Brief description of requirements:

Brief description of product/outcome(s):

We recommend that both student and professor agree to some semi-regular meeting times apart from class. We also recommend that both parties keep a copy of this agreement for mutual understanding. Finally, we remind the faculty member to assign a final grade with the H option next to the grade when the module is completed. If you have questions about modules, please check the Honors web pages for examples, and do not hesitate to contact the honors director for more information.

This form must be submitted to both the registrar's office and the Honors program director.
