-
- We gave a brief overview of the steps taken in realignment.
 - We discussed the overall goals of the renovation to create additional classrooms, develop commons space for students, modernize and improve libraries and teacher planning areas
 - We provided an update on the overall design plans and the collaboration with stakeholders.
 - We have discussed a renovation schedule that finishes interior renovations and additions at West and East prior to grade realignment in 26-27. The South addition will complete during the 27-28 school year.
 - We are closely monitoring financial expenditures against original budget estimates and are on track.
