

JOIN US FOR VOICES AT THE CENTER: A BIPOC LEADERSHIP AFFINITY CIRCLE

Looking for a space to connect with your peers that nurtures community and offers leaders of color a place to share and honor lived experiences?

If the answer is yes, we invite to join 21CSLA and On the Margins' BIPOC Affinity Series- spaces are intentionally designed to support leaders of color with shared identities to come together for reflection, learning, and mutual support. These spaces honor lived experience, nurture community, and provide leaders of color a place to grow without the burden of code-switching or over-explaining.
