RE: 1095-C Forms

As of the 2024 tax year, the District is no longer required to provide paper copies of 1095-C Forms to employees. This form is also no longer required for your IRS tax filing.

If you would like a copy for your records, you may reach out to me to request a copy. Copies must be supplied within 30 days of the request.

As a reminder, the 1095-C Form provides details about your health coverage.
