

**YELLOW MEDICINE EAST
LITTLE STINGERS**
Preschool Program

January 21, 2026

Dear Families,

Bert Raney Elementary School would love to have your preschool child join us for the 2026-2027 school year!

Enclosed you will find information on our preschool programming for the 2026-2027 school year. We currently have three options available for your child, which include: Bumblebees, Honey Bees, and Busy Bees.

Our Bumblebee preschool program offers all day, every day preschool for four and five year olds, which coordinates with our regular school calendar! We are excited to be able to offer our Bumblebee children a variety of meaningful hands-on learning experiences, which include but are not limited to: literacy, social-emotional skills, physical fitness, music, and art.

Our Honey Bee preschool program offers all day preschool, three days a week for three and four year olds and our Busy Bee preschool programming offers two days a week for three and four year olds. Please see the enclosed information for additional details. All of our programs offer hands-on learning experiences!

All classes enjoy a free school breakfast offered shortly after arrival each morning. School lunches are also free, however, you are welcome to send a lunch from home if you prefer. A healthy snack, typically fruit, is also provided daily. In addition, transportation through Bennett and Bennett Transportation is available for all preschool children. Please note, the free meals are subject to available funding from the state. We will notify parents of any additional meal fees prior to the start of the school year if funding changes.

Registration applications accompanied by the \$25 non-refundable deposit are accepted on a first-come, first served basis. Please review the enclosed information and let us know if you have questions.

Sincerely,

Mrs. Lisa Hansen, PreK-5 Principal
