

Northpark News

WyTopp

The Wyoming State standardized test (WyTopp) begins at the 3rd grade level. Our Northpark team has been working hard to align all grade levels to support our 3rd grade students with their assessment. They will take the Summative Assessment in the areas of Math and Reading in the spring.

Beyond Textbooks

Our district continues to implement Beyond Textbooks curriculum for Reading, Writing and Math. Please click the [HERE](#) for a direct link to the BT Parent portal where you can see what students are learning and how to support at home.

School Wide PBIS

Please ask your students about the positive behavior incentives happening here at school. Activities range from reading to other classes to game room and gym parties. Quarterly Awards are also celebrated to continue to make Northpark a positive place to learn and grow.

Please access our school calendar [HERE](#) for updates on school events
