

Greetings Greyhound Students and Parents.

The **2026-2027 Course Planner in SchoolLinks via the Clever app** will be open for all students next week. Wednesday, January 21st, our campus will begin course planning for all grade levels. As part of this school-wide initiative, a dedicated instructional video will be provided and played during homeroom to guide all students through the completion of the district-required SchoolLinks Course Planner, ensuring consistency and clarity across the school. During this school-wide initiative, students will follow along with a guided video designed to walk them step-by-step through the district-required SchoolLinks Course Planner.

6th graders will complete their Course Planners for their 7th and 8th grade years.

7th graders will complete their Course Planners for their 8th grade year.

8th graders will complete their Course Planners for their 9th grade year.

8th Graders ONLY, who are zoned to Bellaire or Westbury, will be provided with a hardcopy of their course options Tuesday, January 20th during homeroom. We have attached those documents below along with CTE (Career & Technology) guides for each campus.

[Bellaire 9th Grade Course Selection Form](#)

[Bellaire CTE Guide \(website\)](#)

[WESTBURY 9th Grade Course Selection](#)

[Westbury CTE Guide \(website\)](#)

All Course Plans should be completed by January 30th to allow for verification and submission. If students or parents have further questions, please contact your counselor of record. **Counselor Murphy, Alphas A-L. Counselor Moody, Alphas M-Z.**

***Parents, you are able to view and assist with your child's Course Planner via your child's SchoolLinks account in Clever. From the student's SchoolLinks main page in the left margin, students will select "Plan" followed by "Course Planner" in the drop down options.
