Article 4. Schedule of Services

Architect shall commence Services under this Agreement upon receipt of a written Notice to Proceed and shall prosecute the Services diligently as described in **Exhibit "A,"** to proceed with and complete the Services in compliance with the schedule in **Exhibit "C."** Time is of the essence and failure of Architect to perform Services on time as specified in this Agreement is a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Architect's or its Consultant(s)' reasonable control.

Article 5. Construction Cost Budget

5.1. Architect hereby accepts the District's established Construction Cost Budget and Project scope. In accordance with Exhibit "A," the Architect shall have responsibility to further develop, review, and reconcile the Construction Cost Budget for the District at the beginning of the Project and at the completion of each design phase. The District and Construction Manager shall also have responsibility to develop, review, and reconcile the Construction Cost Budget with the Architect.

5.2. Architect shall complete all Services as described in Exhibit "A," including all plans, designs, drawings, specifications and other Contract Documents, so that the cost to construct the work designed by the Architect will not exceed the Construction Cost Budget, as adjusted subsequently with the District's written approval. Architect shall maintain cost controls throughout the Project to deliver the Project within the Construction Cost Budget.

5.3. The District may, in its sole discretion, do one, or a combination, of the following if any of the events in Article 5.4 occur:

5.3.1. Within three (3) months' time of receipt of bids, instruct Architect to revise the drawings and specifications (in scope and quality as approved by the District) to bring the Project within the Construction Cost Budget for re-bidding at no additional cost to the District.

5.3.2. Give Architect written approval on an agreed adjustment to the Construction Cost Budget.

5.3.3. Authorize Architect to re-negotiate, when appropriate, and/or re-bid the Project within three (3) months' time of receipt of bids (exclusive of District and other agencies' review time) at no additional cost to the District.

5.3.4. Terminate this Agreement if the Project is abandoned by the District, without further obligation by either party.

5.4. If any of the following events occur, the District may exercise any one, or any combination, of the actions set forth in Article 5.3 above:

5.4.1. If the Construction Cost Budget increases in phases subsequent to the Schematic Design Phase due to reasonably foreseeable changes in the condition of the construction market in the county in which the District is located, in so far as these have not been caused by Acts of God, earthquakes, strikes, war, or energy shortages due to uncontrollable events in the world economy; or

5.4.2. The lowest responsive base bid received is in excess of seven-point five percent (7.5%) of the Construction Cost Budget; or

5.4.3. If the combined total of base bid and all additive alternates come in ten percent (10%) or more under the Construction Cost Budget.

5.4.4. If (1) the lowest responsive base bid exceeds the Construction Cost Budget by 7.5% or less, or (2) the combined total base bid and all alternatives exceed the Construction Cost Budget by less than 10%, and District chooses to require revising the Project scope and quality to reduce the construction cost, Architect's services to make such revisions shall be compensated as Extra Services.

Article 6. Fee and Method of Payment

6.1. The District shall pay Architect for all Services contracted for under this Agreement an amount equal to the following ("Fee"):

An amount not to exceed_____Dollars ($_____) based on the rates set forth in **Exhibit "D."**

6.2. The District shall pay Architect the Fee pursuant to the provisions of **Exhibit "D."**

6.3. Architect shall bill for performance of Services under this Agreement in accordance with **Exhibit "D."**

6.4. No increase in Fee will be due from CCDs and/or change orders generated during the construction period to the extent caused by Architect's error or omission.

6.5. The Architect's Fee set forth in this Agreement shall be full compensation for all of Architect's Services incurred in the performance hereof as indicated in **Exhibit "D."**

6.6. Regardless of the structure of Architect's Fee, the Architect's Fee may be adjusted downward if the Scope of Services of this Agreement is reduced by the District in accordance with this Agreement.

6.7. Neither the District's review, approval of, nor payment for, any of the Services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and Architect shall remain liable to the District in accordance with this Agreement for direct damages to the District caused by Architect's failure to perform any of the Services furnished under this Agreement to the standard of care under California law for architects performing similar work for California school districts in or around the same geographic area as the District.

Article 7. Payment for Extra Services or Changes

Any charges for Extra Services shall be paid by the District as described in **Exhibit "B"** only upon certification that the claimed Extra Service was authorized as indicated herein and that the Extra Services have been satisfactorily completed. If any service is done by Architect without prior written authorization by the Construction Manager or the District's authorized representative, the District will not be obligated to pay for such service. The foregoing provision notwithstanding, Architect will be paid by the District as described in **Exhibit "B"** for Extra Services that the Construction Manager or the District's authorized representative verbally requests, provided that Architect confirms such request in writing pursuant to the notice requirements of this Agreement, and proceeds with such Extra Services not earlier than two (2) business days after the District receives confirmation of the request from the Architect.

Article 8. Ownership of Data

8.1. Pursuant to Education Code section 17316, this Agreement creates a non-exclusive and perpetual license for the District to use, at its

discretion, all plans including, but not limited to, record drawings, specifications, estimates and other documents that Architect or its Consultants prepare or cause to be prepared pursuant to this Agreement.

8.2. Architect retains all rights to all copyrights over designs and other intellectual property embodied in the plans, record drawings, specifications, estimates, and other documents that Architect or its Consultants prepare or cause to be prepared pursuant to this Agreement.

8.3. Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Computer Aided Design Drafting Technology ("CADD") (e.g., AutoCAD). Architect shall deliver to District all drawings in DWG format. As to any drawings that Architect provides in a CADD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on hard copies of all documents.

8.4. In order to document exactly what CADD information was given to the District, Architect and District shall each date and sign a "hard" copy of reproducible documents that depict the information at the time Architect produces the CADD information. The District agrees to release Architect from all liability, damages, and/or claims that arise due to any changes made to this information by anyone other than Architect or its Consultant(s) subsequent to it being given to the District.

8.5. Following the termination of this Agreement, for any reason whatsoever, Architect shall promptly deliver to the District upon written request and at no cost to the District the following items (hereinafter "Instruments of Service"), which the District shall have the right to utilize in any way permitted by statute:

8.5.1. One (1) set of the Contract Documents, including the bidding requirements, specifications, and all existing cost estimates for the Project, in hard copy, reproducible format.

8.5.2. One (1) set of fixed image CADD files in DXF format of the drawings that are part of the Contract Documents.

8.5.3. One (1) set of non-fixed image CADD drawing files in DXF or DWG or both formats of the site plan, floor plans (architectural, plumbing, structural, mechanical and electrical), roof plan, sections and exterior elevations of the Project.

8.5.4. All finished or unfinished documents, studies, reports, calculations, drawings, maps, models, photographs, technology

data and reports prepared by the Architect under this Agreement.

8.5.5. The obligation of Section 8.5 of this Agreement shall survive the termination of this Agreement for any reason whatsoever.

8.6. In the event the District changes or uses any fully or partially completed documents without Architect's knowledge or participation or both, the District agrees to release Architect of responsibility for such changes, and shall hold Architect harmless from and against any and all claims on account of any damages or losses to property or persons, or economic losses, arising out of that change or use, unless Architect is found to be liable in a forum of competent jurisdiction. In the event that the District uses any fully or partially completed documents without the Architect's full involvement, the District shall remove all title blocks and other information that might identify Architect and its Consultants.

Article 9. Termination of Contract

9.1. District's Request for Assurances: If District at any time reasonably believes that Architect is or may be in default under this Agreement, District may in its sole discretion notify Architect of this fact and request written assurances from Architect of performance of Services and a written plan from Architect to remedy any potential default under the terms this Agreement that the District may advise Architect of in writing. Architect shall, within ten (10) days of District's request, deliver a written cure plan that meets the requirements of the District's request for assurances. Architect's failure to provide such written assurances of performance and the required written plan, within ten (10) days of request, will constitute a material breach of this Agreement sufficient to justify termination for cause.

9.2. District's Termination of Architect for Cause: If Architect fails to perform Architect's duties to the satisfaction of the District, or if Architect fails to fulfill in a timely and professional manner Architect's material obligations under this Agreement, or if Architect shall violate any of the material terms or provisions of this Agreement, the District shall have the right to terminate this Agreement, in whole or in part, effective immediately upon the District giving written notice thereof to the Architect. In the event of a termination pursuant to this subdivision, Architect may invoice the District for all Services performed until the notice of termination, but the District shall have the right to withhold payment and deduct any amounts equal to the District's costs because of Architect's actions, errors, or omissions.

9.3. District's Termination of Architect for Convenience: District shall have the right in its sole discretion to terminate the Agreement for its own convenience. In the event of a termination for convenience, Architect

may invoice District and District shall pay all undisputed invoice(s) for Services performed until the District's notice of termination for convenience.

9.4. Architect's Termination of Agreement for Cause: Architect has the right to terminate this Agreement if the District does not fulfill its material obligations under this Agreement and fails to cure such material default within sixty (60) days of receipt of written notice of said defaults, or if the default cannot be cured within sixty (60) days, commence to cure such default, diligently pursue such cure, and complete the cure within a reasonable time following written notice and demand from Architect. Such termination shall be effective thirty (30) days after receipt of written notice from Architect to the District. Architect may invoice the District and the District shall pay all undisputed invoice(s) for Services performed until Architect's notice of termination.

9.5. Effect on Pre-Termination Services: Except as indicated in this Article, termination shall have no effect upon any of the rights and obligations of the Parties arising out of any transaction occurring prior to the effective date of such termination.

9.6. Ceasing Services upon Termination: If, at any time in the progress of the Design of the Project, the Board of Trustees of the District determines that the Project should be terminated, Architect, upon written notice from the District of such termination, shall immediately cease Services on the Project. The District shall pay Architect only the fee associated with the Services provided since the last invoice that has been paid and up to the notice of termination.

9.7. Project Suspension: If the District suspends the Project for more than one hundred twenty (120) consecutive days, Architect shall be compensated for Services performed prior to notice of that suspension. When the Project is resumed, the schedule shall be adjusted and Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Architect's Services. Architect shall make every effort to maintain the same Project personnel after suspension. If the District suspends the Project for more than two (2) years, Architect may terminate this Agreement by giving written notice.

Article 10. Indemnity/Architect Liability

10.1. To the furthest extent permitted by California law, Architect shall indemnify and hold free and harmless the District, its Governing Board, agents, representatives, officers, consultants, employees, trustees, and volunteers ("the Indemnified Parties") from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity ("Claim") that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of

the Architect, its officers, employees, subcontractors, consultants, or agents, including without limitation the payment of all consequential damages.

Architect shall also, to the furthest extent permitted by California law, defend the Indemnified Parties at Architect's own expense, including attorneys' fees and costs, from any and all Claim(s) and allegations relating thereto with counsel approved by District where such approval is not to be unreasonably withheld. Whereas the cost to defend the Indemnified Parties charged to the Architect shall not exceed the proportionate percentage of Architect's fault as determined by a court of competent jurisdiction, any amounts paid in excess of such established fault will be reimbursed by the District. Notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, the design professional shall meet and confer with other parties regarding unpaid defense costs.

10.2. Architect shall pay and satisfy any judgment, award, or decree that may be rendered against the Indemnified Parties in any Claim that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, subcontractors consultants, or agents. Architect's obligation pursuant to Article 10.1 includes reimbursing the District for the cost of any settlement paid by the Indemnified Parties and for any and all fees and costs including, but not limited to, legal fees and costs, expert witness fees, and consultant fees, incurred by the Indemnified Parties in the defense of any Claim(s), or to enforce the indemnity herein. Architect's obligation to defend or to indemnify shall not be restricted to insurance proceeds.

10.3. Architect shall be responsible for the cost of reviewing CCDs and/or change orders caused by Architect's willful misconduct, recklessness, or negligent acts, errors or omissions. Without limiting Architect's liability for indirect cost impacts, the direct costs for change orders for which Architect shall be liable shall equal the difference between the cost of the change order and the reasonable cost of the work had that work been a part of the originally prepared Contract Documents.

10.4. District may withhold any and all costs that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect from amounts owing to Architect.

Article 11. Fingerprinting and Conduct on Project Site

11.1. Pursuant to Education Code section 45125.1, the Fingerprinting/Criminal Background Investigation Certification must be completed and attached to this Agreement prior to Architect's performing of any portion of the Services. Architect expressly

acknowledges that the following conditions shall apply to any work performed by Architect and/or Architect's employees on a school site:

11.1.1. All site visits shall be arranged through the District;

11.1.2. Architect and Architect's employees shall inform District of their proposed activities and location at the school site, allowing District time to arrange site visits without a disruption to the educational process;

11.1.3. Architect and/or Architect's employees shall check in with the school office each day immediately upon arriving at the school site;

11.1.4. Once at such location, Architect and Architect's employees shall not change locations without contacting the District;

11.1.5. Architect and Architect's employees shall not use student restroom facilities; and

11.1.6. If Architect and Architect's employees find themselves alone with a student, Architect and Architect's employees shall immediately contact the school office and request that a member of the school staff be assigned to the work location.

Article 12. Responsibilities of the District

12.1. The District shall examine the documents submitted by the Architect and shall render decisions so as to avoid unreasonable delay in the process of the Architect's Services.

12.2. The District shall verbally or in writing advise Architect if the District becomes aware of any fault or defect in the Project, including any errors, omissions or inconsistencies in the Architect's documents. Failure to provide such notice shall not relieve Architect of its responsibility therefore, if any.

12.3. Unless the District and Architect agree that a hazardous materials consultant shall be a Consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants when such services are requested in writing by Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters, which are to be incorporated into bid documents prepared by Architect. If the hazardous materials consultant is furnished by the District and is not a Consultant of the Architect, the specifications shall include a note to the effect that the hazardous materials consultant's specifications

are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the hazardous materials consultant's specifications related to asbestos and lead paint survey and/or abatement documentation to the preparer of the hazardous materials consultant's specifications.

Article 13. Liability of District

13.1. Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement or the Services performed in connection with this Agreement.

13.2. District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Architect, or by its employees, even though such equipment be furnished or loaned to Architect by District.

Article 14. Nondiscrimination

Architect agrees to comply with the provisions of the California Fair Employment and Housing Act as set forth in part 2.8 of division 3 of the California Government Code, commencing at section 12900; the Federal Civil Rights Act of 1964, as set forth in Public Law 88-352, and all amendments thereto; Executive Order 11246; and all administrative rules and regulations found to be applicable to Architect and all of its subcontractors. In addition, Consultant agrees to require like compliance by all of its subcontractor(s).

Article 15. Insurance

15.1. Architect shall comply with the insurance requirements for this Agreement, set forth in **Exhibit "E."**

15.2. Architect shall provide certificates of insurance and endorsements to District prior to commencement of the work of this Agreement as required in **Exhibit "E."**

Article 16. Covenant against Contingent Fees

Architect warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the

right to annul this Agreement without liability, or in its discretion, to deduct from the contract price or consideration or to recover the full amount of such fee, commission, percentage fee, gift, or contingency.

Article 17. Entire Agreement/Modification

This Agreement, including the Exhibits attached hereto, supersedes all previous contracts and constitutes the entire understanding of the Parties hereto. Architect shall be entitled to no other benefits than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. Architect specifically acknowledges that in entering this Agreement, Architect relies solely upon the provisions contained in this Agreement and no others.

Article 18. Non-Assignment of Agreement

In as much as this Agreement is intended to secure the specialized Services of the Architect, Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of Architect and any such assignment, transfer, delegation or sublease without Architect's prior written consent shall be considered null and void. If an assignment is approved, this Agreement shall be binding on the successors and assign of the parties.

Article 19. Law, Venue

19.1. This Agreement has been executed and delivered in the State of California and the validity, enforceability and interpretation of any of the clauses of this Agreement shall be determined and governed by the laws of the State of California.

19.2. To the fullest extent permitted by California law, the county in which the District administration office is located shall be the venue for any action or proceeding that may be brought or arise out of, in connection with or by reason of this Agreement.

Article 20. Alternative Dispute Resolution

20.1. All claims, disputes or controversies arising out of, or in relation to the interpretation, application or enforcement of this Agreement may be decided through mediation as the first method of resolution. Notice of the demand for mediation of a dispute shall be filed in writing with the other party to the Agreement. The demand for mediation shall be made within a reasonable time after written notice of the dispute has been provided to the other party, but in no case longer than ninety (90) days after initial written notice.

20.2. If a claim, or any portion thereof, remains in dispute upon satisfaction

of all applicable dispute resolution requirements, the Architect shall comply with all claims presentation requirements as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of Government Code as a condition precedent to the Architect's right to bring a civil action against the District. For purposes of those provisions, the running of the time within which a claim must be presented to the District shall be tolled from the time the Architect submits its written claim until the time the claim is denied, including any time utilized by any applicable meet and confer process.

20.3. Pending resolution of the dispute, Architect agrees it will neither rescind the Agreement nor stop the performance of the Services.

Article 21. Tolling of Claims

Architect agrees to toll all statutes of limitations for District's assertion of claims against Architect that arise out of, pertain to, or relate to Contractors' or subcontractors' claims against District involving Architect's work, until the Contractors' or subcontractors' claims are finally resolved.

Article 22. Attorneys' Fees

In the event either party shall bring any action or legal proceeding for damages for any alleged breach of any provision of or performance under this Agreement, to terminate this Agreement, or to enforce, protect or establish any term or covenant of this Agreement or right or remedy of either party, the prevailing party shall be entitled to recover, as a part of the action or proceeding, reasonable attorneys' fees and court costs, including consultants' fees, attorneys' fees and costs for appeal, as may be fixed by the court. The term "prevailing party" shall mean the party who received substantially the relief requested, whether by settlement, dismissal, summary judgment, judgment, or otherwise.

Article 23. Severability

If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

Article 24. Employment Status

24.1. Architect shall, during the entire term of Agreement, be an independent contractor and nothing in this Agreement is intended nor shall it be construed to create an employer-employee relationship, a joint venture relationship, or to allow the District to exercise discretion or control over the professional manner in which Architect performs the Services that are the subject matter of this Agreement; provided always, however, that the Services to be provided by Architect shall be provided

in a manner consistent with all applicable standards and regulations governing such Services.

24.2. Architect understands and agrees that Architect's personnel are not and will not be eligible for membership in or any benefits from any District group plan for hospital, surgical or medical insurance or for membership in any District retirement program or for paid vacation, paid sick leave or other leave, with or without pay or for other benefits which accrue to a District employee.

24.3. Should the District, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Department, or both, determine that Architect, or any employee or Consultant of Architect, is an employee of the District for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Architect which can be applied against this liability). The District shall then forward those amounts to the relevant taxing authority.

24.4. Should a relevant taxing authority determine a liability for past services performed by Architect for the District, upon notification of such fact by the District, Architect shall promptly remit such amount due or arrange with the District to have the amount due withheld from future payments to Architect under this Agreement (again, offsetting any amounts already paid by Architect which can be applied as a credit against such liability).

24.5. A determination of employment status pursuant to the preceding two (2) paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Architect shall not be considered an employee of the District. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Architect is an employee for any other purpose, then Architect agrees to a reduction in District's liability resulting from this Agreement pursuant to principles similar to those stated in the foregoing paragraphs so that the total expenses of District under this Agreement shall not be greater than they would have been had the court, arbitrator, or administrative authority determined that Architect or its employees of Consultants was not an employee.

24.6. Nothing in this Agreement shall operate to confer rights or benefits on persons or entities not a party to this Agreement.

Article 25. Certificate of Architect

25.1. Architect certifies that the Architect is properly certified or licensed under the laws and regulations of the State of California to provide the professional services that it has herein agreed to perform.

25.2. Architect certifies that it is aware of the provisions of the California Labor Code that require every employer to be insured against liability for workers compensation or to undertake self-insurance in accordance with the provisions of that code, and it certifies that it will comply with those provisions before commencing the performance of the Services of this Agreement.

25.3. Architect certifies that it is aware of the provisions of California Labor Code and California Code of Regulations that require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Architect agrees to fully comply with and to require its Consultant(s) to fully comply with all requirements of the Prevailing Wage Laws, if applicable to Architect and its Consultants' professional services to be provided under this Agreement.

Article 26. Cost Disclosure - Documents and Written Reports

Architect shall be responsible for compliance with California Government Code section 7550, if the total cost of the Contract is over five thousand dollars ($5,000).

Project-related records and information.

Article 30. Other Provisions

30.1. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation, that no party is the author of this Agreement, and that this Agreement shall not be construed against any party as the drafter of the Agreement.

30.2. The individual executing this Agreement on behalf of Architect warrants and represents that she/he is authorized to execute this Agreement and bind the Architect to all terms hereof.

Architect's liabilities, including but not limited to Architect's indemnity or defense obligations, under this Agreement shall not be deemed limited in any way to the insurance coverage required herein. Maintenance of specified insurance coverage is a material element of this Agreement and Architect's failure to maintain or renew coverage or to provide evidence of renewal during the term of this Agreement, as required or when requested, may be treated by the District as a material breach of contract.

B. Minimum Scope and Limits of Insurance: Coverage shall be at least as broad as the following scopes and limits:

1. **Commercial General Liability.** One Million dollars ($1,000,000) per occurrence for bodily injury ($2,000,000 aggregate), personal injury and property damage. C. District reserves the right to modify the limits and coverages described herein, with appropriate credits or changes to be negotiated for such changes.

E. Other Insurance Provisions: The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

The District, its representatives, consultants, trustees, officers, officials, employees, agents, and volunteers ("Additional Insureds") are to be covered as additional insureds as respects liability arising out of activities performed by or on behalf of the Architect; Instruments of Service and completed operations of the Architect; premises owned, occupied or used by the Architect; or automobiles owned, leased, hired or borrowed by the Architect. The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. All endorsements shall waive any right to subrogation against any of the Additional Insureds.

2. For any claims related to, arising out of, or connected with the Project, Architect's general liability and automobile liability insurance coverage shall be primary insurance as respects the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be more than Architect's insurance and shall not contribute with it.

If Architect fails to maintain insurance, District may take out comparable insurance and deduct and retain amount of premium from any sums due Architect under the Agreement.

9. Architect shall require all subconsultants to maintain the level of insurance Architect deems appropriate with respect to the consultant's scope of the Work unless otherwise indicated in the Agreement. Architect shall cause the subconsultants to furnish proof thereof to District within ten (10) days of District's request. Should Architect not require subconsultants to provide the same level of insurance as is required of Architect, as provided in this Agreement, Architect is not relieved of its indemnity obligations to District or fulfilling its insurance requirements as provided in this Agreement.

10. If Architect normally carries insurance in an amount greater than the minimum amounts required herein, that greater amount shall become the minimum required amount of insurance for purposes of the Agreement. Therefore, Architect hereby acknowledges and agrees that all insurance carried by it shall be deemed liability coverage for all actions it performs in connection with the Agreement.

F. Acceptability of Insurers: Insurance is to be placed with insurers admitted in California with a current A.M. Best's rating of no less than A: VII. Architect shall inform the District in writing if any of its insurer(s) have an A.M. Best's rating less than A: VII. At the option of the District, the District may either:
