School Mission Statement

Attucks Middle School's mission is to provide a quality and personalized education to all students, in a supportive, innovative, and secure environment while providing unique educational opportunities in the study of Communications, Broadcasting Arts, and Digital Media

School Community

Attucks Middle School serves 495 students enrolled in grades 6-8. The student population's ethnicity comprises 42.0 % Hispanic and 48% Non-Hispanic students. Additionally, we serve a diverse population made up of 228 White 46.1%, 236 Black 47.7%, 1 Native 0.2%, 5 Asian 1.0%, 1Pacific 0.2%, and 52 Multicultural 4.3 % students.

The administration includes Principal Cassandra Adderley and Assistant Principals Eli Atlas and Fatima Williams. Attucks Middle is proud to offer the many unique programs which provide students with opportunities. These include Television Production & Broadcast Arts in communication magnet as well as the Cambridge program. During the book selection process books are selected to support these programs as well as the diversity of the student population, age appropriateness, recency as well as overall appeal to school stakeholders.

Purpose of Collection Development Policy

A school library collection development plan serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida statutes, the District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs

by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

A Collection Development Plan Serves Several Important Purposes:

Statutory Compliance: A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.
District Alignment: Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.
Supporting curriculum: The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.
Student needs assessment: It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.
Selection criteria: The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.
Budget management: It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.
Collection maintenance: The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.
Community engagement: It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Attucks Middle indicates that the average age of the collection is 2005 and the number of books per student is 10.5. The American Library Association has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Attucks Middle does meet the recommended standards for the number of books per student.

Library Program

The library program at Attucks Middle School has a flexible schedule where teachers can bring their classes to the media center. Students can also visit the media center with a pass, or with their Language Arts teacher/class rotating schedule. The media center program supports Reading Across Broward, Book Club, Books on Wheels, Literacy Nights and literacy promotions such as Scholastic Book Fairs and Beanstack reading challenges.

Besides facilitating student access to books and information, the media center hosts faculty PLCs, prints student IDs, facilitates classes doing research, classes checking books out and accessing online resources. Offers Multi-cultural themed book displays and resources, hosts testing, Scholastic Book Fairs and SAC & SAF meetings, student competitions and celebrations. Essentially the media center is a central part of the school.

The media center was been renovated a continuing effort is under way to bring the entire collection to comply with recency standards and to select books that are current, relevant, age appropriate, inclusive, such as increasing the number of books in Spanish to support the Spanish speaking student population. Increase the number of high interest/low level books to attract reluctant readers. A major focus is also on selecting materials that support the Television Production and Broadcast Arts Magnet program and Cambridge curriculums.

School Analysis

The school analysis provides an overview of the school's enrollment, demographics, and special programs.

Scope of the Collection

Students and teachers can use Clever or Canvas to access age-appropriate materials that support educational and social-emotional needs through the following online resources: Follett Destiny Online Library Catalog, Gale Online Databases and eBooks, Beanstack, and Sora by Overdrive.

School media centers provide access to library media materials that eliminate educational barriers based on gender, race/ethnicity, national origin, color, religion, disability, age, sexual orientation, gender identity, expression, or other protected group status and that are free of bias, stereotypes, distortions, and prejudices. This includes the ability to obtain information in a variety of formats -electronic as well as print, without fear of censorship or reprisal.

Collection Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the

input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)

Selection of Materials

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

Responsibility

The School Board of Broward County is legally responsible for all matters relating to the operation of the Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

***In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

***NOTE:** Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.*

Criteria for Selection of Print and Non-Print Materials

1. Materials are selected to support the mission of Attucks Middle School.
2. Materials are selected to enrich and support the curriculum and the educational, emotional, and recreational needs of the users.
3. Materials shall be appropriate for the age, emotional development, ability levels, learning styles, and social development of the students.
4. Materials shall represent differing viewpoints of controversial issues so that users may be motivated to engage in critical analysis of such issues, to explore their own beliefs, attitudes, and behavior, and to make informed choices in their lives.

In keeping with the ***Library Bill of Rights,*** materials will be considered based on the following:

- Needs of the curriculum, learning/teaching styles of students, faculty, and staff
- Possible use of material (including small or large group instruction, in-depth study)
- Level of physical, artistic, and literary quality
- Representation of multiple viewpoints
- Treatment of subject and lack of cultural bias

- Scope of coverage
- Support of inquiry and critical thinking skills
- Relationship of the material to the overall collection
- Cost, packaging, and documentation

Gifts and Donations

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

Collection Maintenance

Removing materials from a library collection that are no longer educationally appropriate is as an equally important process as selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should

be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

Reconsideration of Materials

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights.
