## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

The John McCandless STEM Charter School is a district dependent charter school that aims to offer a world-class, 21st Century education for children, close the achievement gap, and promote interest in Science, Technology, Engineering, and Mathematics (STEM). John McCandless STEM Charter School provides a standards-based curriculum with an emphasis on preparing students for life-long learning by developing their abilities to read, write, listen, speak, and problem solve. In addition, all students use technological, mathematical, and scientific principles in real-life applications through daily classroom instruction and extended day enrichment programs. The STEM school serves grades transitional kindergarten through 8 with the belief that meaningful integration of STEM within education should start early. STEM teachers and staff will support student development by integrating Project Based Learning into the curriculum.

The mission of John McCandless STEM Charter is to provide a comprehensive, outstanding quality education, with an additional emphasis in science, technology, engineering, and mathematics to prepare all students for success in a rigorous middle school and high school curriculum.

The vision of the John McCandless STEM Charter School is to be a leader in STEM education, preparing and inspiring our learners to meet the challenges of the 21st century through innovation, collaboration, and creative problem solving.

The goals of John McCandless Charter School are as follows:

- Provide all students high quality classroom instruction, and equitable access to a broad course of study and standards aligned curriculum.
- Maintain the achievement of all students (including English Learners, Socioeconomically Disadvantaged and Students with Disabilities) in reaching high academic standards and attaining proficiency in ELA and Mathematics.
- All students will have a safe and supportive school culture, climate, and learning environment to promote academic achievement and physical and emotional health.
- Engage parents and community members as partners to work collaboratively to support and enhance student achievement.

## School Facility Conditions and Planned Improvements

John McCandless Charter School is housed in one recently remodeled facility. The 6-8 building campus consists of a main building which houses the administration office, gym, multi-use room and several student restrooms.. The 4-5 building is occupied by Resource Specialist, Counselor, and After School Program. It consists of 6 classrooms. The Tk- 3 building features the Media Center/ Library, Maker Space, SLP Room, Auditorium, administration office, and 2 restrooms. All facilities have high speed wireless internet access. In addition, there is a second floor staff only conference room, custodial office and staff lounge, with restroom. The school is cleaned on a regular basis. We have a lead custodian during the day when school is in session and we have night custodians to clean the classrooms and restrooms after the students have gone home. Each custodian takes pride in the way our campus and grounds look. The District Maintenance crew mows regularly and is on call for repairs through a work order system. The principal, teachers, and campus supervisors monitor campus grounds for 30 minutes before and after school as well as at all recesses and at lunch time. Teachers regularly review the rules for safe, responsible behavior in school and on the playground. Campus is closed and secure. Visitors are asked to enter the school through the main door at the front of the campus and check in. Everyone must sign in at the office, where they receive a photo badge to wear until they check out to leave campus.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	38	44	28	30	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

The John McCandless STEM Charter School regularly consults with parents/guardians regarding the Charter School's educational program. Volunteer opportunities will be made available to all parents/guardians, with the expectation that parents/guardians contribute a minimum level of volunteer effort to the Charter School. School Site Council, Coffee with the Principal, English Learner Advisory Committee ("ELAC"), Parent Teacher Student Association ("PTSA"), and parent surveys allow parents opportunities to participate in and provide feedback regarding educational programming at the Charter School. Parents are invited to participate in the classroom and attend evening events to promote a greater sense of community. Parent teacher conferences and academic parent teacher team meetings are held at least twice a year to increase parent involvement in education. Opportunities for Parent/Family volunteer service are described in enrollment documents, student/parent handbooks and/or student orientation information. All parent involvement and volunteer opportunities are also published on the school webpage, newsletters, email, and social media. Please contact John McCandless STEM Charter School at (209) 888-0160 for parent involvement opportunities.

## 2025-26 School Safety Plan

Emergency Response Procedures were developed in coordination with the California Safe Schools program and are revised and updated each year with the support of LUSD security and LUSD School Resource Officer. These are detailed in the School Safety Plan and support responses needed depending on the type of emergency. The staff is trained on procedures to follow during an emergency. The staff and students participate in regular drills to practice the procedures. The School Safety Plan was last reviewed and updated in February 2025.

The Lincoln Unified School District Emergency Plan is a prime example of community partnership and cooperation. After analysis, discussion, and consensus by school district administrators, local law enforcement, emergency first responders, county emergency services, community members, and countless others, this document has evolved into a comprehensive and cohesive emergency planning guide for Lincoln Unified Schools. The guidelines and protocols included in this Emergency Plan meet both federal and state standards as established by NIMS, the National Incident Management System and SEMS, California's Standardized Emergency Management System.

## Professional Development

Lincoln Unified School District provides two professional development days for staff annually as part of the contract, with site based follow up scheduled during the year. John McCandless STEM Charter staff has an additional professional development day to focus on project based learning, STEM, and building community. Early dismissal on Mondays also provides teachers with additional time each week to collaborate and articulate with other grade level or department teachers. Teachers work in teams to analyze data, determine essential standards and plan instruction. Professional learning is provided to support implementation of new curriculum, best practices and instructional strategies to support the achievement of all students. In addition, new teachers are provided with three days of professional learning before the start of school each year. Our goal is to continue to have a highly trained professional staff that supports success for all students in the classroom. Lincoln Unified School District and John McCandless STEM Charter is committed to supporting staff through quality professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
