

SUPPORT FOR EVERY LEARNER

At U Prep Schools, we are committed to creating the conditions for every student to thrive. Our Student Development Team provides specialized services for students with IEPs and 504 plans, grounded in our mission to level the playing field academically, socially, behaviorally, and emotionally. With high expectations, individualized support, and a focus on building independence, we partner with families and teachers to ensure our diverse learners grow in confidence and reach their goals. Guided by our vision to always do what's best for students, we are preparing our diverse learners to succeed in school and beyond.

4 DISTINCT ELEMENTARY SCHOOLS

**YOUR ELEMENTARY SCHOOL
SCHOLAR WILL THRIVE IN
THE U PREP COMMUNITY!**

**DETROIT'S PREMIER K-12 CHARTER
NETWORK, PREPARING FUTURE-READY
SCHOLARS THROUGH COLLEGE PREP
AND REAL-WORLD LEARNING.**

ENROLL TODAY!

When You Choose a U Prep school for your child, you set them up for a journey to continue their education here through 12th grade with ...

The University Prep Schools' 90/90 Promise:

- 90% of students entering the 9th grade will graduate
- Over 90% are accepted into college, the military, or a trade/technical pursuit

WHY A U PREP ELEMENTARY?

Starting elementary school is full of curiosity and excitement! At U Prep Schools, we create a safe, inspiring environment where every child feels supported and empowered to thrive.

OUR CURRICULUM BUILDS:

- 1 Strong reading, writing, and thinking skills (EL Education):** Real-world topics that build confident readers and communicators.
- 2 Real-world math problem solving (Eureka Math²):** Deep understanding so scholars think like mathematicians.
- 3 Hands-on, inquiry-based science (OpenSciEd - NGSS-aligned):** Exploring real-world phenomena through discovery and collaboration.
- 4 Civic awareness and active citizenship (MC3 Social Studies):** Building knowledge of history, geography, civics, and community.

THREE DISTINCT ADVANTAGES

PROJECT-BASED LEARNING (PBL)

All U Prep Schools use hands-on, Project Based Learning (PBL), where teachers guide students to work on a project over time- from a week to a semester - to solve real-world problems or explore big questions using multiple disciplines such as math, science and language arts. Projects conclude with students sharing what they've learned by creating a final product or presentation for a real audience.

CREW AT THE U

CREW is a special part of University Prep Schools that helps scholars and teachers build strong, positive connections with each other in an environment of mutual support. CREW is more than just a program—it's a daily reminder to connect the entire K-12 U Prep community through our shared vision and values.

THOMPSON FOUNDATION

Founded in 1999, the Thompson Foundation built 10 state-of-the-art school buildings valued at over \$125 million, now leased to U Prep Schools for just \$1 per year. Their ongoing support helps U Prep deliver an exceptional education to more than 4,500 scholars.

ATHLETICS OFFERED

- It's never too early to participate in sports and physical activity! Your U Prep elementary scholar will have access to intramural soccer, flag football, and tennis club
- Our scholars in grades 3-5 are invited to participate in our school-based sports offerings, including basketball, cheer, and volleyball.
