“The vibes in AVID make school more manageable for me. I appreciate the time we get in AVID to work together as well as to strengthen my overall skill set. Also, the AVID college visits are great ways to learn more about universities.”

“One of the things that I enjoy about AVID is the community that comes with it and how you really get to make connections with not only the people in your class but in the other classes too. Another thing that I enjoy about AVID would be opportunities that I get that I wouldn’t have to be able to take part in if I wasn’t apart of AVID.”
