In compliance with federal laws, Guilford County Schools administers all educational programs, employment activities and admissions without discrimination because of race, religion, national or ethnic origin, color, age, military service, disability or gender, except where exemption is appropriate and allowed by law. Refer to the Board of Education's Discrimination Free Environment Policy AC for a complete statement. Inquiries or complaints should be directed to the Guilford County Schools Compliance Officer, 120 Franklin Boulevard, Greensboro, NC 27401; 336-370-232

7th Grade Encore Classes

Vocal Ensemble This is a course which is open to all interested seventh graders. Students begin a more in-depth study of vocal technique and choral literature. Students are encouraged to participate in local, regional and statewide festivals. Groups are involved in performance-related activities throughout the school year. **Yearlong course**

Band This class is open to all with previous experience. The musical literature, techniques and concepts studied reflect an intermediate level. Students are encouraged to participate in local, regional and statewide festivals. Groups are involved in performance-related activities throughout the school year. Except for large and/or expensive instruments, parents must secure instruments for their children. **Yearlong Course**

Spanish 1A This is the first of a two-year course in Spanish I. This course introduces and reinforces the beginning elements of grammar, vocabulary and pronunciation, with an emphasis on listening, speaking, reading and writing. An introduction to the history and culture of Spanish-speaking countries is presented through language instruction.

Art The course is designed for seventh-grade students who should have a strong interest in art. These students will focus on elements and principles of design. Students are encouraged to explore the variety of activities designed to stimulate active participation in the creative process through verbal, written and visual communication. **Semester course**

Music Appreciation The course is designed to continue building acting skills, play production, improvisation, history and philosophy of theatre, and costumes. Open to seventh grade students in schools with theatre programs. **Semester course**

Exploring Careers and Employment College and Career Ready Labs (CCRL) are completely focused om creating a career experience that helps students decide where their interests and aptitudes align with a career pathway. Throughout the year, students will experience various learning designed to bring to life authentic experience. **Semester course**

Computer Discoveries II Semester Computer science course is the first of a two-course sequence. Students will explore the problem-solving process and different ways humans and computers solve problems. Classes will discover the languages powering the internet while building websites. In addition, students will learn the powerful constructs underlying programming languages. Students will complete projects building interactive animations and games in JavaScript. **Semester course**

Exploring Technology This course will cover the basics of Computer Skills and Applications. Students will learn invaluable skills they will use for a lifetime. They will learn advanced word processing, basic spreadsheets, and how to use presentation software and techniques to create professional presentations. **Semester course**

Exploring Apparel and Interior Design Semester Family & Consumer Sciences continue to be an important part of everyone's education and maturity. Students focus on developing a foundation for the application of life management skills which include problem solving, decision making, interpersonal relationships and communication. Interactive programs and hands-on activities assist students in the exploration of apparel and design, and consumer education and careers in these areas. **Semester course**

Math and ELA Classes determined by the level received on EOGs.
