2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Each and every child is compassionate, confident, and feels successful, academically prepared, and able to make meaningful, positive impact in their lives, the lives of others, and the world around them. Alameda Unified School District is committed to upholding our community's core values of equity and excellence for every student by providing inclusive and safe conditions for learning that challenge and support every student to be culturally competent and prepared for college, career, and community participation

Edison School is a neighborhood school nestled in an urban school setting. It includes approximately 470 students in grades kindergarten through fifth, a committed staff, and a robust Parent Teacher Association. It is a close-knit community of dedicated

staff and supportive parents who work together to ensure all our students thrive as caring, prepared citizens, as referenced in the school's vision statement "Edison Elementary School is an inclusive community of learners committed to developing responsible, well-rounded citizens through the acquisition of academic and social skills". The entire school community undertakes efforts to show caring and understanding, which take various forms:

- The Edison community takes care of ourselves: Students work hard to reach their fullest potential, as well as using Lifelong Guideline skills such as Respect, Responsibility and Effort. Teachers at Edison use a caring, yet structured approach in guiding and facilitating student learning and achievement.
- The Edison community takes care of others: Our school, district and community all support the idea that Everyone Belongs Here. Through programs such as Socioemotional Learning (Toolbox and Soul Shoppe Peacemakers), Positive Behavior Interventions and Support (PBIS), and a strong Service Learning component, Edison students grows a strong sense of empathy and caring for others. Through use of Conflict Management and Restorative Practices, student can always feel heard and respected. In 2022, 2023 & 2025, Edison School received Platinum PBIS implementation recognitions from the state, and a Gold PBIS implementation recognition in 2024.
- The Edison community takes care of our school, community and our world: Our school's strong volunteer base, including PTA and its numerous active committees, School Site Council, Dad's Club and individual volunteers put in thousands of hours each year in building a positive and rich school environment for our students to learn in. The school's Go Green Team helps raise awareness of how we all can minimize our impact on the environment, being recognized as both a state and national Green Ribbon School in 2020. And many other groups work tirelessly at efforts in growing a positive school climate.

The staff is made up of highly dedicated individuals with many years of experience in teaching. Edison's staff is comprised of extremely dedicated and talented individuals. All of our teachers work tirelessly and go above and beyond their duties, such as serving on the sites Leadership Team, the Schoolwide Positive Behavior Intervention and Support (PBIS) team or implementing the district's waste-reduction initiative. At each grade level, teachers work together to align their practices and develop lessons that meet the needs of our varied learners. Edison students care about each other and the world around them. They strive to uphold our school-wide rules and they follow the lifelong guidelines and life skills.

Our Socioemotional Learning program, Toolbox, gives students common language and skills in using "tools" to address problems that arise, to promote resiliency and problem solving for students in growing our positive school climate. Our goal is to promote the ideas of empathy, inclusion, celebration of diversity, and lifelong learning. Our PBIS program supports students with articulation of clear expectations in all aspects of school, positive reinforcement for students in exhibiting these expectations, and recognitions and celebrations that support these goals. Students demonstrate leadership by participating in Service Learning activities such as lunch waste monitors, Junior Coaches, and Kindergarten buddies. In addition to these, numerous other programs and initiatives help to promote a positive school climate and rich culture.

Edison's success is strengthened by our close partnership with our robust Parent Teacher Association, which engages in generous, ongoing fundraising and extensive volunteerism. Every day, the school is filled with parents, grandparents and guardians who support our work in the classrooms. Whether facilitating small reading groups, participating as garden and/or art docent, fundraising to support school-wide efforts such as classroom technology or counseling support, funding a Garden Instructor, or organizing our annual Readathon, Edison's volunteers make a huge difference at our school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

Mathematics (grades 3-8 and 11)	72	73	54	57	35	37

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

AUSD Schools greatly benefit from supportive parents, guardians and community members who get involved in a variety of activities. We believe in partnering with our families to create the best school for our students. Families have many opportunities to partner with the school based on parents' schedules and interests. We also partner with our local Community Based Organization and especially our school's Parent Teacher Association (PTA).

We encourage participation in all aspects of the school's program. Here are activities that parents, guardians and community members can engage in throughout the year:

- Volunteering as a Room Parent
- Field Trip Chaperones
- Lunch Buddies (lunch time supervision)
- Art & Garden Docents
- Kindergarten Motor Fitness

All parent input in decision-making is welcome through the following committees at a school site:

- School Site Council (SSC)
- English Language Advisory Committee (ELAC)

Parent input at a district level can happen at, but not limited to:

- Equity Round Tables
- Alameda Mosaic
- Alcance/Latino Achievement Round Table
- Asian and Pacific Islander Round Table
- LGBTQ Round Table
- District English Language Advisory Committee (DELAC)
- District PTA Council

2025-26 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed and yearly approved by School Site Council and the Board of Education. Each year the school sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis), and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent social-emotional barriers/challenges, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held two times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training yearly.

To ensure safety of all students, Edison teachers, staff and administrators supervise students on campus from bell to bell. Our school is a closed campus, and permission is always required to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must always wear the proper identification badge.

Fiscal Year 2024-25 Types of Services Funded

AUSD Schools are primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Alameda Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

- Response To Intervention (RTI) Universal Blocking
- 1:1 Devices (1st – 12th)
- Targeted supports for servicing students
- Continuous Staff Development
- Social Emotional Supports for all students
- Coordination of Services (COST)
- Positive Behavior Intervention Systems
- Music and Library at the Elementary level
- Electives at the Secondary level

Fiscal Year 2024-25 Types of Services Funded

The school also receives additional support from local community partners including the Parent Teacher Association (PTA), Alameda Educational Foundation, and various organizations, businesses, and community groups.

Professional Development

Edison School's professional development is aligned to the following AUSD Priority Teacher Practices: 1) Use grade-level standards, text, and tasks for Small Group, differentiated Tier I instruction. 2) Design frequent student talk opportunities that support meaning-making, critical thinking, writing and academic language practice in service of grade-level standards. 3) Build positive relationships with and among our students to create conditions for learning. 4) Culturally Responsive Teaching - Use of protocols and practices to provide equitable learning opportunities for all students. Areas were determined using assessment data, student and staff survey data and district focal areas.

There are regular professional development opportunities offered via schoolwide staff sessions, grade-level collaboration, as well as cross-site and district wide opportunities. Site professional development sessions take place during staff meetings and district professional development days. The site's Instructional Leadership team sets the agenda for staff meeting, Wednesday Collaboration times, and professional development sessions. These are facilitated and supported by the school's Principal and the site's Intervention Lead teacher/Instructional Coach. Professional Development topics included: Small Group Instruction, Student Talk Routines, ELD implementation, use of data to guide instruction, socioemotional learning, Culturally Responsive Teaching and Anti-bias work, and instructional equity. All staff attended 2 Staff Development Days prior to the start of school, 2 during the school year as developed by the school district, plus weekly Wednesday Collaboration sessions (1 hour each) throughout the year. Teachers are supported in their professional growth in numerous ways throughout the year including working with the instructional coach, coaching from the site principal and site teacher specialists, site-based professional development during staff meetings and collaboration times, and outside professional conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
