## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

present while planning for the future.

### School & Community Profile:

Folsom Lake High School (FLHS) was established in September 1998 to provide an alternative educational setting for Folsom residents. The school operated on a traditional calendar, with new students enrolling each week. Folsom Lake High School students could have access to a wider variety of elective credits than what had been historically offered. In addition, students with IEPs would have more options in terms of SIA support and all the services available on a large, comprehensive campus. Folsom Lake High School offers personalized learning support for its students. This includes regular meetings between families, students, and their guidance counselors. Personalized schedules to meet their needs through a combination of classes delivered via APEX and both A-G and non-A-G classes delivered at Folsom High School.

The school is supported administratively by Mr. Howard Cadenhead, Principal of Folsom High School, Mrs. Louise Cranston, one of the Assistant Principals at Folsom High School, and Dr. Jim Huber, Assistant Superintendent of K-12 for the Folsom Cordova Unified School District. Other supports from Folsom High School, as well as the district as a whole, are available as needed to Folsom Lake High School. Mental health support is provided by the Folsom High School mental health specialists and identified special education students are case managed by Folsom High School teachers.

Direct instruction during class and “facilitated lab time” is the approach to academics at Folsom Lake High School. Students receive direct instruction and work independently within the APEX online curriculum. Students are placed in “a-g” (when appropriate) ranked classes, electives, and 9-week recovery or intervention classes based on the district's Edmentum, and individual student needs. Student placements are re-evaluated throughout the year based on teacher observations, grades, Edmentum scores, and transcripts. Integration of technology such as Smart TVs, Apple TVs, iPads, and 1-1 Chromebooks in every classroom assists with students' access to the curriculum. Technology integration supports 21st Century Learning as well as curricular goals and enables students to build job skills.

Students at Folsom Lake High School with an Individual Education Plan (IEP) are part of the caseload of Special Education Teachers at Folsom High School, which communicates IEP requirements (accommodations/modifications) to teachers and support staff, monitor progress on student learning goals, facilitate IEP meetings, provide SAI where needed, etc.

Enrollment at FLHS as of Dec. 2, 2024, is 37 student's

12th grade: 20

13th grade: 17

Asian - 5.4%

Black or African American - 8%

White - 30%

Hispanic - 43%

Two or more races - 13.5%

Students at FLHS participate in all state testing. Juniors take the California Assessment of Student Performance and Progress (CAASPP) test each year, and English Language Learners (ELL) will take the yearly English Language Proficiency Assessments for California (ELPAC). FLHS closely monitors attendance and suspension rates, as well as each student's progress toward graduation. Staff uses the Positive Behavior Interventions Support (PBIS) a tiered intervention process to monitor student performance and interventions, and as a way to establish positive relationships with students.

There is a strong desire for the Folsom Lake High student body to maintain a sense of school community, and Folsom High strives to promote this vision. FLHS students are able to participate in FHS activities, including athletics, clubs, and graduation.

### WASC

Folsom Lake High successfully completed a visit in the spring of 2023 and was awarded a 3-year accreditation that will be up for review again in June 2026.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 14, 2025, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

Folsom Lake High is located on the Folsom High campus and uses Folsom High facilities. The following addresses Folsom High's "School Facility Conditions and Planned Improvements":

Folsom High School/Folsom Lake High is located along Highway 50 and serves the growing city of Folsom in Sacramento County. Single-family homes, apartments, and business structures continue to be built at a rapid pace. A new community, Folsom Ranch, is currently under development on the south side of Highway 50 and is expected to add 10,000 new homes, a new high school, a middle school, and five elementary schools over the next decade or so. FHS, built in 1922, was the first high school within FCUSD and moved to the present campus in the fall of 1998, and has 101 classrooms. The campus sits on sixty-five landscaped acres abutting a reservoir and includes several athletic facilities and fields as well as a professional theater. Even though the facility is 22 years old, it maintains an overall good state of repair, and many who see the campus for the first time mistake it for a community college. The school includes a Learning Resource Center (library), TV studio, theater complex, stadium complex, seven computer labs, two gymnasiums, a weight room, a dance room, science labs, a food service area, and many academic classrooms. In November of 2014, the Folsom Community overwhelmingly passed the Measure G schools bond in order to support the addition of new school facilities and to support facility upgrades, technology, and infrastructure updates.

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the school office, at the LEA office, or on the Internet at <https://www.fcusd.org/departments/maintenance-operations/covid-19-info-cleaning-standards>. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The LEA participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2025/2026 school year, the LEA has budgeted 3% percent of the LEA's general fund budget for the deferred maintenance program.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 Career Technical Education Programs

Folsom Lake High School Students have access to all courses and pathways available at Folsom High School.

Folsom Cordova Unified School District defines its career pathways following the 12 Elements of High Quality CTE Programs and the requirements of Perkins V (Strengthening Career and Technical Education for the 21st Century Act). The Career Technical Education (CTE) Programs at Folsom High School prepare students for college and career readiness.

The CTE programs are offered in five industry sectors and seven pathways. The industry sectors include Health Professions, Arts, Entertainment and Design, Engineering and Architecture, Information and Communication Technology, Manufacturing and Product Development. The programs concentrate on the following pathways: Graphic Design, Film/Video Production, Architectural Design, Engineering Design, Product Innovation and design, Systems Programming, and Work-Based Learning. Pathways are supported by two to three course sequences that offer rigorous, hands-on, project-based learning. The courses offer A-G college preparatory status and early college credit through California State University, Sacramento, dual enrollment with Folsom Lake College, and AP exams.

CTE courses include Digital Art 1, Digital Art 2, AP Digital Art, Video Production 1, Video Production 2, TV Occupations, Engineering Technology, Advanced Engineering Technology, Honors Civil Engineering & Architecture, Advanced Drafting & Architecture, Exploring Computer Science, Computer Science & Programming, AP Computer Science A, Manufacturing &

## 2024-25 Career Technical Education Programs

Product Design, Advanced Manufacturing & Product Design, Honors Manufacturing & Product Design, Patient Care and CTE Internship.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, common formative assessments, presentations, projects, portfolios, industry certifications, and other means. Summer work-based learning is available through the District's CTE Summer Preceptorship Program.

The support and development of student leadership, professional skills, service learning, and work-based learning is supported by the Career Technical Student Organization SkillsUSA.

The CTE Advisory boards for each industry sector meet at least once a year and are composed of stakeholders, business partners, college representatives, and students.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Folsom Lake High School does not have a formal Parent Teacher Student Association organization. However, community volunteers have been active on campus during the school year. All parents are part of the enrollment process and participate in an orientation program. We encourage parent participation in our annual "Back to School Night". Parents are encouraged to keep in contact with the principal and with their students' teachers, and they have done so with frequent regularity. Folsom Lake High School utilizes Power School Parent Portal, an online communication program made available to parents by the district. Parents are able to monitor the academic and attendance progress of their students on a daily basis. Parents are also represented on the School Site Council. The following parent organizations that are currently active at Folsom High School also support families at Folsom Lake High School:

The Parent Teacher Student Association (PTSA) is committed to supporting quality education and good health and welfare for all Folsom High School students. The PTSA meets once a month. They welcome new parents and encourage them to get involved.

The Athletic Booster Club supports all the sports programs and offers parents an opportunity to become involved in their son/daughter's athletic endeavors. Athletic booster club members often develop new friendships with parents who have similar interests.

The Music Booster members are dedicated to promoting music education for all students. They support events and competitions hosted by Folsom High School. Whenever possible, they work collaboratively to assist the middle schools and partner with local civic organizations.

The School Site Council (SSC) is comprised of parents, students, and staff. The SSC's basic principle focuses on the individuals who are most affected by the operation of their school and provides them with a major role in the decision-making process regarding how their school functions. The SSC annually develops and revises the school's site improvement plan.

Parents have recently served on the school's Positive Behavior, Intervention, and Support/Challenge Success team, which has worked with Stanford University to improve the achievement and health of all students.

Parents are also serving as parent representatives on the school's Culture and Diversity Student Council, which includes 87 students, 5 teachers, 2 counselors, 2 administrators, 1 mental health specialist, and 3 parents.

## 2025-26 School Safety Plan

As Folsom Lake High School is located on the Folsom High School campus, they follow the Folsom High School safety plan. The following addresses the Folsom High School Comprehensive Safety Plan:

The safety of students and staff is a primary concern of Folsom High School/ Folsom Lake High School. If a safety hazard has occurred, it is immediately reported and resolved. Safety plans are reviewed and revised during both the fall and spring semesters.

Folsom High School / Folsom Lake High School participates in the "Hour Zero" emergency program. Emergency plans have been developed for almost every conceivable situation. Folsom High School's "emergency plan and procedures" and the school's unique "emergency supply bag in every classroom" program are considered to be a model program by the Sacramento County Fire, Police, and Community Agencies.

Two (2) student accidents were reported during the 2024-2025 school year.

## Professional Development

Folsom Cordova Unified School District provided staff with three professional development days this school year. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service training is provided through Professional Learning Communities (PLC) training, lead teachers, Teachers on Special Assignment (TOSA), and site-level academic, reading, math, science, and technology coaches. Professional development was also offered on the Science of Reading (SOR), English language development, Positive Behavior and Intervention Supports (PBIS), and on other instructional practices. FCUSD district staff work collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options. Professional development was also offered in the areas of Shared Unit Design, creation and use of common formative assessments, Accountable Talk strategies English language development, Building Thinking Classrooms, grading and more.

FCUSD district staff work collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options.

In addition, Folsom Lake High School teachers, administrators, and counselors utilize the Professional Learning Community (PLC) model to develop goals for the school year that are aligned with the school's Western Association of Schools and Colleges (WASC) Action Plan and Single Plan for Student Achievement (SPSA) goals aligned with the district's Local Control and Accountability Plan (LCAP). Folsom High's instructional and cultural leadership is provided by the Leadership Team and Guiding Coalition which are comprised of representatives from each department and other volunteers. Whole staff professional development is provided when appropriate. Instructional Aids receive professional development on a monthly basis.
