Subject: Kindergarten and First Grade Registration Opens February 2 for New Providence School District

The New Providence School District will begin accepting registrations for incoming Kindergarten and **new** First Grade students for the 2026-2027 school year on **Monday, February 2, 2026**. Registration will remain open through **Friday, March 13, 2026**.

- **Kindergarten eligibility:** A child must be 5 years old on or before October 1, 2026.
- **First Grade eligibility:** A child must be 6 years old on or before October 1, 2026.

Registration Process

The registration process is completed entirely online and is divided into two parts:

1. Pre-registration (Part One):

- Parents/legal guardians should start by completing the pre-registration form on the [Student Registration](#) page of the New Providence School District website. This form collects basic information about your child and household.
- Once your pre-registration form is approved by the district registrar, you will receive an automated email from PowerSchool with instructions for completing the second part of the registration process.

2. PowerSchool Account Setup and Document Upload (Part Two):

- The email will guide you through creating an account in PowerSchool, the district's student information system. You will also need to upload required documentation. Follow the email instructions to create a username and password, then enter the unique Access ID and Access Password provided in the email.
- **Important:** If you already have a child registered in the district, you don't need to create a new PowerSchool account. Simply log in to your existing account, go to "Preferences," and add your new incoming Kindergarten/First Grader using the unique Access ID and Password provided in the email. If you do not remember

your PowerSchool username and password, please contact the main office of your child's school.

Redistricting Notice:

Last school year the New Providence School District initiated a redistricting process which involved moving the elementary school boundary line from Livingston Avenue to South Street. The essential impact of this change is that incoming Kindergarten and First Grade students residing in **the redistricting zone** are now zoned for Salt Brook Elementary School.

All redistricting information can be found on the district website **at this link**. This includes an explanation of potential accommodations for families living in the redistricting zone who **currently** have an older child enrolled in grades Kindergarten through five at Allen W. Roberts Elementary School.

Should you have any questions about the registration process, please contact our Registrar, Ms. Dena DiRocco at (908) 464-9050 ext. 4221 or ddirocco@npsdnj.org.
