What do colleges consider for admissions?

- ★ Primary Factors: Rigor of classes, Grades, Test Scores
- ★ Additional Factors: Extracurricular activities, Essays, Letters of Recommendation, Leadership/community service
- ★ More colleges are using the **HOLISTIC** approach to a student – not just academics.

How to Build a College List

1 or 2 “**Safety**” Colleges:

- ★ Colleges to which you will almost certainly be admitted

Some “**Match**” Colleges:

- ★ GPA/Test Scores/Other Features look very similar to those of recent entering classes

1 or 2 “**Reach**” Colleges:

- ★ Colleges where you meet the criteria for admission but may not have the stellar qualifications of most first-year students

What should YOU consider?

- ★ Size and diversity of student body
- ★ Location
- ★ Academic programs
- ★ Campus life — athletics, activities, housing
- ★ Graduation and retention rates
- ★ Financial aid and scholarship opportunities

*Above all, think about where you will be the **most happy and successful** in your college life.*

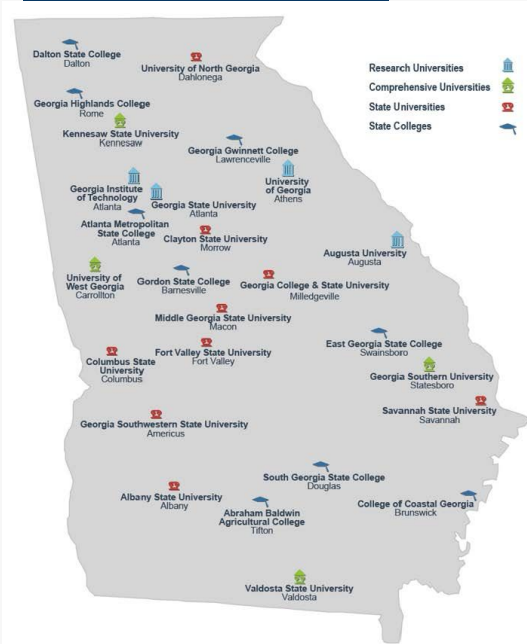

***Get a feel of the campus!** It can help you determine whether that particular college is the right place for you.*

- ★ Take a **campus tour**. (Register Online)
- ★ Speak with an admission counselor.
- ★ Ask about financial aid opportunities.
- ★ Talk to students and faculty.

Drag & Drop (Grade Level)

Once on the summary page, you will be able to drag and drop courses to move them to other grade levels or requirements they might fulfill.

- Planned courses can move to another grade in the future.
- Taken courses can only be moved within the same grade where they were originally taken (vertically, between requirements).
- Grades available for your selected course will highlight in blue once you've clicked to drag the course tile.

The screenshot displays the 'Course Planner' interface for a student named NORTH GWINNETT HIGH SCHOOL. The interface shows a grid of course tiles organized by grade level (9th, 10th, 11th, 12th) and subject area (English Language Arts, Mathematics, Science, Social Studies). Each tile contains the course name, ID, and credits. The 2027-2028 grade level is highlighted in blue, indicating the current selection. The interface also includes a 'Comments' button, an 'Invalid Course' warning, and a 'Submit plan' button at the bottom right.

The main content area has a top navigation bar with 'Exit Student Demo', a user profile for 'Elizabeth Scott', and several utility icons. Below this is a 'Here's what's happening' section with three cards: an internship opportunity at Jenkinson Enterprises, LLC; a scholarship from Northeast Community College; and a scholarship from Minnesota State University Mankato. To the right is the 'To Do List' section, which is currently active. It shows a list of tasks organized by month: November 2025, January 2026 (highlighted with a red circle), and February 2026. Each task entry includes a date, a description, and status options (a dropdown arrow, 'Not Done', and a checkmark icon).
