Escandon, Ana C 0:03

well.

OK. Let me see. I was looking December. It was October, October, right? Yeah, it was sometime in October.

It was sometime in October.

OK, let me just start.

Torry, Melinda V 1:27

I can't hear. Is it going on? I can't hear.

Bluitt, Jacquelyn E 1:55

Yeah, I love. You gonna really not find love.

Lofton, Darcele L 2:13

OK.

And anyone here.

Sorry, can you hear me now?

Torry, Melinda V 2:51

Yes, I can hear you.

Lofton, Darcele L 2:58

Hey, I'm not sure.

OK. I think I heard see somebody saying they can hear now. OK. All right. So let me back up because I do want to make sure we understand that these meeting dates are tentative. We may receive guidance from the district that we may have to make adjustments to these dates and if we do.

We will make sure that we send you the calendar invite in time to make arrangements to attend.

So our upcoming events include after school tutorials, which begin January 27th. Our Map Glow Party for our students will be on January 30th and EB Night will be on February 5th.

One moment.

My apologies.

Coming soon, we will have our Black History program on February 26th. For this program, we will have VIP seats available for sale as a school fundraiser. The cost will be \$10. It will be first come.

First serve.

For budget updates, our general fund balance, you should be able to see on the screen there and then we have our Title 1 balance available for you to review as well. We did receive some additional funding back since we went over our projected enrollment, so we are excited about that.

That so we're able to support our students through interventions and also by purchasing any supplies or materials they may need. Our current attendance is at 95.6%. Our district goal is that we meet.

96%, so we're right there, close to our goal, still striving to meet that 96 percentile goal of funding loss. We usually get our funding loss via A4 E system.

However, this year the A4E system is no longer available, so I'll be working with the budget department to determine what the funding loss is. So I'll hopefully have that by our next quarter three meeting to be able to share because that is significant for our campus.

It does impact the upcoming school year's budget.

Testing updates. We do have our very important emerging bilingual exam coming up. It is called the TEL Pass exam. The window opens on February 17th and will close on March 5th. This does help us determine and impact our domain 3 accountability rate.

So we want to make sure that students also are focused on these days and do well to meet their goals. Our goal is to make sure that every student grows at least one proficiency level.

We were selected also to complete district field tests. This will impact our 3rd through 5th grade students only and will be held on February 4th and 5th.

Other tests include our map, which we will continue on tomorrow for select students, circle for our pre-K students and Dibbles and Lectura for our kindergarten through 2nd grade students.

We do have some practice review dates as you see on the screen for January 22nd, February 18th and March 5th.

Spring intervention begins, as I stated, the week of January 26th. We will start on that on the 27th. I do believe. Let me make sure I'm telling everybody the right information. I'm sorry, we start on January 26th, that Monday.

And so our schedule is as follows. On Mondays we have reading and Wednesdays is reading as well. And then we have math on Tuesday, Thursday, excluding one of our cohorts and that cohort does know who they are.

Our tutorials will end on April 9th and it is invite only. The reason it is invite only is because we want to make sure that we're able to meet the needs of the individual students and if we have a full class, we will not be able to.

Meet those needs. So we utilize student data in order to select the students who did receive the invitation for spring intervention.

Upcoming holidays include February 13th. There will be a professional development day for our teachers and staff. February 16th will be President's Day and also we do have our upcoming spring break that will be March 9th through March 13th.

This concludes our meeting for this afternoon. Are there any questions that I can answer at this time?

You can either come off mute or raise your hand.

I do see someone typing in the chat, so I will give them a moment.

OK. If there are no questions, we do appreciate your time. And again, please look out for the next invite for our quarter three meeting. Have a great evening.
