Course Registration

It is our hope that your experience with us during your high school career is filled with many academic and personal successes. In order to help create some of those successes the Registration Guide will assist you in making intelligent and conscious decisions about course selection. Delano High School prides itself in offering a wide array of learning opportunities. Planning a high school program to meet your unique needs and interests is a process to be taken seriously and one that involves myriad choices and decision. While your success is paramount to us, it begins with personal responsibility to evaluate and plan your course offerings. The following suggestions may help you in this process:

- Discuss your career plans with parents, counselor, and teachers.
- Select courses that meet Delano graduation requirements, Minnesota graduation standards, and Minnesota Academic Standards, as well as your future educational and career goals.
- Do not select classes based on your friends' choices or on your impression of the instructor. Your

DHS Registration Guide Appendix: Planning Your Path

Choosing the “right” courses at DHS starts with the discovery of a student’s strengths and goals. Students are encouraged first, to discover their career interests. Second, students should determine which post-secondary learning is required or beneficial to those career goals. Finally, students should explore the opportunities available at Delano High School which will further prepare them for that endeavor. [Consider watching this video](#) which outlines the concept of Flipping the Decision.

When making preliminary decisions about potential careers, students are encouraged to use the various tools linked below:

- [MN Department of Employment and Economic Development](#) - Discover job trends in our area
 - [Slides on the importance of CTE](#)
- [Wright County Partnership](#) - Learn more about opportunities in our area
- [K12 Navigator](#) - Get connected to area businesses to find mentorship/internship opportunities/more
- [Strengths Finder Tools](#) - Not sure what you would be good at? Use these tools for insight
- [Career Interest and Personality Inventory tools](#) - Complete different inventories to explore options
- [CareerWise](#) - Explore different fields of education and explore the job market all in one place
- [Xello](#) - Discover different occupations available, related to each career
- [Xello](#) is a comprehensive site that allows students to identify their skills, talents, and interests and matches those to specific career possibilities. Students can also create online resumes for job search for
