2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Navelencia Middle School serves approximately 295 students in grades 6-8. The school is located at the foot of Mount Campbell in suburban Reedley, ten miles northeast of the Kings Canyon Unified School District Office. Navelencia enjoys a 13-acre park-like setting and is nestled in an agricultural setting near Highway 180 and nearby Kings Canyon National Park in rural Fresno County. The beautiful campus is surrounded by large open grassy playfields, a natural amphitheater and is surrounded by locally-owned orange groves, almond orchards, and vineyards. Each day, the school enjoys a view of the Sequoia/Kings Canyon National Park. More than half of the parents of the students are employed by agricultural companies as seasonal farmworkers.

Our staff is dedicated to ensuring the academic success of every student and providing a safe and productive learning environment for all. The school holds high expectations for students and staff in efforts to ensure the academic and social development of all students. Curriculum, instruction, assessment, and professional development are focused on assisting students in mastering the common core standards, as well as increasing the overall student achievement of all student subgroups. It is one of three middle schools in Kings Canyon Unified School District. Other middle school students are served in four K-8 schools.

Navelencia Middle School Mission Statement:

Our mission at Navelencia Middle School is to establish a safe learning environment for all students that is engaging, innovative, and rigorous. This will ensure that all students excel academically and socially, empowering them to become college and career-ready, productive citizens, and future leaders.

Our student outcome statement focuses on students leaving Navelencia with the ability to communicate effectively, and logically synthesize information to be prepared for high school. Our focus is on the guaranteed viable curriculum and we are a fully functioning professional learning community. We have committed to focusing on learning, building a collaborative culture, and focusing on results. We believe that all students will learn at high levels.

Expectations: Be Respectful! Be Responsible! Be Safe! Motto: Today a Patriot. Tomorrow a Leader.

At Navelencia Middle School, students engage in activities that focus on both academic and extracurricular success. Our core

2025-26 School Description and Mission Statement

curricular program also includes a vital social-emotional component to our framework. Teachers and staff members create weekly opportunities that focus on empathy, compassion, and awareness. In addition to the core subjects, Navelencia provides students an opportunity to be involved in AVID and Career Exploration classes. A reward system is in place so that positive behaviors are rewarded and encouraged by all. Every Friday, students take part in games and activities that promote a positive culture and climate. Navelencia has an active Associated Student Body that plan and organize fun and engaging events.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

A district textbook adoption committee is established for the process of textbook adoption. Each school site or grade level is represented on each textbook adoption committee. At Navelencia Middle School there are sufficient textbooks and instructional materials for each of the core content areas. Each pupil, including English Learners, have access to district adopted texts, workbooks, or other supplemental instructional materials to use in class and to take home.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the KCUSD Business Office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal. Navelencia Middle School has 18 classrooms, a multipurpose room, a library, a boys and girls locker room, an administration building, and a student resource center. The main campus was built in 1960. Additional classrooms were constructed in 1977. Additional relocatable classrooms were constructed in 1990 and 1997. The completion of the student support center and administration building was done in October 2024.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Director of Maintenance, the Custodial Supervisor, and the site principals work cooperatively with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Recent upgrades to the facilities at Navelencia Middle School include solar panels which have also provided shade structures in both the parking lot and grounds of the school. On the Northwest side of the campus, a large solar panel structure has been placed to provide additional shade areas for students. Concrete was poured under the structure which has added additional seating areas for students and staff at Navelencia. Eight additional picnic tables have been purchased to better utilize the space. In addition, a newly constructed fully digital marquee has been installed in front of Navelencia School. This will give parents and the community an opportunity to receive updated information on events and activities at the school. On the southeast side of the campus, a new portable classroom has been added to provide additional space for students during the school day and extended learning opportunities. The sports facilities have been upgraded to include two regulation-size soccer fields on the east side of campus. Irrigation has been installed and upgraded to the facilities. In October 2024, a newly constructed administration building was added to the campus to provide an upgraded facility to parents and students of Navelencia. It will include an upgraded health and wellness room, conference space, and new restrooms. The site was upgraded with rod iron fencing to create a secure and closed campus as well as upgrades to landscaping around the newly constructed building.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes	State Priority: Pupil Achievement
	The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4): Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities). The CAASPP System encompasses the following assessments and student participation requirements: 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement
Parent involvement and communication are essential to our schools' success. Navelencia Middle School continually strives to involve parents by exchanging information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities. There are numerous and varied opportunities for parent involvement including options to attend school functions and participate in and assist with various school activities. School registration is conducted at the beginning of the school year and includes students and parents coming to campus throughout the day and going through various stations to receive schedules and any other important information. Back to School Night included opportunities for parents to review the Title I Parent Engagement Policy as well as meet one on one with teachers. Parent education workshops conducted in partnership with Parent University at Fresno State are offered annually to help parents understand their role in helping their child be successful in school and to prepare for high school and beyond. Parents are also invited to attend several different "Family Nights". Our annual December Family Game Night will be held and parents will come together and play holiday games, listen to the band play music, and compete in the annual Salsa Contest. Other opportunities will occur during spring when students in the Career Exploration classes will be able to showcase their work. Separate parent events specifically for 8th-grade parents that will focus on high school transition and supporting student academics in high school. Parents may also serve on advisory committees and leadership teams, including Parent Teacher Club (PTC), English Learners Advisory Council (ELAC), School Site Council (SSC), and the Community Schools Site Steering Committee. Parents will also have the opportunity to be a part of student awards and recognitions including but not limited to Awards assemblies and PBIS celebrations and events. Home and school communication is enhanced through Parent Square, school and district newsletters, the student/parent handbook, the school website, the city newspaper section, student report cards, and other regular communication activities. In addition, translation services, and Parent Square messages are provided regularly. Navelencia utilizes Parent Square for event information. All forms of communication are distributed to parents are in both English and Spanish. Parents who would like more information on how to become involved may contact Principal Jennifer Luevano at (559) 305-7350.

2025-26 School Safety Plan

Safety of students and staff is a primary concern of Navelencia Middle School. Before, during, and after school, the campus is monitored by campus supervisors and assigned staff. All visitors must sign in at the office and wear appropriate identification while on campus. Upon completion of the student support center and school renovation, the campus is closed and there is only one entry and exit point for visitors. Visitors and school staff are to display their identification cards at all times. The comprehensive school safety plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires the identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. Components of the plan include; child abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, suspension and expulsion policies, and suicide prevention training. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. The Navelencia CSSP was approved by the governing board on February 11, 2025. The plan was most recently reviewed/updated in the beginning of the 2025-2026 school year. It was presented to the School Site Council on November 10, 2025. At the beginning of the year kick off for all staff on August 11, 2025, the plan is presented to the staff and students review key components of the plan during the first few weeks of school. An updated copy is available to the public at the school office. The school's disaster preparedness plan includes steps for ensuring the safety of students and staff during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained.

Fiscal Year 2024-25 Types of Services Funded

Navelencia Middle School receives general State of California lottery funds. In addition, NMS benefits from After School Education, Title I part A funds, and Community Schools funding. These funds have enabled NMS to provide intervention, enrichment, and social/emotional support systems.

Navelencia Middle School is meeting funding goals and is able to provide services with categorical funds that enable underperforming students to meet standards. Extended library hours, intervention opportunities, supplemental materials and supplies that enhance or extend the core curricular program are funded. There are many activities that are designed to promote Parent Involvement in the school. Parent education is important and the school receives funds through LCAP/SUPCON funding to provide such services. The school utilizes PBIS as a school-wide approach to discipline and those funds are used to support positive behaviors through enriching culture and climate. Activities such as GATE, AVID, rallies, dances, spirit competitions, book clubs, and leadership are several ways that this is achieved. The PBIS Team also celebrates students' successes with weekly games and activities as well as a "Patriot Store" in which students can spend "patriot money" earned with good behavior. Personnel are solely responsible for providing direct service support to all learners, especially those struggling to meet academic proficiency. Intensive interventions funded through Title I support struggling learners during the school day, after school, as well as Saturday School. Opportunities for credit recovery as well as intension intervention are also available during Winter Intersession and Summer. The School Site Council reviews the Single Plan for Student Achievement annually. The SSC will review site expenditures and student performance to modify the plan to address the needs of all students.

KCUSD provides Navelencia Middle School with a review of the KCUSD Single Plan for Student Achievement on an annual basis. The actions and goals of this plan provide the framework for the academic operation of Navelencia Middle School.

Professional Development

Professional development at Navelencia Middle School is designed to meet the individual needs of teachers as well as broader school concerns. Professional development may take the form of training, workshops, coaching, peer observation, or constructive self-reflection and are consistent with our school vision and goals. The principal, learning director, teachers, instructional aides, and other support personnel may take part in these activities.

Navelencia Middle School is committed to operating as a professional learning community. As a PLC school, the focus is on learning, and collaboration, and is driven by the results of student data. Navelencia utilizes an instructional leadership team that is integral in leading professional learning and collaboration with the entire staff. Administration leads weekly data chats with collaborative teams which provides support and coaching for each grade level and team. The instructional leadership team has worked with the staff to establish collective commitments around the utilization of high-leverage teaching practices that are observed in all classrooms across all content areas. In addition, there have been collective commitments around school-wide writing expectations. Teams meet on Wednesday to review the guaranteed viable curriculum and analyze data. Multiple measures of data are used to evaluate and analyze the effectiveness of the instruction in each classroom. The continued focus on English Language Learners is supported by collaborative teaching opportunities among the ELD teachers and the intervention support teacher. We have added an intensive intervention teacher who focuses primarily on students who are struggling readers. The intervention teacher provides a layer of service within all levels of intervention including Tier 1, Tier 2, and Tier 3.

Staff, grade level, district-wide, and vertical team meetings also provide regular opportunities for professional collaboration, as do district data analysis and interpretation committee meetings. Teachers may also attend conferences and workshops. Three buy-back and 35 early release days provide time for quality professional development and include the following topics:

- PLC Training
- Time to Teach- School wide implementation
- PBIS
- CHAMPS
- Solution Tree Learning
- Math Support and Coaching with Great Minds
- Math Support and Coaching with KCUSD District math coaches
- Thinking Maps
- Illuminate
- English 3D
