## **Attendance Spotlight from Wisconsin DPI**

We all know kids get sick, but when should you keep them home versus sending them to school? [Here are some tips](#) from the Wisconsin Department of Public Instruction for when to keep your child at home.

## **Attendance Matters**

As we progress through the school year, we would like to take a moment to emphasize the critical importance of consistent school attendance for your child's academic success. Each class session provides an invaluable opportunity for learning, personal growth, and fostering meaningful connections. Regular attendance not only helps students develop essential habits but also strengthens the relationships that contribute to success, both during high school and beyond.

Research consistently demonstrates that students who attend school regularly are more likely to remain on track academically, feel a greater sense of belonging within the school community, and cultivate the confidence needed to succeed after graduation. Even a few absences can create significant challenges, particularly in the fast-paced environment of high school coursework.

We recognize that there are instances when absences are unavoidable, and we understand that each family's circumstances are unique. Our goal is not simply to monitor attendance but to actively support it. If your family is experiencing challenges—whether related to transportation, health issues, or other concerns—we encourage you to reach out. Our counselors, social workers, and administrators are available to collaborate with you and explore solutions that meet your needs.

Together, we can ensure that every student remains present, engaged, and fully prepared to learn. We greatly appreciate your continued support and partnership in helping your child reach their fullest potential.

Teens can obtain a permit in WI at age 15.

- Teens will not be allowed to apply for their probationary license until they are at **least 16 years old, hold their permit for at least 6 months ticket free, practice hours of at least 50 hours and 10 of those at night, and have completed all of driver education (classroom and BTW lessons).**
- Another change is that the **permit will be good for 18 months** instead of 12 months. All 16-17 year olds **will have to take the road test.**
- The new law changes the number of practice hours required during the permit phase, it changed from **30 hours to 50 hours.** The DMV does not collect the practice driving record when teens go for their road test however they may ask to see it or the **Road Ready app** which also tracks practice time.

- Your teen should work toward at least *100 hours of practice with 30 of those at night* based on national recommendations put forth by AAA Foundation research in order to give novice drivers more experience before licensing (shows it reduces crashes after licensing). Our common goal for everyone is to have fewer crashes, injuries, and fatalities involving teens and all other drivers. Use of the Road Ready app is a great tool for them to track their progress of practice hours.

Who is eligible to enroll? Any student who is 14 years/10 months to 18 years old. Sign up information is located on the De Pere High School webpage under the "Students" tab under the Driver's Education link. You could also go to [https://www.cesa2drivered.org/services.phtml/depere\\_high\\_school](https://www.cesa2drivered.org/services.phtml/depere_high_school) to access information regarding Driver's Education at De Pere High School.

### Inclement Weather

The District and Lamers Bus Company (the District's transportation contractor) have a cooperative procedure used when it is necessary to consider closing schools because of inclement weather. Factors taken into consideration will include: the present state of weather, predicted weather conditions, temperature, wind, visibility and condition of the roads. The District, with the assistance of Lamers, will gather information on these factors before collaboratively making a decision to close schools. Local tv and radio stations will then be notified of our emergency closings and a text message will be sent out.

If it is determined during the school day that it is necessary to dismiss early because of inclement weather, the news media will be notified. Parents are asked to have alternate plans for their children's supervision and care in the event school is closed due to inclement weather. This is especially important for young children.

Please sign up for text message notifications or tune into local tv and radio stations for school closing information. Parents have the option of keeping their children at home if they believe that the weather conditions merit such action. If parents choose to keep their children home due to inclement weather conditions, the absence will be recorded as "excused."

### **WIAA NIL Policy**

The 2025-2026 school year marked the first year the Wisconsin Interscholastic Athletic Association (WIAA) adopted language to allow athletes to profit from their Name, Image and Likeness (NIL).

There are now at least 32 states with approved NIL language in the high school interscholastic rules, and more states are considering adopting rules to adapt to our increasingly digitally personalized world.

If you are a parent of a high school athlete in a WIAA sport, and a business approaches you about NIL, there are a number of considerations to review. Please take a look at this information provided by the WIAA and our conference, the Fox River Classic Conference, because NIL contracts can affect participation if not handled correctly.

[NIL Flyer](#)

[NIL Compliance in Wisconsin](#)

Please contact our athletics director Jeff Byczek, as he can help you be sure to maintain high school eligibility for your son/daughter throughout his/her career. Mr. Byczek can be reached at [jbyczek@depere.k12.wi.us](mailto:jbyczek@depere.k12.wi.us) or 920-983-9174, ext 4012.

### **Coleman Selected to WBCA Hall of Fame**

Keith Coleman, who established the DPHS girls basketball program and coached for 26 seasons, will be inducted into the Wisconsin Basketball Coaches Association Hall of Fame as a member of the Class of 2026.

Coleman compiled a 372-177 record from 1975-2001 while guiding the Redbirds to eight conference titles, six regional titles, two sectional championships and the 1983 WIAA Class A State Championship.

He's also a founding member of the De Pere Basketball Booster Club.

The induction ceremony will be September 27.
