

BYU Dual Immersion

Presented By :
Denise McCullough

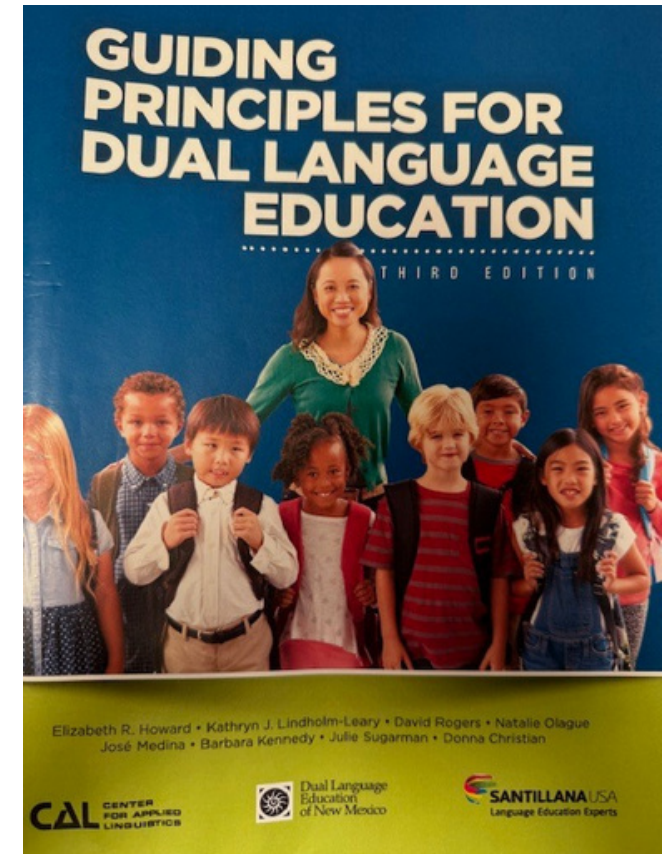

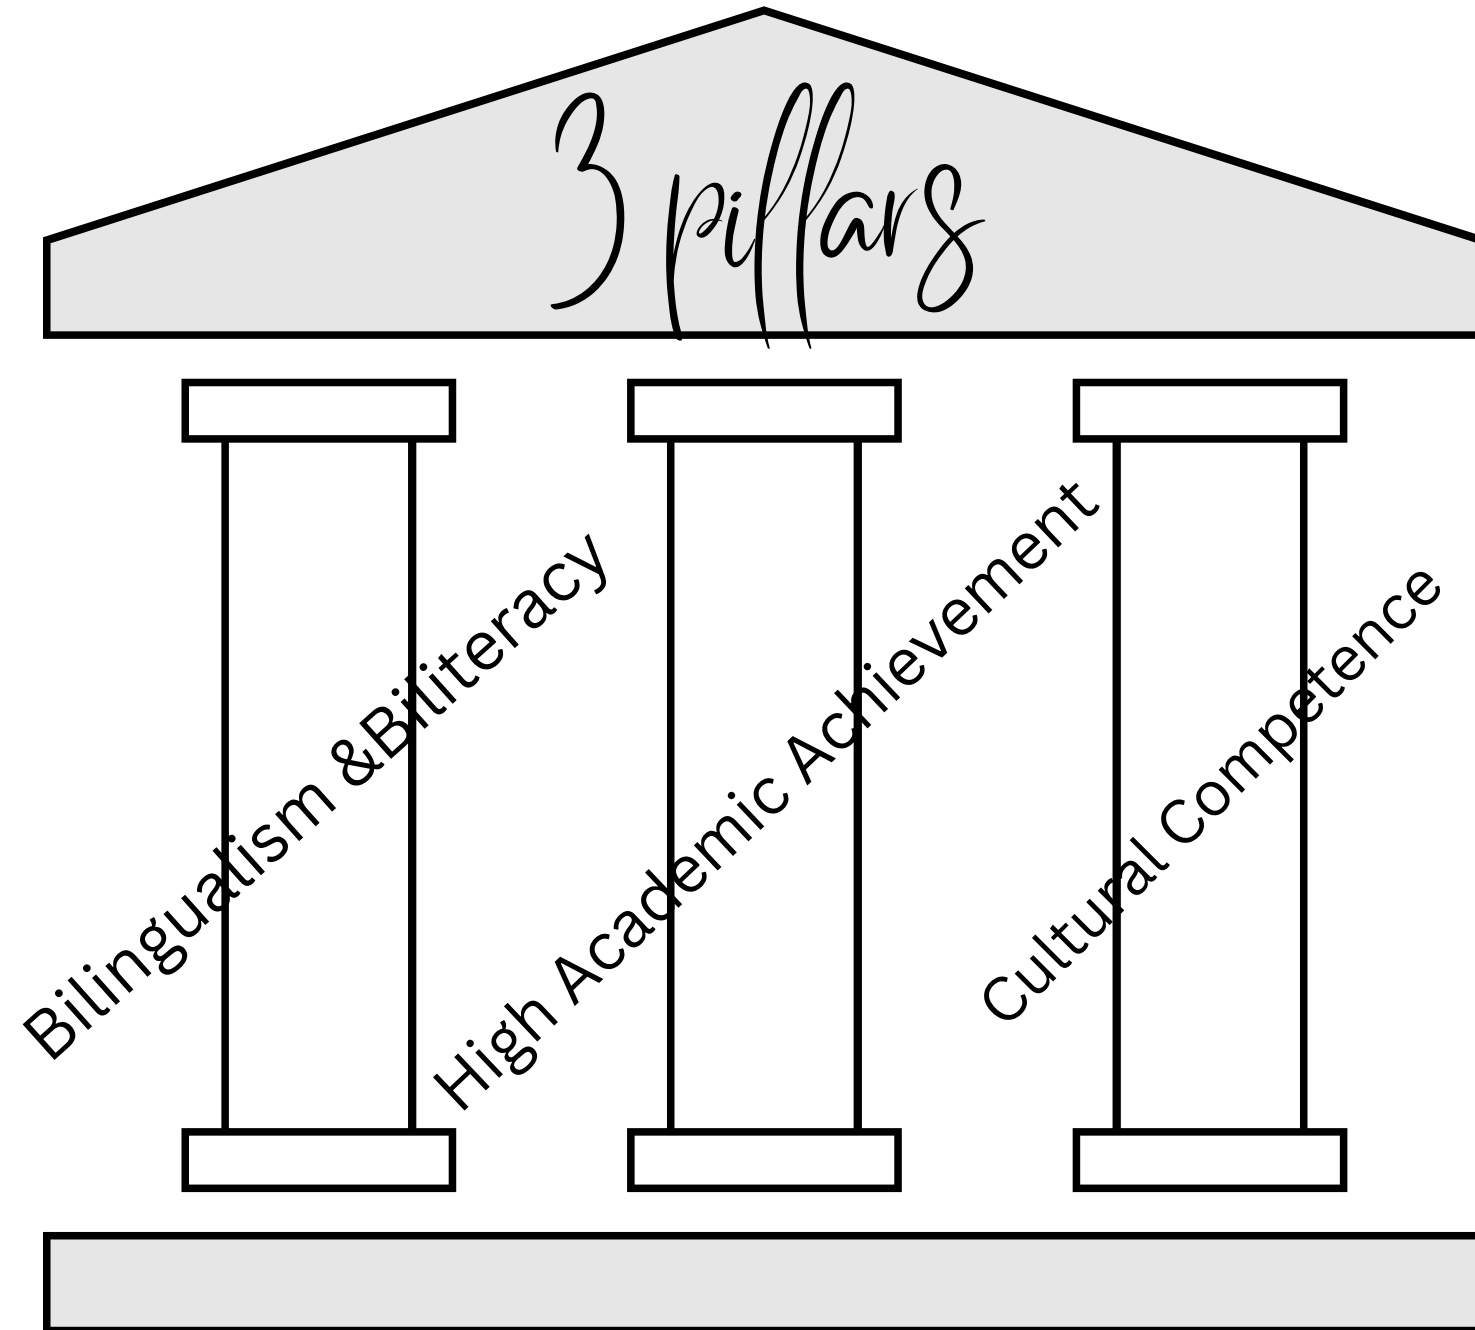

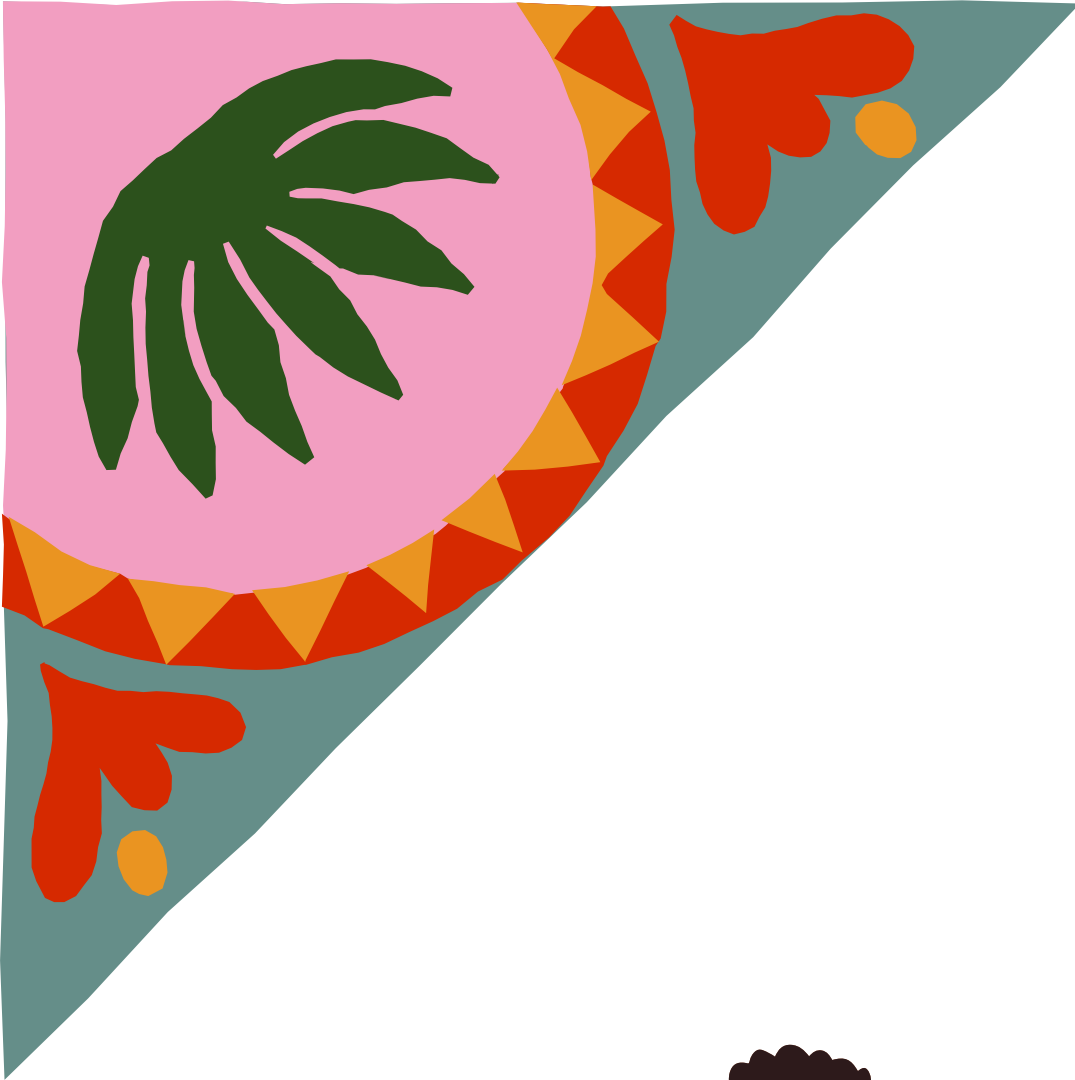

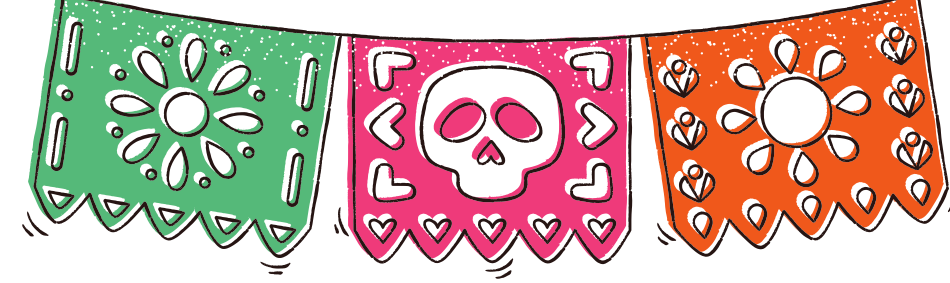

What it means for our district to offer a Dual Immersion Program to our community

- Views Spanish, and bilingualism/biliteracy as an asset
- Creates an environment where the community feels like they are being seen and valued
- Develops positive attitudes and appreciation of languages, cultures, traditions that are different from their own
- Deepens understanding of others, connectedness
- Increases stakeholder investment- attracts families and staff who believe in dual immersion vision

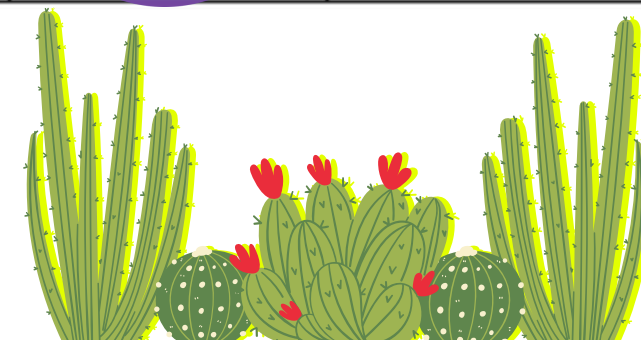

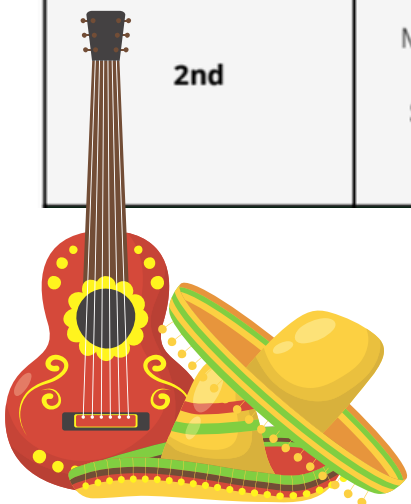

Goals of the Program

Curriculum Needs in both languages
