

Health and Biomedical Sciences Summer Camp

**Get the experience:
Lebanon Valley College
July 27-August 1, 2026!**

<https://www.lvc.edu/about/camps-community-programming/health-biomedical-sciences-camp/>

Program Description:

Through lectures and **hands-on laboratory investigations** in state-of-the-art laboratories, students will be introduced to the fundamentals of disciplines such as molecular biology, neuroscience, pharmacology, immunology, physiology and other medical sciences. Students will learn how laboratory science can be translated into improved human health, and they will **engage in investigative experiences** that will allow them to apply their laboratory skills to real life problems. In addition, **students will interact with practicing professionals** in fields such as medicine, physician assistant, health psychology and biomedical laboratory research.

The Health and Biomedical Sciences camp will provide a fun, challenging and engaging college environment in which students will develop a deeper understanding of what it means to be a biomedical scientist and health professional!

Please don't hesitate to contact Dr. Courtney Lappas, Camp Director, if you have any questions!
Dr. Lappas can be reached at lappas@lvc.edu or (717) 867-6179.
