Sep 14, 2025, 05:11 PM				1		As a long time resident of Cedar Mill/West Haven/Torreyview, I would still like to see this area North of the Sunset Highway feed back into Sunset HS. Many parents moved here because they went to Sunset and wanted their kids to go to Sunset. But more important, from a financial aspect (and time, gas etc)...it seems expensive and questionable to bus students from this area in the worst possible traffic and times to Beaverton HS. Beaverton HS is 3.1 miles from this general area and Sunset HS is only 2.4miles. From the Windemere neighborhood near Multnomah County, it adds over another mile to that commute thereby almost doubling it at 4.2 miles. Please reconsider feeding this area North of the Sunset HWY back into Sunset HS.
Sep 06, 2025, 05:24 PM				1		I live in the new developments being built in Southwest Cooper Mountain area. Please consider looking closely at the elementary boundaries. We are currently slated to go to Hazeldale which is over a 15 minute drive during school hours from home. We are able to walk to Scholls Heights and get to Cooper Mountain in less than 5. We have to go past multiple elementary schools to get to our assigned school. With all the new development and enrollment changes, the boundaries need to be reconsidered. Thank you!
Sep 02, 2025, 01:48 PM				1		We purchased our home when we were zoned for Cedar Mill Elementary and Sunset High School. Now we are zoned for Beaverton High School. I don't want to drive clear across town, nor do I want my 16 year old child doing so. Also, Sunset High School is considerably closer to us. I do not support the new zoning and want the old zoning back.
