ATHLETIC LOCKERS

If you choose to sign up for an Athletic Locker class, please:

Scan and complete the Athletic QR code and indicate Boys or Girls Locker with the sport you are playing, on the registration form.

For example: “Girl’s Locker – Soccer” or “Boy’s Locker – Basketball”

ADVANCED PLACEMENT (AP)

VS.

DUAL ENROLLMENT (DE)

Rigor: College level course and content

Overseer: AP curriculum & exams are provided through College Board

Exams: Pass the AP exam to earn college credit at many colleges & universities; usually a 3, 4 & 5 are passing and determine the amount of credit

Fees: AP exam fees are due in November; AP exams are taken in May; no book fees

Grades: AP exam scores are not available until the following school year; they do not count for high school grades

Expectations: Students enrolled in AP courses are strongly encouraged to take the AP exam

Post-Secondary Credit: Students & their families should research potential colleges & universities to see what AP exam credits they accept.

Rigor: College level course and content

Overseer: DE is through Chandler-Gilbert Community College or the University of Arizona

Grades: College credit is earned with the grade of a C or higher in the class; all DE courses are weighted classes (honors or AP)

Fees: Registration, fees, and due dates are set through CGCC (or U of A). The fees are due early in the school year or semester and should be paid online directly to the school. There are no book or material fees.

Classes: ACPHS offers more DE options than any CUSD site, but cannot guarantee what those will be from year to year; the courses are based on teacher availability & qualifications

Staffing: ACPHS teachers that meet the qualification to teach at a college teach DE courses on site as adjunct faculty; students never step foot on the college campus

Expectation: Seats for DE may be limited, so failure to register and pay by due dates could result in removal from one teacher to another teacher of the same course

Post-Secondary Credit: Students & families should research colleges & universities to determine which schools will accept DE credit

ACPMS REGISTRATION DATES

ACPHS COUNSELORS WILL RETURN TO ACPMS ONE-ON-ONE MEETINGS
TO REVIEW AND COLLECT REGISTRATION FORMS ON:

DECEMBER 8, 9 & 12

MATH PLACEMENT @ ACPHS

#5 SOCIAL STUDIES

#6 ZERO HR

Last Name: _____ First Name: _____ CUSD ID#: _____

- ❖ Freshmen must enroll in a minimum of 6 credit bearing courses, per Governing Board Policy IKF. Ninth grade students will be enrolled in courses 1st hour through 6th hour.

Core Course Selection: Select one course for English, Math, Science and Social Studies, paying attention to the pre-requisites. Use the QR codes when instructed to do so. Indicate if you will be taking the course at ACPHS (on-campus) or through COA.

ENGLISH ☐ ACPHS ☐ COA	English 9 ENG100	Honors English 9 ENG105	Pre-AP English 2 ENG Completion: Pre-AP English 1	 Honors English 9 ← Zero Hour
MATH ☐ ACPHS ☐ COA	Algebra 1 MAT100	Geometry MAT200 Completion: Algebra 1	Honors Geometry MAT205 Completion: Algebra 1	Algebra 2 MAT300 Completion: Geometry
	Honors Algebra 2 MAT305 Completion: Geometry (Honors Recommended)	Pre-Calculus MAT400 Completion: Algebra 2	AP Pre-Calculus MAT415 Completion: Algebra 2 (Honors Recommended)	AP Calculus AB MAT435 Completion: Pre-Calculus
	AP Calculus BC MAT445 Completion: AP Calc AB or Instructor Approval	 Honors Algebra 2 ← Zero Hour	 AP Pre-Calc ← Zero Hour	Math Teacher Signature: _____
SCIENCE ☐ ACPHS ☐ COA	Biology SCI200	Honors Biology SCI205	Chemistry SCI300 Concurrent/Completion: Biology & Geometry	Honors Chemistry SCI305 Concurrent/Completion: Biology & Geometry
	AP Biology SCI215 Completion: Pre-AP Biology or Biology & Concurrent/Completion: Chemistry	Honors Biology Zero Hour Use QR Code →	 	Honors Chemistry Zero Hr ← Use QR Code
SOCIAL STUDIES ☐ ACPHS ☐ COA	World History & Geography SOC100	Honors World History & Geography SOC105	AP World History & Geography SOC115	 World History & Geography ← Zero Hour

- ❖ ZERO HOUR: Zero hour is only available based on student demand and teacher availability. I understand that signing up for zero hour is a year-long commitment & I must provide my own transportation. Freshmen in zero hour will be required to take seven courses. Zero hour meets Monday through Friday from 6:30am – 7:20am. If there are not enough students to form a zero hour class (i.e. Honors Biology Zero Hour), those students will be placed in that class during the typical school day (1st, 6th periods).

- ☐ Yes, I want to enroll in zero hour if one of my courses is offered before school. (Use the QR codes above.)
- ☐ No, I do not want to enroll in a zero hour class

- ❖ ZERO HOUR ELECTIVES: The following elective courses may be offered during zero hour. Complete the QR codes for any course that you would like to sign up for and include it in your Electives/Alternates on the next page.

 Spanish 1 ← SPA100 Zero Hour	 Honors Spanish 3 ← SPA305 Zero Hour	 AP Spanish 4 ← SPA405 Zero Hour
 Speech & Debate ← ENE180 Zero Hour Try-out/Teacher Approval Required	 Culinary 1 ← CUL100 Zero Hour	 Culinary 2 ← CUL200 Zero Hour
Competitive Drill Team / Honor Guard AFJ500 at Hamilton High School ← Student must also take AFJORTC course 1 st hour at HHS & a COA course 2 nd hour due to return time		

#7 ELECTIVES

❖ 7TH HOUR: 7th Hour meets after the typical school day. Marching Band and Color Guard meet from 4:00pm-6:00pm and students earn school credit. Freshmen still must enroll in class periods 1-6, in addition to Marching Band or Color Guard.

❖ DUAL ENROLLMENT: If you plan to sign up for Dual Enrollment (DE) for any of your courses, please use the QR code and indicate which subject areas. Not all courses offer DE options; it depends on course description, teacher qualifications, and our partnerships with Chandler-Gilbert Community College & University of Arizona. If you select DE, but do not enroll and pay with the college, there is the possibility that you could be moved into another section or teacher's class to make sure that all enrolled DE students have the opportunity for DE credit.

❖ The master schedule and hiring decisions are based on student requests made during student registration. **All schedule change requests must be made prior to Thursday, April 2nd.** Please consider your course selection very carefully, as we will be unable to accommodate schedule change requests after that date.

Elective Course Selection: Freshmen students typically have 2 class periods each semester for elective courses. Use the attached spreadsheet to choose your elective course preferences. Include all four Alternate Options as well. If you do not get your top selections, you will be placed in your alternates. **If you do not include alternate options below, you will be placed in open classes without consultation.** For each Elective or Alternate you will choose 1 Year Long Class or 2 Semester Long Classes per row.

❖ Incoming Student Curriculum Night is Thursday, December 4th at 6pm in ACPHS's Performing Arts Center.

❖ Musical Performing Arts: Please use the QR code below and complete the Google Form if you selected band or orchestra for electives or alternate courses.

❖ Athletics, Spiritline & Dance: Please use the QR code below and complete the Google Form if you plan to or think that you will participate in athletics, spiritline or dance in the upcoming school year. (This is not a promise or commitment to tryout.)

Registration Information and Reminders:

- ❖ No schedule change requests will be accepted after April 2, 2026.
- ❖ The only schedule changes that will be considered when students start school in July for the 2026-27 school year are below. Those changes will be made in the first 10 school days.
 - A gap or missing class (i.e. no 3rd hour)
 - Double booked class periods (i.e. scheduled for Algebra 1 and Biology, both in 4th hour)
 - You took and passed or failed a class in summer school, which necessitates a course change
 - A course requires a pre-requisite that a student has not met
 - Seniors only: Need a course for graduation requirements
 - Changes are not made for lunch period, teacher changes, or to be in a class with peers
- ❖ Courses dropped after the 20th day of school may result in a W/F on the transcript
- ❖ Students are not allowed to remain on campus during class periods designated for COA; we do not have a study hall or place to hang out during that time
- ❖ Dual Enrollment courses are never guaranteed, and placement is based on available seats. If you select DE on the registration form but do not actually enroll, your schedule may change to make room for students that enroll and pay for DE
- ❖ Students must spend at least half of the day at ACPHS to maintain an ACPHS student primary enrollment line
