ADVENTURE CAMP

CAMPERS ENTERING GRADES 1-5

New!
MORNING SWIM ACADEMY!

IN THIS PROGRAM CAMPERS DEVELOP AND PRACTICE LIFE SKILLS THROUGH EXPERIENTIAL, ENGAGING ACTIVITIES THAT BUILD INDEPENDENCE AND SELF-CONFIDENCE.

Campers spend their day participating in a variety of activities that encourage logical thinking, creativity, and physical education. In the mornings, all campers will participate in hands-on activities involving aspects of science and art, while also having an opportunity to have swim lessons every morning.

The rest of the day is dedicated to outdoor and indoor games and activities that encourage kids to be kids. Whether it's a water balloon toss, an exciting game of kickball or an epic game of capture the flag, campers will have different options each day to ensure they have an exciting adventure.

We also understand that our campers might need some time to rejuvenate; therefore, each day will have time dedicated for campers to participate in indoor activities as well.

SPECIALTY CAMP

CAMPERS ENTERING GRADES 4-12

WELCOME TO WARDLAW+HARTRIDGE'S SPECIALTY CAMPS!

Specialty Camps offer campers the opportunity to explore new subjects or cultivate existing interests with hands-on activities and projects. Each camp runs for 2 weeks and for half the day. The AM session is devoted to a specific subject to ensure the most in-depth, appropriate exposure to the topic as possible.

Each specialty camp has two groups; one group is for campers entering grades 4-5 and the other group is for campers entering grades 6-8. These campers join us for lunch and an afternoon of camp where they choose there options such as swimming, indoor and outdoor activities. **We do have one offering for grades 9-12 which is an AM session only.**

PERFORMING ARTS

New!
COLLEGE PREP PROGRAM!!

MUSICAL PRODUCTION SUMMER TRAINING PROGRAM

CAMPERS ENTERING GRADES 6-12

The Musical Production Summer Training Program will provide an intensive training in live performance and media production.

Students can tailor their studies to performance-only classes, audio/visual-only classes, or a hybrid of the two.

At the end of the program, students will have a variety of projects that they can use in college applications and more. The pacing of the program is designed to stimulate a realistic professional musical production.

PLEASE NOTE!
There is an application process to participate in this program that can be found at WHschool.org/Summer

COLLEGE PREP PERFORMANCE INTENSIVE

CAMPERS ENTERING GRADES 9-12

The W+H College Prep Performance Intensive (CPPI) is designed to support students interested in developing their musicianship to a higher level.

For two weeks, from July 27 - August 7, students will be trained as solo performers and attend classes to supplement their musical skills. There will be a final live performance on August 6 in which students will showcase what they have been preparing for the two weeks.

Any student in grades 9-12 can apply. Special consideration will be given to students who would like to pursue musical training in higher education. To that end, this Intensive will help students learn how best to prepare for music auditions at conservatories, colleges, and universities.

PLEASE NOTE!
There is an application process to participate in this program that can be found at WHschool.org/Summer

WARDLAW+HARTRIDGE'S SUMMER SCHOLARS PROGRAM IS...

INTENDED FOR STUDENTS ENTERING GRADES 7-12 WHO WANT AN ACADEMIC SUMMER EXPERIENCE TO GAIN EXPOSURE TO A COURSE THEY MIGHT TAKE IN THE NEXT SCHOOL YEAR,

OR

REVIEW A COURSE BEFORE MOVING ONTO THE NEXT LEVEL. WE OFFER NON-CREDIT ACADEMIC ENRICHMENT PROGRAMS FOR STUDENTS ENTERING GRADES 7-12 AND FULL CREDIT COURSES FOR STUDENTS ENTERING GRADES 9-12.

Whether you are joining Summer Scholars to give yourself an academic challenge or just want to try and prevent the "summer slide" that is so common with this age group, our students will be met with an enriching experience that is taught by talented and experienced faculty.

GRADES 7-9 (NON-CREDIT COURSES)

Students enrolled in our 7th-9th grade program will take two classes each day.

THE FIRST CLASS: 8:45am - 10:30am - students can either take Pre-Algebra or Algebra 1.

THE SECOND CLASS: 10:45am - 12pm - all students will take the Reading/Writing for a well-balanced academic experience.

ENTERING GRADES 7-8

Students entering Grades 7-8 may choose to extend the day by adding an afternoon option to join our camp activities. Students who choose this option will join one of our camp groups to participate in lunch, swimming and other outdoor and indoor activities and games each day.

SUMMER SCHOLARS

STUDENTS ENTERING GRADES 9-12

... CREDIT COURSES ...

Full credit courses are for students wishing to advance their academic studies in the summer. These courses are academically rigorous and are equivalent to a college preparatory course.

A COURSE MAY BE TAKEN FOR TRANSFER CREDIT IF THE STUDENT'S SCHOOL GIVES APPROVAL.

Wardlaw+Hartridge students taking a course must obtain approval from the department chair from the area of expertise and the Division Head. Students can choose one of the following courses:

ALGEBRA II

This course covers the study of functions-linear, quadratic, inverse, trigonometric, discrete, and recursive. These functions will be solved and graphed with and without the graphing calculator. The real number system will be extended to include rational exponents and complex numbers. (Prerequisite: Algebra 1)

GEOMETRY

This course is a study of the properties of points, lines, angles, plane figures and solids. Topics to be covered will include congruence, constructions, parallelism, similarity, perpendicularity, areas, and volumes. Emphasis is placed on deductive reasoning, mathematical proof and the postulates and theorems. Also, the elements of coordinate geometry and right triangle trigonometry will be introduced.

PRE-CALCULUS AND TRIGONOMETRY

This course expands the concepts of Algebra II and includes further study of functions and their graphs. The additional functions include polynomial, exponential and logarithmic functions, series, sequences, and limits. The six trigonometric functions which will be studied include functions of special and quadrantal angles, fundamental identities, graphs, inverse trig functions, applications and trigonometry equations. Parametric equations and polar graphing will be included as well.
