

# Eastview High School

## Class of 2030

### 9<sup>th</sup> Grade Registration Worksheet

Name:

Student ID#:

#### Registration Overview:

At Eastview, the school year is split into four nine-week quarters, and each day has seven periods. This means students can choose up to 28 courses each year (4 quarters x 7 periods = 28 courses). Each course you take during a quarter is worth 0.75 credits. If you take a year-long course, it adds up to 3 credits (0.75 credits x 4 quarters).

As a ninth grader, you need to pick between 24-28 courses for the year. Selecting 28 courses will give you a full schedule. You need to select at least 24 courses; any leftover periods will be filled with study halls. Your final schedule, including study halls, will be created during the scheduling process and available for you to view online in mid-August.

#### What courses should I take?

Use this worksheet to guide your selection process. Full-year required core courses (English, Social Studies, Mathematics and Science) are listed below; choose one sequence in each category and select all four quarter courses (Q1/2/3/4) to meet the full-year requirement. Required PE/Wellness courses are listed next. There are **18 required courses** to take freshman year; make sure you have selected/circled 18 courses on this page.

This leaves you with **up to 10 elective choices**. Elective courses are listed on the next page of this worksheet, with full-year courses first (World Languages, Choir and Band), and quarter electives at the end. Courses with pre-requisites and other recommendations are identified with an \*; complete descriptions and additional details can be found online at [www.evhs.district196.org/academics/registration](http://www.evhs.district196.org/academics/registration).
