

THE CAMPAIGN
FOR THE
FOUNDATION
of our FUTURE

A HISTORIC MOMENT

At St. Andrew’s School, we have always believed in creating a community where every student is known, supported, and challenged. For almost five decades, that belief has guided generations of families. Today, it is inspiring one of the most ambitious efforts in our history.

Thanks to the remarkable generosity of our community, we have raised just under \$4 million toward *The Campaign for the Foundation of our Future*, the largest fundraising achievement ever at St. Andrew’s School.

This momentum has already reshaped the student experience. New turf

athletic fields now welcome our athletes, PE classes, and families, reflecting our commitment to innovation in every corner of campus. Endowment has doubled over the past five years.

As we look ahead, we are entering the next vital phase of the campaign: building a performing arts facility that honors our strengths and prepares St. Andrew’s for the future.

The progress is unprecedented. The vision is clear.

With your help, the next chapter will *inspire*.

“Our community has always lifted St. Andrew’s forward. Together, we’re building a future worthy of our students, our city, and our mission.”

KELLEY WALDRON, Head of School

A Community That **LIVES THE ARTS**

At St. Andrew's, the arts are part of who we are. With **70 percent of our students participating in the visual arts, band, orchestra, theater, or choir**, creativity is woven into the fabric of daily life.

Imagine a space designed for what our students are capable of, where creativity can grow without limits, collaboration is encouraged, and every performance is fully supported. A place that reflects the excellence, leadership, and learning already happening every day at St. Andrew's.

To honor the strength of the arts at St. Andrew's, ***now is the time*** to build a performing arts facility.

"When you have kids study the works of Bach, Verdi, or Rimsky-Karsakov, they climb into the mind of a genius. They must take everything apart and put it back together. In effect, students borrow their genius. Imagine what that does for their capacity for imagination and exploration."

FRED DEVYATKIN, Orchestra Director and Strings Teacher

THE REALITY WE FACE

Since we launched *The Campaign for the Foundation of Our Future*, construction costs continue to rise. To remain responsible stewards of every gift, St. Andrew's is focused on completing the campaign by building the performing arts facility.

PHASE 1: COMPLETE

- Turf Fields
- Stronger endowment

PHASE 2: PERFORMING ARTS FACILITY

- Close to 50 percent of the campaign goal raised
- Additional funding required: approximately \$4 million

We share this information with transparency, gratitude, and confidence that our community will help bring this project to life.

This will not simply be a building. It will be the place where all students can pursue their creativity and connect with other students across the arts disciplines. It will be a place where

Talent is nurtured.

Confidence is born.

Futures are shaped.

Our student artists are ready. What they need now is a stage worthy of their gifts.

"By giving to this campaign, we are honoring our children's potential and the potential of all St. Andrew's students for years to come."

DAVY AND LAUREN CLAY, Parents, Campaign Co-Chairs

‘

"For me, this campaign is about our children and community. We want our children to do great things for the place they call home. Making a gift to The Campaign for the Foundation of Our Future is one small way to help make that happen."

TIM AND ELYSSA MINTON,
Parents, Campaign Co-Chairs

"The secret to St. Andrew's success lies in our willingness to go out and pursue new levels of excellence."

CHRISTIAN DEMERE AND
ROB DEMERE,
Honorary Campaign Chairs

,

BUILT TO *INSPIRE*

A performing arts center will amplify what makes St. Andrew's extraordinary. By uniting all arts offerings under one roof, the facility will be a place where every student is known, encouraged, and given the confidence to discover who they are and what they can achieve.

State-of-the-Art Auditorium

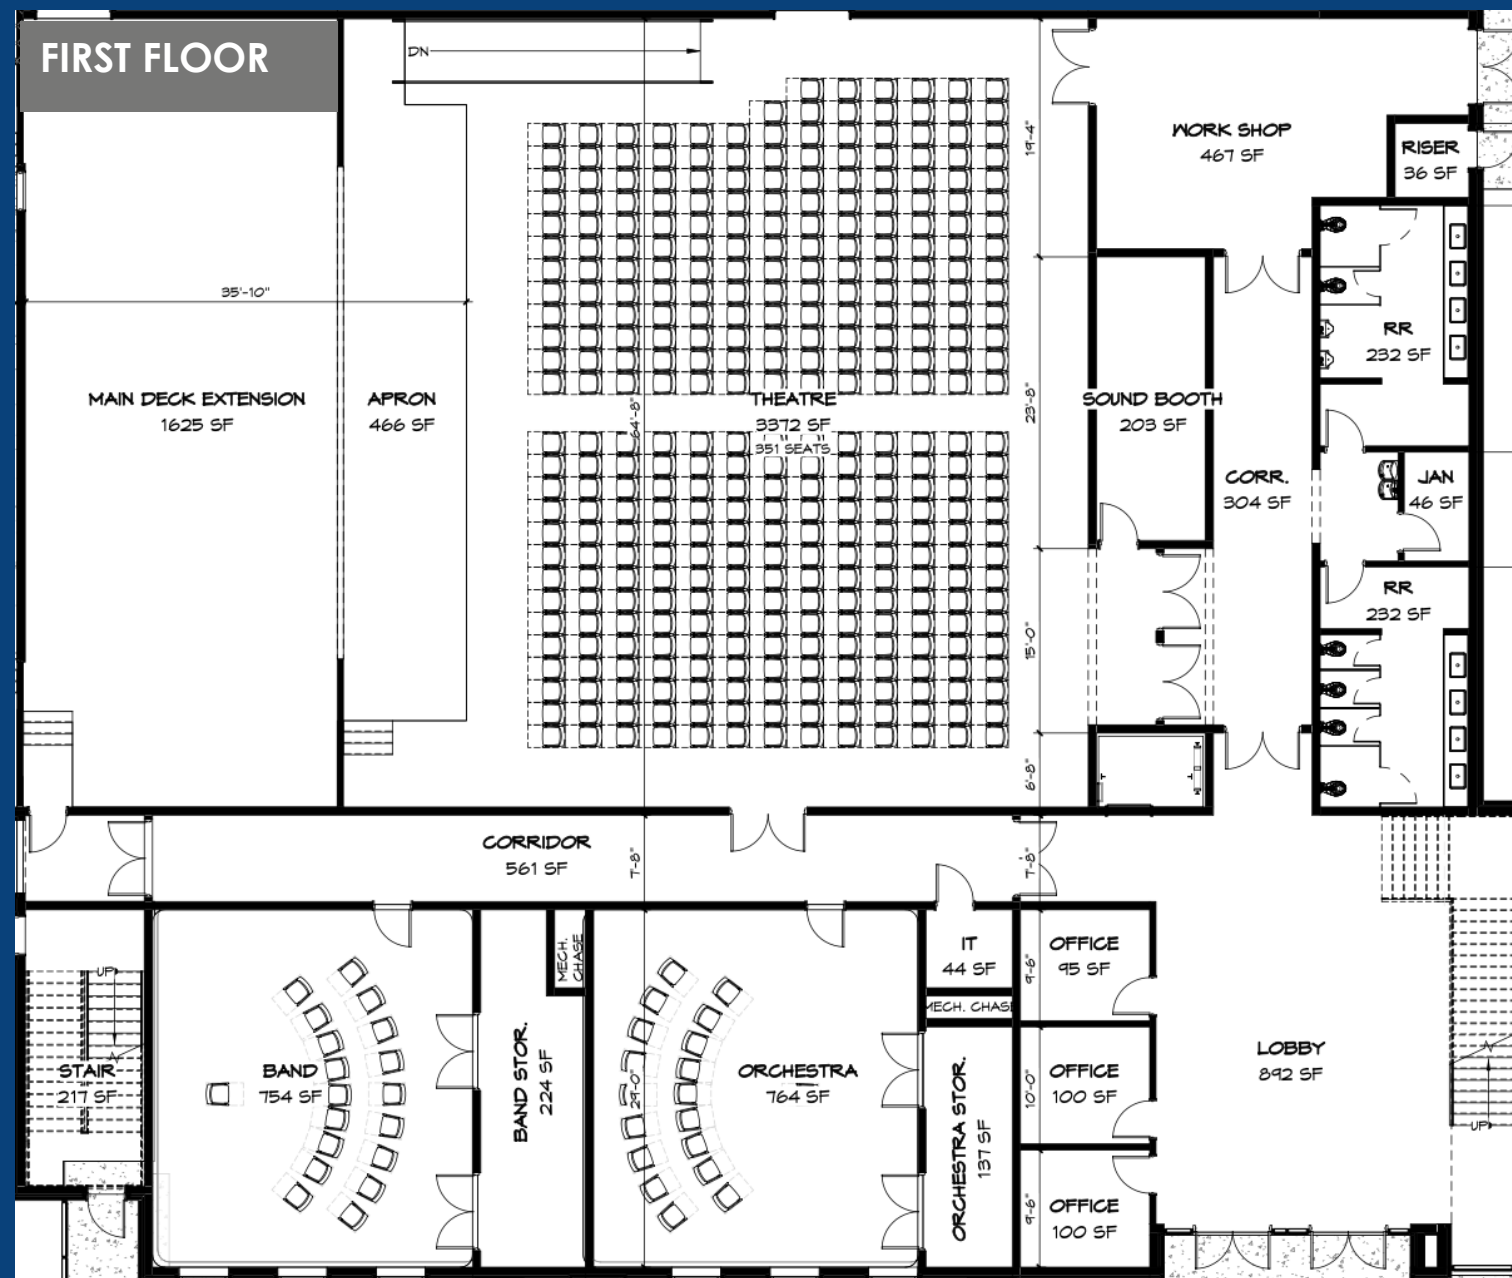

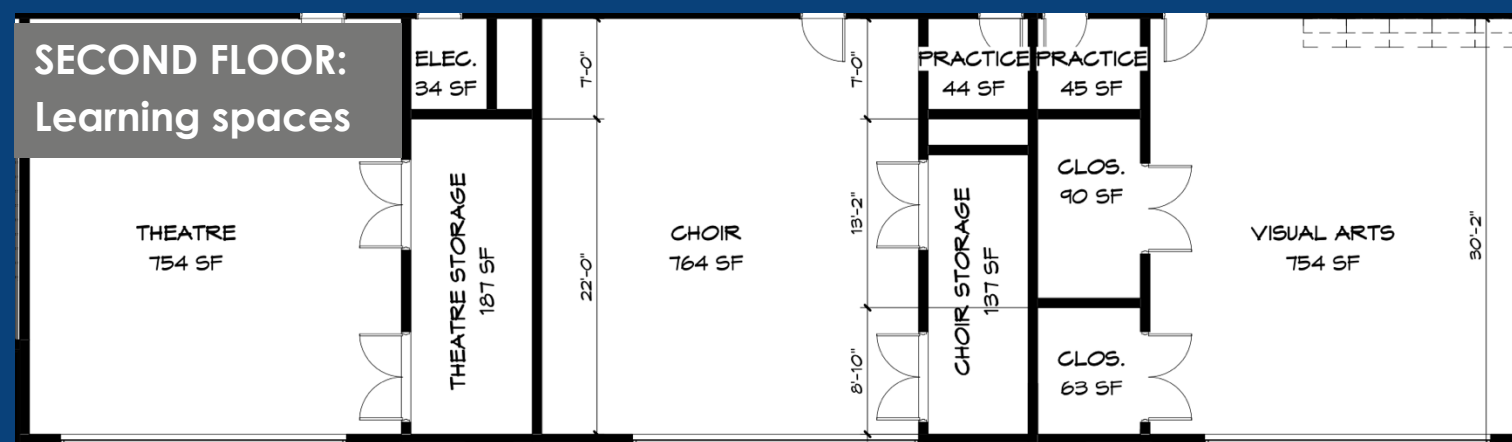

Performances will take place in an open-floor auditorium seating more than 300 guests. With a full stage, backstage, and wings, a dedicated set design workshop, and a professional tech booth for sound and lighting, students will finally have the space they need to create, rehearse, perform, and shine.

Classrooms for Creativity

Students across arts disciplines will learn and rehearse in bright, naturally-lit spaces designed for sound, collaboration, and creativity. Spacious, purpose-built classrooms will allow band, orchestra, choir, and theater to welcome every interested student, giving us larger and more dynamic ensembles. Designated arts spaces will also free up classrooms across campus, providing additional instructional space for academic classes and our growing student body.

Stronger Community

The new center will bring our community together for schoolwide assemblies, concerts, college fairs, and special events. It will also foster collaboration with local organizations, opening new opportunities for student creativity while increasing St. Andrew's visibility and leadership throughout Savannah.

The Stage Is Set.

The Moment Is Now.

St. Andrew's has always advanced through the strength of its community. Today, we stand at a defining moment.

With your support, the performing arts facility will complete the next chapter of *The Campaign for the Foundation of our Future*, ensuring that St. Andrew's continues to be Savannah's unrivaled leader in education.

Your gift will provide students the opportunity to discover their gifts, hone their talents, excel on the stage, and learn lessons that will shape them long after they have graduated from St. Andrew's.

We invite you to join us by:

- Making a new gift or multiyear pledge;
- Exploring naming opportunities within the new facility;
- Becoming a leadership donor during this pivotal phase; and
- Sharing the campaign with fellow St. Andrew's families and alumni.

Together, we are building a campus that honors our mission, strengthens our programs, and upholds the values that make St. Andrew's the best place in Savannah for a student to learn, grow, and thrive.

Thank you for believing in this vision.

*Thanks for laying the foundation
for our future.*

***“When students are given space
to explore their creativity,
powerful things happen. A new
arts building will encourage
students as they discover who
they are and how they
contribute to the world.
This space will help cultivate the
next generation of artists,
thinkers, and leaders.”***

JOCQUE WARNER,
Director of Fine Arts and Choral
