

OUR PHILOSOPHY

Transition Services in the Lenape Regional High School District is built on the belief that all adult students with diverse abilities deserve the opportunity to live fulfilling, self-directed, and meaningful lives.

The LRHSD is committed to providing high-quality transition services that empower adult students to move confidently from high school into adult life. Our staff focus on developing essential life, social, and vocational skills that foster independence, self-advocacy, and community involvement.

Through individualized instruction, hands-on experiences, and supportive relationships, we encourage each student to recognize their strengths, build new skills, and become contributing members of society. Our program centers on dignity, respect, and an unwavering belief in every student's potential.

Transition to Adult Program

PROGRAM FUNDAMENTALS

Self-Determination & Self-Advocacy

We help students learn to make choices, set goals, take responsibility, and express their needs.

Key Skills include:

- identifying strengths, interests, and future plans
- making informed decisions with appropriate guidance

Academic & Functional Curriculum

Students participate in continued and new coursework focused on functional life skills that support independence, such as: self-care & daily living skills, job readiness skills, money & home management, and social communication skills.

Courses include:

- Pre-Vocational Skills
- Community-Based Training
- Retail Careers
- Living Skills
- Adaptive Physical Education

Community-Based Instruction (CBI)

CBI allows students to learn and practice skills in real-world environments such as stores, workplaces, and restaurants, building confidence, independence, and a sense of belonging.

Work-Based Learning

Students explore careers through job sampling, internships, and supported work experiences with staff coaching and curricular support. Career clusters such as food & beverage, retail, childcare, elder care, and administrative work help students explore career interests.

Transition Assessments

This ongoing process helps students identify their strengths, preferences, and future goals. This information guides planning for employment, education, independent living, and community participation.

Inter-Agency Collaboration

Working closely with community agencies and organizations, such as DVRS, DDD, POSES, TLC and other community partners, ensures a smooth transition from school to adult life.

**Expanding horizons
and paving the way
for the future!**

Preparing for a Successful Future

Transition Services in the LRHSD is proud to partner with families and the community to help each student achieve their personal goals and prepare for a meaningful adult life.

**Together, we
support
independence,
purpose, and
lifelong success!**

For additional questions regarding transition services, please contact your student's LRHSD case manager.
