

**Delano Joint Union High School District  
Request for Proposal  
Bundled Internet Service Project  
E-Rate Funding Year 2026-2027**

**PROJECT NAME: DJUHSD C1 Bundled Internet Service Project FY 2026  
Multiyear Contract Requested  
BID POSTING DATE: Wednesday January 21, 2026  
BID CLOSING DATE: Thursday February 19, 2026 @ 10: 00a.m PST.  
1720 Norwalk St.  
Delano, Ca. 93215  
Form 470:**

**INTENTION:**

The Delano Joint Union High School District intends to procure bundled Internet services, including transport and Internet access, with initial speeds of 25Gbps with the option to scale up to 100Gbps. The selected provider must supply 64 IP addresses as part of the service, with installation commencing on July 1, 2026.

**WORK INCLUDED:**

The project shall provide Internet service via a leased, lit fiber optic circuit, terminating at a switch owned and maintained by the Internet Service Provider at Delano High School, 1331 Cecil Avenue, Delano, CA 93215.

**Ownership and Maintenance:**

The Service Provider is responsible for installing fiber optic circuits at the district demarcation point (DMARC) located at Delano High School. This circuit must be owned, managed, and maintained by the Service Provider, meaning the district does not take responsibility for the physical infrastructure or its upkeep.

**Committed Information Rate (CIR):**

The Service Provider must guarantee and demonstrate that the bandwidth purchased by the district (the CIR) is fully available and dedicated. CIR is the minimum guaranteed bandwidth the district will receive, regardless of network congestion.

**Exclusive Use:**

The circuit provided under this contract must deliver the full, quoted CIR exclusively for the Delano Joint Union High School District. No portion of the guaranteed bandwidth can be shared with other customers or diverted for other uses.

In summary, the district requires that the Service Provider deliver, manage, and maintain dedicated fiber optic connection at Delano High School, with a guaranteed minimum bandwidth (CIR) that is solely for the district's use. The provider must also be able to prove that this guaranteed bandwidth is being delivered as specified.

**Special construction:** The Service Provider shall submit a written schedule detailing the number of workdays required for network design, fiber optic path needed, trenching, fiber optic rack implementation, circuit testing, and circuit cutover upon contract execution. The schedule must include start dates, on-site work dates, and contact information for the project manager and design team. Weekly progress updates are required to ensure Internet Bundled Services commence on July 1, 2026.

## GENERAL REQUIREMENTS

The Internet Service Provider must quote a turn-key solution that will be installed, tested, fully operational, and accepted by the Delano Joint Union High School District by July 1, 2026. All services and invoices associated with this contract must begin July 1, 2026. If Service Provider is unable to start services on July 1, 2026, the Service Provider will be responsible for all costs to the district to continue existing Internet connectivity to the Delano Joint Union High School District due to missing the deadline of July 1, 2026.

The Delano Joint Union High School District requires basic maintenance, an efficient routing configuration (Layer 3), and oversight/support of the WAN from egress point, throughout ingress connections, to edge equipment of all necessary locations to enable the continued operation and upkeep of the network.

The Service Provider must include an explanation of the capabilities of their centralized network testing, trouble correction system, provide 5x9 uptime at all times, provide network physical layout, provide network logical layout for the services being requested, and procedures utilized during any service outage.

The Service Provider will be responsible for notifying the DELANO JOINT UNION HIGH SCHOOL DISTRICT point of contact of any problems affecting service within 2 hours of occurrence by phone or e-mail on a 24x7x365 basis.

The Service Provider will provide a contact list consisting of a toll-free help desk and an escalation list of responsible Service Provider personnel.

The Service Provider Will Notify DELANO JOINT UNION HIGH SCHOOL DISTRICT point of contact immediately if any lines are causing harmful activity (denial of service attack, malware, etc.). Service Provider may suspend the Digital High-Speed circuit, during periods of harmful activity.

In case of service interruption, the Service Provider shall restore Internet services to the Delano High School within four (4) hours of any service interruption. This restoration period shall commence upon notification by the district or detection by the Service Provider, whichever occurs first.

**General Requirements (cont).**

Reporting and Verification: The Service Provider shall maintain detailed records of all service interruptions and restoration times and provide monthly reports to the district. The district reserves the right to audit these records upon request.

Escalation: If the Service Provider anticipates that restoration will exceed four (4) hours, immediate escalation to District-designated contacts is required, along with a written action plan for service restoration.

Remedies for Non-Compliance: If the Service Provider fails to restore service within the specified four (4) hour window, the district shall be entitled to a service credit equal to one day's prorated service fee for each hour, or portion thereof, that the outage exceeds the four-hour limit. Repeated failures to meet this requirement may constitute grounds for contract termination.

The service requested in this RFP will transport full quoted bandwidth committed information rate (CIR) for Delano Joint Union High School District 's use only. The district is asking that Service Provider provide in contract language that district will be allocated 100% dedicated bandwidth requirements requested in this RFP, Service Provider must include a copy of their service agreement with their proposal.

The Delano Joint Union High School District is a public school and utilizes California State law as pertains to the public entities.

The district is looking for pre-approved contracts – CALNET, CMAS, NASPO, NEXTGEN, SPURR, Etc.

**WAGE RATES:**

**CALIFORNIA prevailing wage rates have been requested and are of this award.**

**DURATION OF EXECUTION OF CONTRACT:**

The duration of this contract shall be three (3) years with an optional renewal for another two (2) years.

**PROPOSAL PRICING REQUIREMENTS:**

The Service Provider's proposal price for Internet Bundled Services to include both transport and Internet access of 25Gbps-100Gbps. Service Provider to also include 64 IP addresses available to the district upon start of service beginning July 1, 2026. Pricing for a three (3) year term with optional renewal for another two (2) year term.

**OTHER REQUIREMENTS**

The Internet Service Provider vendor must be willing to file a SPI on behalf of Delano Joint Union High School District and comply with all applicable E-rate rules and regulations.

Delano Joint Union High School District requires that any special construction costs (cabling) be provided by the vendor and provide a cost break down for e-rate submittal and bid documents package be turned in with bid proposal.

The vendor shall provide a physical and logical Network Drawing of proposed network in a Visio and PDF format.

Vendor will provide Internet access to District during any and all special construction period to achieve 20Gbps Internet access. Costs to provide 20Gbps during special construction Internet access must be included in pricing. This is a production network and requires 24/7/365 Internet connectivity.

Vendor will provide 64 IP addresses for this Project.

**METHOD OF AWARD:**

It is not District policy to award contracts based solely on the lowest price. The district Board of Trustees reserves the right to accept or reject any or all bids, waive any informalities or irregularities, and act as the sole judge of the merits and qualifications of the items offered. The Board may accept the bid deemed to be in the best interest of the School District.

**TERMINATION:**

The Delano Joint Union High School District reserves the right to terminate this contract, in whole or in part, by providing thirty (30) days written notice from the School District Superintendent to the Contractor or Vendor indicating the District's intent to do so.

**BUDGETARY  
FUNDING:**

It is understood by and between the parties hereto that this contract shall be deemed executable only to the extent of the monies appropriated and available for the purpose of this contract and no liability on account thereof shall be incurred by the Delano Joint Union High School District beyond monies appropriated and available for the purpose thereof. For any year, beyond the initial contract year, this contract is contingent upon the appropriation of sufficient funds to continue the Bundled Internet Services project. Should a bidder require any additional information about the items being bid on in this proposal please contact:

Telephone (661) 720-4541**

**BIDDER NOTE:**

**Bidders are required to provide one (1) paper copies and one (1) electronic copy of their bid.**

**Please use separate bid sheets and separate Manila envelopes.  
Mark Envelope – DJUHSD C1 BUNDLED INTERNET  
SERVICE PROJECT and Date on the envelope.**

**The Bid Signature Pages (last pages of this bid) MUST BE FILLED IN AND SIGNED at the time of the bid. Failure to fill in these pages may result in disqualification of your bid.**

## ***DETAILED SPECIFICATIONS***

MPoE Location: 1331 Cecil Avenue Delano Ca. 93215

### **CIRCUIT SPECIFICATIONS**

Internet Service Provider (ISP) shall provide bundled Internet services for bandwidth and ISP services for 25Gbps and up to 100Gbps (up/down), 64 IP addresses (contiguous) and fiber optic (SR) handoff. Please provide separate pricing for all options for three (3) years, and renewal two (2) year terms. Also, please separately identify all additional taxes, fees, one-time costs, and charges associated with this service. Vendor must include a cost breakdown of any special construction costs of providing fiber optic cable plant to provide ISP services to the district. The district must be informed of any special construction to provide and install the fiber optic cable plant to the MPoE. District must also be informed of any construction costs that must be provided by the district for vendor to provide services to MPoE e.g. electrical power, air conditioning needs, space allocation for racks, etc. Internet access must continue to be accessible while vendor installs necessary circuits, conduit, fiber optic cable, trenching, renting pole space, etc. Vendor is to provide school district with 20Gbps Internet Access during any special construction. This is a production network and as such requires Internet access availability at all times. Please bid accordingly.

Delano Joint Union High School District reserves the right to change any circuit to an alternate speed or change the Internet Access to egress bandwidth with a 30-day notice to the vendor. In addition, Delano Joint Union High School District may discontinue any circuit (if any of the district locations are closed, loss of budget for the project) with a 30-day notice to the vendor. All quoted transfer rates will be available for the life of the contract.

**School District DMARC Location:**  
**1331 Cecil Avenue Delano CA 93215**

Please Initial\_\_\_\_\_Special Construction: Service Provider must provide in writing the length of workdays required for network design, design implementation, campus trenching (path), school site access requirements, testing, cutover to district, etc., once the service contract is signed. Service Provider is asked to provide cost break down of any special construction costs as part of the bid package to district. The Service Provider must be ready to have fully operational fiber optic circuits in place and accepted by Delano Joint Union High School District by July 1, 2026.

Please Initial\_\_\_\_\_This is a production network and as such always requires Internet access to all school sites. The fiber optic circuits to school sites provide Internet access for online curriculum and must continue to be accessible while the Service Provider installs necessary circuits, fiber, etc. Any costs to district to continue existing connectivity between school sites (DHS, CCHS, RFKHS) due to missing deadline of July 1, 2026, will be billed to the Service Provider. Please bid accordingly.

Please Initial\_\_\_\_\_Please provide separate pricing for all options for three (3) years and optional renewal for additional two (2) year term. Also, please separately identify all additional taxes, fees, and charges associated with this service.

Please Initial\_\_\_\_\_Delano Joint Union High School District reserves the right to change any circuit to an alternate 25Gbps-100Gbps bandwidth with a 30-day notice to the Service Provider. In addition, Delano Joint Union High School District may discontinue any circuit (if any of the district locations are closed or loss of budget line-item funding for this service) with a 30-day notice to the Service Provider. All quoted 25Gbps-100Gbps transfer rates will be available for the life of the contract.
