistently, practicing my speaking, reading, and writing skills, and pushing myself to improve every day. Because of the foundation I gained from the EL program, I now feel more prepared and confident in my language abilities. Currently, I am participating in a program at MCC called FLIN, where I am working toward earning a certification as a Spanish interpreter and continuing to grow academically and professionally by using both of my languages.
