2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

VVE Background:

Valle Vista Elementary is a public school within the Mt. Pleasant Elementary School District, distinguished by its focus on the Visual and Performing Arts (VAPA) program. During the 2022-2023 school year, the original Valle Vista Elementary campus was closed, and its students were relocated to the Ida Jew Academy campus. Currently, the two schools operate as a merged entity—Ida Jew Academy and Valle Vista Elementary (IJAVVE)—though this merger is not yet formalized on paper. Together, they continue to provide a robust educational experience, combining VAPA, STEAM, and ALAS programs to meet the diverse needs of their students.

About Our School:

Ida Jew Academy and Valle Vista Elementary is a TK-8th dependent charter school (IJA) and a public school (VVE) located in the Mount Pleasant Elementary School District. We serve a diverse student population and offer a coordinated instructional program for all grade levels. We are dedicated to creating a safe and caring environment. Through a problem-solving culture, data-driven decisions, and a holistic approach to student well-being, we stand out. The committed staff, comprising teachers, support staff, and administrators, collaboratively ensure that every student feels respected and valued. In addition to the programs in STEAM, Spanish-Dual Language Immersion, and Visual and Performing Arts, the school prioritizes a positive and inclusive educational experience.

Why IJAVVE?

IJAVVE fosters community engagement with opportunities for parent involvement in committees and school events. Students have access to diverse activities, including sports, council roles, and cultural events, encouraging active participation. The school's varied programs like STEAM challenges, art fairs, and science fairs promote creativity and teamwork among students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district adopted instructional materials aligned with the CA content standards. The district used a committee to pilot and adopt the most recent adoptions in English Language Arts in grades 3-8th grade and Mathematics in K-8th grade. For English Language Arts Benchmark Adelante TK-5th grades, Benchmark Advance K-2, 3rd-8th grade EL education. The district is continuing the science pilot through the 2019-2020 school year to align with the Next Generation Science Standards; the goal is to identify a curriculum for K-8 this school year and implement it in the 2020-21 school year. Although the HSS curriculum is from our most recent adoption, the district will review instructional materials for a possible pilot in 2022-2023. At the beginning of the 2022-2023 school year, the district had the annual Williams audit from the Santa Clara County Office of Education, there were no findings, and to date, there have been no reported insufficiencies. There are sufficient textbooks and instructional materials for all students.

School Facility Conditions and Planned Improvements

Ida Jew Academy and Valle Vista Elementary (IJAVVE) serve a combined total of 460 students across 20 classrooms, including a TK-8th grade continuum and one Special Day Class (SDC). The campus is fully equipped with modern technology to support a dynamic digital learning environment. Each classroom features internet connectivity, flat-screen Smart TVs, document cameras, projectors, and personal speakers for multimedia purposes. Additionally, every student has access to a one-to-one device, ensuring equitable access to digital resources. Teachers are provided with both laptops and iPads, available in each classroom at all times.

The campus is well-maintained, featuring clean and orderly facilities that adhere to district maintenance and operations standards. The beautifully landscaped grounds include a central quad area surrounded by primary and early elementary classrooms, complete with newly added picnic benches for open-air seating. Students can enjoy their meals in the cafeteria, under the overhang structure, or in the quad, allowing for socially distanced seating options.

The campus also features two playground areas—the kindergarten play area and the blacktop—which are regularly maintained with fresh tanbark to ensure safety. Two water hydration stations are located in the quad, enabling students and staff to refill water bottles while offering data-tracking opportunities for integration into math and science activities.

In 2020, the quad's four individual student restrooms were renovated into two larger, updated facilities, completed in the fall. With the passing of a new bond measure in November 2024, additional improvements are underway. Renovation projects scheduled for summer 2025 include roofing, painting, and upgrades to the playground structure. These enhancements are designed to align with 21st-century educational standards and continue IJAVVE's commitment to providing an exceptional learning environment for students.

While the ALAS program for TK-5th grade has transitioned to the MPIJA campus, IJAVVE remains a vibrant and collaborative space for STEAM, VAPA, and general education students. These efforts reflect the school's dedication to fostering a thriving, inclusive community.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2025-26 School Safety Plan

IJAVVE 2025-2026 Safety Plan

Ida Jew Academy and Valle Vista Elementary (IJAVVE) prioritize creating a safe and engaging learning environment for all students and their families. Through preventive efforts and collaborative practices, the schools work to foster a positive school climate and culture of inclusivity.

Positive School Climate

IJAVVE has implemented the Positive Behavioral Interventions and Supports (PBIS) program, also known as Building Effective Schools Together (BEST), for seven years. This program reinforces three core expectations: Be Respectful, Be Responsible, and Be Safe. Both campuses adhere to the principles of Peace Builders, incorporating activities that recognize students for good attendance, academic achievements, and citizenship. The schools have introduced initiatives like Kindness Week to reinforce these values and align them with both in-person and virtual learning environments.

Student Support Programs

The Mt. Pleasant After-school Program (MPAS) serves approximately 125 students, offering homework support, enrichment activities, and opportunities for sports and outdoor play. Counseling services are available through district counselors and community partnerships, including Preventative Early Intervention classes sponsored by the Alum Rock Counseling Center. Families in need receive additional support through bi-monthly wellness surveys and follow-up services with case managers and community-based organizations.

Campus Safety and Supervision

The IJAVVE campus is equipped with a 180-degree surveillance camera to monitor activities and ensure safety. Two custodians maintain clean and safe facilities daily. Visitors are required to sign in, enter through the front office, and wear a visitor's pass. A dedicated campus supervisor plays a key role in implementing the PBIS model and addressing safety needs, working collaboratively to enhance school culture.

Anti-Bullying and Social Skills Development

A strict "No Bullying" policy is in place, with clear consequences and counseling support to address issues. Anti-bullying presentations are conducted annually through the San Jose Safe School Campus initiative, and students are encouraged to embody kindness and inclusion.

Communication and Family Engagement

Parents are regularly updated on school activities, rules, and expectations through newsletters, school-wide phone messages, social media posts, handbooks, and weekly announcements created by the student council. The school office remains open and accessible to parents for questions and support.

Emergency Preparedness

IJAVVE conducts regular emergency drills, including Run, Hide, Defend scenarios, monthly fire drills, and participation in the Great ShakeOut earthquake preparedness program. These activities align with the ICS Incident Command System and district safety protocols.

Facility Enhancements

Recent updates include newly renovated restrooms in the quad area, two hydration stations for students and staff, and refreshed tanbark in playground areas to ensure safe play. With the passing of the November 2024 bond measure, additional renovations are planned for summer 2025, including roofing, painting, and improvements to playground structures.

IJAVVE remains dedicated to providing a secure, inclusive, and engaging environment that supports the academic, social, and emotional growth of all students.

Professional Development

Mount Pleasant Elementary School District
2025–26 PROFESSIONAL DEVELOPMENT PLAN
Curriculum, Instruction & Assessment
Overarching Instructional Goals
Build Collective Teacher Efficacy across all grade levels and teams.

Strengthen Data-Informed decision-making through consistent assessment and progress monitoring.

Improve Student Achievement with a focus on early literacy, reading growth, math proficiency, and English Learner progress.

SMART Goals (Districtwide Student Outcomes)

Reading Growth (MPAS Students):

80% will make 1.5 years of growth in reading by June 2026.

Reading Growth (Non-MPAS Students):

50% will make 1.5 years of growth by June 2026.

LTEL Reclassification (Grades 6–8):

80% will reclassify by September 2026.

Early Literacy Long-Term Target:

100% of current kindergarten students will read at grade level by June 2029.

Theory of Action

If we provide coherent, multi-layered PD aligned to district goals—and support teachers with structured collaboration, data analysis, and instructional coaching—then teachers will strengthen Tier 1 instruction, implement effective interventions, and accelerate student achievement in reading, math, and language development.

- AUGUST 2025 PROFESSIONAL LEARNING 9 hours

Theme: Clarity, Rigor & Aligned Instruction

TK: PTKLF Overview

Professional Development

Deep dive into PTKLF components
Foundational literacy expectations
Guided practice with early learning routines

K-2: mCLASS Diagnostic + Early Literacy Foundations
Administering and interpreting the screener
Connecting diagnostic data to small-group instruction
Progress monitoring aligned with early literacy goals

3-5 and 6-8: Clarity, AI Tools & Instructional Planning
Learning Intentions
Understand grade-level rigor
Reflect on expectations and instructional moves
Use AI tools to unpack standards and develop unit plans

Success Criteria
Participants will be able to:
Explain rigor in their classrooms
Identify instructional moves that build rigor (via video analysis)
Unpack standards using AI with accuracy and fidelity

COLLABORATION CYCLES (PLC Model)

- Monthly 8 Cycles 60-90 minutes each

Cycle 1 – Foundations & Equity

Establish PLC norms
Understand EL profiles and ELPAC structure
Align to district equity commitments
Set grade-level expectations for collaboration

Cycle 2 – Collective Teacher Efficacy

Study efficacy research
Review mCLASS BOY data
Identify Tier 1 + intervention supports
Define “one year’s worth of growth” for each grade

Cycle 3 – Reading Intervention Deep Dive

Learn high-leverage intervention practices
Align resources and progress monitoring tools
Plan targeted intervention blocks

Cycle 4 – ELPAC Integration

Analyze item types and scoring
Identify essential language skills by grade band
Embed ELD standards into daily lessons
Design plans to improve ELPAC outcomes

Cycle 5 – CAASPP ELA

Analyze question stems and cognitive demand
Align reading and writing expectations
Strengthen text-dependent questioning and academic discourse

Cycle 6 – CAASPP Math

Error analysis and common misconceptions
High-leverage routines (number talks, problem-solving protocols)
Develop standards-aligned tasks

Cycle 7 – Mid-Year Data Review

BOY ? MOY growth analysis

Professional Development

Adjust interventions and instructional plans
Ask: Are our moves producing equitable growth?

Cycle 8 – Instructional Coherence & Acceleration
Identify “must-have” learnings for Spring 2026
Create acceleration plans for students below grade level
Plan transition supports + summer learning
Reflect and set priorities for 2026–27

JANUARY 5, 2026 DISTRICTWIDE PROFESSIONAL DEVELOPMENT DAY (Tentative Plan) - 6 Hours

Theme: Brain-Based Teaching, Trauma-Informed Practices & Literacy Across the Curriculum
Grades TK-K-1 (Full Bloom Training)

Objectives

Build educator confidence in trauma-informed, healing-centered strategies
Strengthen early childhood SEL and self-regulation practices
Integrate aligned strategies with existing initiatives (Teaching Pyramid, Restorative Practices)
Support inclusion for neurodivergent learners and high-need classrooms

Measures of Success

90% of TK–1 teachers report increased confidence using trauma-informed, developmentally aligned strategies.
Three post-training consultations generate actionable classroom plans with documented next steps.
Pilot classrooms show improved climate and engagement (observations or self-assessments).
Leadership identifies next steps for SEL pathways, early literacy support, and coaching models.

Grades 2-5

Session 1: Teaching with the Brain in Mind

Objectives

Understand how stress, emotions, and cognitive load impact learning
Identify brain-friendly strategies that increase engagement and retention
Apply culturally responsive routines that support motivation and belonging
Strengthen Tier 1 practices through movement, pacing, novelty, and relevance

Session 2: Foundational Literacy for Upper Elementary

Objectives

Understand the continuum from decoding ? fluency ? comprehension
Use data (mCLASS + class assessments) to group students for targeted support
Integrate vocabulary, morphology, and writing into daily ELA routines
Strengthen scaffolding for ELs using sentence frames, modeling, and structured talk

Grades 6-8:

Session 1: Positive and Productive Classroom Environments (@ 2 hours)

Objectives

Learn proactive, relationship-centered practices for classroom management
Increase student engagement through predictable routines and co-created norms
Implement practices that strengthen belonging, agency, and accountability
Understand how trauma and stress impact adolescent behavior

Session 2: Reading & Writing Across the Curriculum (@ 2 hours)

Objectives

Embed discipline-specific reading and writing strategies
Use annotation, text structures, and graphic organizers to support comprehension
Strengthen argument writing, claim/evidence reasoning, and disciplinary vocabulary
Integrate ELD standards into content-area instruction

Session 3: PRISM PD

CDE Mandate- more information to follow
