

2026-27 COURSE SELECTION SHEET –Upcoming 12th Grade (Class of 2027)

Name: _____ **Key:** *prerequisite required **audition required ^College Credit Plus (CCP)

Please circle one of the following in each subject. Seniors must be enrolled in a minimum of 5 full credits..

1. English Selection:

World Literature World Literature Honors* Journalism AP Language & Comp* AP Literature & Comp* AP Seminar
College & Career Lit & Comp College & Career Lit & Comp-Blended AP Research* MTC English Composition 1^ MTC English
Composition 2^ MTC Oral Communications (2 periods)^ CCP English (other than MTC)^

2. Math Selection:

Algebra 2* Quantitative Reasoning* College Prep Math (CSCC)* Pre-Calculus* Pre-Calculus Honors* Calculus* AP Calculus AB*
AP Calculus BC* Stats/Prob* AP Statistics* Computer Science Foundations* AP Computer Science Principles* Computer Science
Languages AP Computer Science A*

3. Social Studies Selection:

Current Issues (.5) Sociology (.5) American Government American Government-Blended AP American Government* AP European
History* AP Psychology AP World History* MTC Sociology (2 periods)^ MTC Psychology (2 periods)^
American Government is available for students who did not take it Junior year.

4. Science Selection:

Environmental Science* AP Environmental Science* Chemistry* Chemistry Honors* AP Chemistry* AP Biology* Physics*
Physics Honors* AP Physics C: Mechanics* Earth & Space Science Additional classes are listed under the pathways

Elective selection lines must have a full year class or 2 semester-long classes. Example: (Semester / Semester or Year-Long Course)

5. Elective Choice(s) #1: _____ / _____

6. Elective Choice(s) #2: _____ / _____

7. Elective Choice(s) #3: _____ / _____

DACC Program:

Accepted? Y N Waitlist

Alternative Electives: 1. _____ 2. _____ 3. _____

Alternative selections are EXTREMELY important in the case where your original choices are not available. These need to be different than your other elective choices.

ELECTIVE CHOICES (.25 or .5 denotes a semester long course, 1 credit is a full year course)

English

Creative Writing .5
 Intro to Acting .5
 Public Speaking .5
 Film & Literature .5
 Multiple Perspectives in Lit .5
 Talisman** 1
 Talisman - Broadcast** 1
 Hayes Cinematics 1
 Delhi** 1

Wellness

Health .5
 P.E.Sports & Team Activities .25
 Personal Fitness .25
 Yoga .25
 Strength & Conditioning .25
 PE Independent Study .25
 Online Health .5

World Language

Spanish 1 1
 Spanish 2* 1
 Spanish 3* 1
 Spanish 4/5 Honors* 1
 French 1 1
 French 2* 1
 French 3* 1
 French 4/5 Honors* 1
 Survey of World Cultures .5
 Spanish for Heritage Speakers 1

Musical Arts

Ensemble (Bass & Tenor) 1
 Chorale (Alto & Soprano)** 1
 Symphonic Choir** 1
 Hayes Singers ** 1
 Chamber Orchestra 1

College & Career Pathways

Career Explorations 1 & 2 (½ credit each)

This new course offering allows students to explore various careers as well as gain valuable employability skills. Students will be able to explore exciting and fast-growing career fields such as Nursing, Flight & Drone Technology, Intro to Computer Science, Robotics, Welding Basics, Computer Graphics & Game Design, and Sports Medicine. Throughout the semester, students will be actively engaged in the activities or duties of each career area, as well as learning about, training and/or certification requirements for in-demand jobs. In addition, students will learn about employability skills including resume building, interviewing, completing job applications, and developing interpersonal skills.

Advanced Engineering Technology (varying credits available)

The DCS Advanced Engineering Technology Pathway will have multiple on and off ramps for students, with the ability to start as early as the freshmen year. Hayes High School will have the opportunity to take exploratory career technology classes, earn industry credentials such as the Intel Semiconductor Certificate or a Robotic Systems Certificate, and college credit plus classes that are aligned to an Associates Degree of Science in Engineering Technology. Additionally, students participating in the pathway will be provided with opportunities to connect with business partners and institutions of higher education.

- **Manufacturing (up to 1 science credit)-** It is recommended that students have some background in Engineering/Manufacturing terminology by taking Career Explorations or Intro to Engineering. It is not required, though.
 - Exploratory Manufacturing 1 (1 semester - ½ credit)
 - Exploratory Manufacturing 2 (1 semester - ½ credit)
 - Exploratory Manufacturing 3 (1 semester - ½ credit)
 - Exploratory Manufacturing 4 (1 semester - ½ credit)
 - Semiconductor 101 (1 semester - 1 CCP high school credit & 3 college credits)
 - Manufacturing Processes (1 semester - 1 CCP high school credit & 3 college credits))
 - Introduction to Vacuum Systems (1 semester - 1 CCP high school credit & 3 college credits))
- **Engineering (up to 2 science credits)**
 - Robotics (1 semester - ½ credit)
 - Intro to Engineering (1 semester - ½ credit or .67 high school credit if taken through CCP)
 - *Engineering Diagrams and Drawings (1 semester - ½ credit or .67 high school credit if taken through CCP)
 - *Computer Aided Drafting (1 semester - ½ credit or .67 high school credit if taken through CCP)

Introduction to Health Science Careers 1 & 2 (1/2 elective credit each)

This new course allows students to gain exposure to a variety of careers in the field of health care. These include Biotechnology, Nursing, Pharmacology, Medical Imaging, Health care management, Clinical Labs, Dentistry, Speech Therapy, and Ophthalmology. Students are introduced to basic healthcare concepts including medical terminology, anatomy/physiology, and the structure of the healthcare system. Students will also learn about the legal and ethical responsibilities associated with the healthcare field. Throughout the course, students will be actively engaged in the activities or duties of the medical career area, as well as learning about, training and/or certification requirements for in-demand jobs.

In addition to the Introduction to Health Sciences Careers class, other opportunities are available in the Health Sciences Pathway for science credits:

- Human Anatomy & Physiology (1 full year high school credit)
- Medical Biology (1 semester - ½ credit)
- Bioethics (1 semester - ½ credit)
- Nurse Assistant Certification Prep, CNA Certification (1 semester - 1 CCP high school credit & 3 college credits))

Educator Academy 1 or 2 (Double Block of classes - 2 credits)

The DCS Educator Academy will be a 1 or 2 year career pathway opportunity for students interested in pursuing a profession in an education-related field such as K-12 teaching, school psychology, speech-language pathology, or school paraprofessional careers, all of which are highly in-demand. The Educator Academy will provide realistic, authentic, and hands-on opportunities for high school juniors and seniors to experience the highly rewarding field of education. Students will participate in classroom observations, assist as a classroom aid, and provide tutoring opportunities with students. In addition, students will join a nationally recognized student organization for leadership development. For students that have already participated in Educator Academy, you may sign up for Educator Academy 2 to explore the topics more in depth. College credit may be available.
