- Limits:
 - 30 Eligible Hours per academic year (see district website/handout for how this is calculated).
 - 120 Eligible CCP Hours total 7-12
 - **Summer term begins academic year**

Student's Maximum Credit Hours (To be completed by Public/Community School Representative only):

Line A: # of high school based credits taken during academic year Line B: Number from line A, multiplied by 3 Line C: Number from line B, subtracted from 30

(a) X3 = (b) , then 30 - (b) = (c)

If maximum credit hours are not listed, registration will not be completed.

Max Allowable Credits

Student's Maximum Credit Hours (To be completed by Public/Community School Representative only):

Line A: # of high school based credits taken during academic year Line B: Number from line A, multiplied by 3 Line C: Number from line B, subtracted from 30

(a) X3 = (b) , then $30 - (b)$ = (c)

If maximum credit hours are not listed, registration will not be completed.

Example:

High School ONLY Credits (a): Honors English III (1), AP Precalc (1), AP Gov (1), Environmental (1), Graphic Design (0.5), Health (0.5), Theatre III (1) = 6

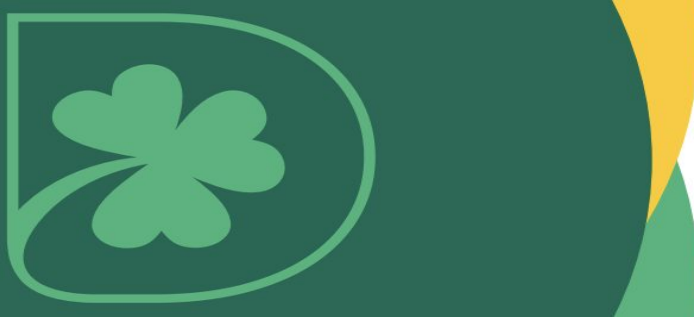

(a) 6 x 3 = (b) 18, then $30 - (b)$ 18 = (c) 12

A student would have a total number of 12 college credits they can may earn during that academic year (Summer/Autumn/Spring)

 - Grades will be factored into the student's GPA
