2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Theodore Judah Elementary is one of 21 elementary schools in the Folsom Cordova Unified School District. Located in the city of Folsom—approximately 15 miles east of Sacramento—our school serves a culturally and socioeconomically diverse community. We follow a traditional academic calendar from August to May, with school hours from 8:15 AM to 2:45 PM. During the first month of the 2024–2025 school year, we enrolled 626 students in kindergarten through grade 5. Demographic data from that year shows our student population was 41.4% Asian, 26.4% White, 17.9% Hispanic, 11.2% Two or more races, and 2.2% African American.

At Theodore Judah, we respect and celebrate individual differences. Our staff and administration are committed to inspiring students to become lifelong learners. We serve both general and special education students in TK through fifth grade. A distinguishing feature of our school is the Academy for Advanced Learning, a selective program that serves gifted and high-achieving students from across the district and nearby areas. In addition to our neighborhood program (“Core”), we currently offer two Academy classes per grade level in grades 1 through 5. Our current classroom configuration includes Preschool and 2 Transitional Kindergarten (TK) classes, 2 Kindergarten classes, 4 First grade classes, 4 Second grade classes (2.5 Core, 1.5 Academy), 4 Third grade classes (2.5 Core, 1.5 Academy), 4 Fourth grade classes (2 Core, 2 Academy), and 4 Fifth grade classes (2 Core, 2 Academy).

We implement the California Common Core State Standards using state- and district-adopted instructional materials. Chromebooks are available in every classroom to support student learning.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 14, 2025, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Theodore Judah Elementary is comprised of 26 classrooms, a multipurpose room/cafeteria, a library, a staff lounge, a computer lab, a science lab, a learning center, and a playground. The school was built in 1950, 1953, 1958, and 1959 and was modernized in 2002 and 2019. Portables were added in 1998 and 2000. This site houses an Academy program. There are four storage containers and two sheds on site. There was a modular building to house Full Day Kindergarten and Transitional Kindergarten placed on site in 2023. The principal communicates regularly with the custodial (three full-time) staff to ensure the school is maintained to provide a clean and safe environment. The district governing board has adopted cleaning standards for all schools in the district to which Theodore Judah adheres. A summary of these standards is available at the district office for review.

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the school office, at the LEA office, or on the Internet at <https://www.fcusd.org/departments/maintenance-operations/covid-19-info-cleaning-standards>. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school

School Facility Conditions and Planned Improvements

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service, and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. For the 2025/2026 school year, the LEA has budgeted 3% percent of the LEA's general fund budget for the deferred maintenance program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent involvement is a valued part of our school culture. Our active Parent Teacher Organization (PTO) organizes events, provides classroom funds, and supports school-wide initiatives. A dedicated parent coordinator helps facilitate volunteer clearance, communicates with families, and promotes engagement across the school. We believe strong relationships are central to a positive school culture. Our active community volunteer program includes parents, high school students, senior citizens, business partners, and faith-based organizations. Many local organizations contribute time and resources, including Intel, which annually awards funds based on volunteer hours.

These contributions help us enrich programs and create meaningful opportunities for all students. Our teachers collaborate to cultivate a responsive, inclusive environment focused on both academic success and social-emotional development.

2025-26 School Safety Plan

Theodore Judah School is safe and clean. Classrooms, restrooms, and eating facilities are cleaned regularly. All county and district Covid protocols are followed. Any safety hazard that is reported is reviewed immediately and resolved. Safety plans are reviewed each fall. Our school is participating in the School Emergency Response plan based on the Incident Command System that Emergency Services uses. Each month Theodore Judah practices a fire drill. Every other month we conduct a lockdown drill. We hold an active shooter drill once a year. In the 2024-2025 school year, two (2) accidents were reported on campus.

Our Comprehensive School Safety Plan (CSSP) encompasses disaster procedures, fire escape routes, school conduct code and discipline, sexual harassment policy, and child abuse reporting. Starting this year, there is a new format to the CSSP. While we are updating our plan to match the new format and template, our existing CSSP remains and is followed.

Fiscal Year 2024-25 Types of Services Funded

In addition to general state funding, Theodore Judah receives supplemental state and federal funding through various categorical and support programs, including Title II: Supporting Effective Instruction, Title III: English Learners and Immigrant Student Program, Title IV: Student Support and Academic Enrichment, Learning Recovery, Educator Effectiveness, LCAP Supplemental Funds for English Learners and Low-Income Students, and the Expanded Learning Opportunity Program. Data Sources: Data within the SARC was provided by Folsom Cordova Unified School District, retrieved from the 2024-2025 school year SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and the community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Professional Development

Folsom Cordova Unified School District provided staff with three professional development days this school year. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service training is provided through Professional Learning Communities (PLC) training, lead teachers, Teachers on Special Assignment (TOSA), and site-level academic, reading, math, science, and technology coaches. Professional development was also offered on the Science of Reading (SOR), English language development, Positive Behavior and Intervention Supports (PBIS), and on other instructional practices. FCUSD district staff work collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options.

Theodore Judah's staff completes all district-required training. Our professional development focus continues to be in the area of Social Emotional Learning (SEL) and Professional Learning Communities (PLCs). Our staff attended training in Responsive Classroom (RC) over the last three years. Many of our staff have attended PLC training and development over the last five years. We are continuing our focus on RC and PLCs this school year with training and focused staff learning time.

It is the goal of Theodore Judah Elementary to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision-making, or handling peer pressure. Site teachers, principals, and mental health specialists identify students in need of support. We use Second Step curriculum along with staff-selected focuses to explicitly teach all areas of the Collaborative for Academic, Social, and Emotional Learning (CASEL) standards. We have a monthly SEL focus, and teachers deliver targeted learning units to focus, student attention to the focus.

This table displays the number of school days dedicated to staff development and continuous improvement.
