- Please note commendable progress over the last year.

The superintendent continues to perform at a superior level in board communication, consistent with well over a decade of exemplary practice. During a particularly challenging year involving complex budget issues, heightened media and public attention, federal-level challenges, student safety and levy elections, the Board was kept well informed in a timely manner using multiple communication channels. Communication remains a clear strength across written, email, phone and in-person formats, with prompt outreach on urgent issues and strong use of education sessions and meetings. Mechanisms for board communication continue to be updated and refined through effective use of current technologies, including board meeting reports, community communications, board education opportunities, linkages and student roundtables.

Budget-related communication stands out as an especially strong example of clear and timely effort, and overall performance in this area is exceptional and exceeds expectations.

- Please note areas for additional improvement.
