2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Welcome to El Gabilan Elementary School, Home of the Hawks! At El Gabilan, we are committed to ensuring that each child receives rigorous and systematically planned instruction in a safe and nurturing environment.

We are a Title 1 school that educates approximately 547 students daily. Our school is composed of twenty-one General Ed Classes, TK through sixth grade, one RSP class, and three Special Day Classes that serve students with Autism. We also host two State Pre-school classes on-site. Approximately fifty-nine percent (59%) of our students are English Learners, fifty-three percent (53%) of our students are identified as homeless, eighty-two percent (82%) are Socioeconomically Disadvantaged, and sixteen percent (14.8%) are students with disabilities.

We are equally committed to developing instructional practices that keep us at the forefront of 21st-century teaching techniques. Our Leadership Team, School-Site Council, and campus administrators are prepared to build the capacity of our stakeholders, ensure our direction is intentional and focused, redesign organizational structures to support our school-wide goals, and manage the instructional program to meet the needs of our students. One major goal is to use our 21st-century skills to become a Future Ready School. The aforementioned is guided by our shared vision and mission:

VISION: The El Gabilan Elementary School Vision is to Spark Engagement, Open Awareness, Activate Leadership, and Redefine Education.

MISSION: At El Gabilan School, it is our mission to spark engagement through personalized learning, open awareness by encouraging mindful communication, activate leadership by valuing agency, and redefine the educational experience to ensure success today and empowerment for the future.

We provide a quality education, qualified educators, and a collaborative environment where students are prepared with the critical skills and knowledge to be college and career-ready in the 21st century. Our instructional delivery is enhanced by Problem-Based Learning via Units of Study that are developed by our own teachers. Our teachers receive ongoing professional development on the CCSS Standards, Units of Study (UOS), and Problem-Based Learning (PBL). The success of our academic program is evidenced by growing scores on State and Local assessments, as well as student work samples. We have a full-time academic coach who supports our teachers with PBL professional development, planning, and instruction. In

2025-26 School Description and Mission Statement

In addition to PBL, we offer remedial programs, enrichment programs, fine arts, clubs, and sports activities, which amplify our strong academic program. For students in need of academic support, classroom teachers provide Tier 1 intervention via small groups, 1:1 support, and differentiated instruction. Additionally, we follow the Multi-Tiered System of Support framework for coordinating services and supports for our students in Tier 2 and Tier 3 levels. These include our site-based intervention program with an Acceleration Specialist and paraprofessionals who pull students out or push in to the classrooms. This Intervention program provides students with Supplemental Education, Phonics, and reading intervention via the SIPPS program. This intervention program is provided for individuals and groups of students in kindergarten through sixth grade, as necessary. All students participate in regularly scheduled visits to the library to check out books, develop their literacy skills, and use technology for research or reading comprehension by way of Accelerated Reader. English Learners receive daily English Language Development (ELD) instruction for 30-45 minutes, in addition to planning of lessons for Integrated ELD throughout the day and across the curriculum. For Mathematics, we are utilizing the Eureka program. Teachers provide whole group instruction and also provide small group instruction to address student needs. In addition, we offer a Future Ready experience to our students by providing each student access to a Chromebook for use at school and home. We want to ensure that our students are digitally literate. After-school programs are continuously offered to approximately 80 students in Best of Education and Safety Time (BEST). This ASES-funded after-school program provides enrichment opportunities and homework support to our students.

Beyond academic support, we are fostering a safe and nurturing learning environment for our students through opportunities for Social Emotional Learning (SEL). Students receive SEL via PBIS, Toolbox Character Ed. Program and Zones of Regulation. All students have access to an SEL check-in via PBIS Rewards, which helps us monitor which zones students are in daily. Counseling support is available to help emotionally or behaviorally challenged children, provided by our school counselors and check-ins with our school psychologist. Our School Counselor supports students who may be exhibiting a pattern of "Bullying" behaviors, as well as students who may be victims of bullying behavior. Additionally, we have a Monterey County Behavioral Health Counselor who comes to our site to work with students in need of their services. Our School Psychologist plays a major role in supporting all counselors as well as providing direct services to students, beyond the check-ins.

Our families and community members are valued partners in our children's social, emotional, and academic development. We believe that through the support and efforts of all members working in unity, our students and community will flourish. In an effort to strategically plan parent engagement activities, we have a full-time Parent Coordinator. We develop a partnership by providing a multitude of opportunities for our parents and community members, such as: Back to School Night, Open House, First Day Celebration, Nights at the Future Museum, Cafecitos, Latino Literacy, Parenting Partners, School Site Council, ELAC, presentations by school psychologists, school counselor, Dia del Niño / Day of the Child family event, Holiday Events, Mother's Day Resource Fair, family literacy night, and more.

We have committed teachers and staff, dedicated parents, and highly motivated students. Hawks SOAR to be More! You are welcome to contact us to discuss the educational programs offered here at El Gabilan Elementary School.

Major Achievements, Recognition, and Activities:

- 2024 California PBIS Coalition for PBIS implementation- Platinum Recognition
- Field trips and assemblies provide enrichment for students.
- School-sponsored volleyball, basketball, soccer teams/clubs provide opportunities to continue to build physical, social skills, and school pride.
- Student Leadership Opportunities: Playworks Junior Coaches, Hawk Squad, and Hawk Talks.
- Visual and Performing Arts: Vocal music taught to all grade levels during the school day, Visual Arts, and Dance.
- Recognitions: Accelerated Reader reading goals, Perfect Attendance, Gold Coin Scholars.
- Implementation of Problem-Based Learning.
- Continued and ongoing professional development for Certificated and Classified staff
- Parental Engagement opportunities via classes, presentations, and conferences

Other forms of on-site support for students and families:

- Cal State Monterey Bay Service Learning Students
- Full Time, 12-month Parent Coordinator

* Full-Time Campus Supervisor

- Field Adult English Class

Focus for Improvement

1. Students not meeting standards will be provided with interventions and extended learning opportunities.
2. All students, regardless of their performance levels, will receive appropriate differentiated instruction in all subject matters via small group instruction during the instructional day.
3. Continue to develop Units of Study and improve the delivery of each Project-Based Learning unit for enhanced student

2025-26 School Description and Mission Statement

outcomes.

4. Academic Coach will train and support teachers in the implementation of the CCSS (Standards), Units of Study, and best practices.
5. Data Teams will identify learning goals, develop common formative assessments, monitor student progress, and refine instruction.
6. Establish expectations for implementation of school-wide Designated and Integrated ELD and provide professional development for effective implementation.
7. Continue to implement the Toolbox, PBIS, and Anti-Bully programs to provide social and character education, with increased focus and implementation on Zones of Regulation.
8. Strong implementation of Multi-Tiered Systems of Support (MTSS)
9. Direct services from MTSS Intervention teacher or paraprofessionals to increase proficiency in English Language Arts and Math

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Salinas City Elementary School District has made every effort to comply with the Instructional Quality Commission of the California State Board of Education. Curriculum frameworks have provided guidance for implementing the content standards adopted by the state and the district. Approved supplemental materials have also been provided for school sites to support instructional differentiation and the Response to Intervention program model.

School Facility Conditions and Planned Improvements

The district administration is committed to providing safe, clean, and well-maintained school facilities for students and staff. During the 2024–2025 school year, maintenance staff conducted multiple safety inspections, including a comprehensive facilities inspection in compliance with state regulations. The results of the state-mandated facilities inspection are included elsewhere in this report and are also available for review at the district office. Additional information specific to this school's facilities is provided below.

Classroom space is adequate to support current enrollment. The campus consists of permanent buildings and classrooms, as well as modular classrooms. Modular facilities are used to support instructional and extracurricular programs, accommodate fluctuating student enrollment, reduce class size, and meet state-established student capacity standards. The school provides

School Facility Conditions and Planned Improvements

adequate playground space and age-appropriate equipment for student recreation. Administrative spaces are also deemed adequate by the school principal.

The district operates and maintains a comprehensive suite of safety and security systems at the school site, including individualized card-access controls, mechanically assisted gate operators, and magnetic locks programmed to meet specific security requirements. All visitors are required to check in during instructional hours before entering the campus.

Facility maintenance and repairs are performed by district maintenance staff with an emphasis on exceeding established standards for cleanliness, safety, and good repair. Maintenance services are managed using a team-based approach, with the maintenance team leader maintaining regular communication with the school principal and head custodian. A computerized work order system is used to request, assign, track, and complete all maintenance and repair tasks. Daily cleaning of classrooms and restrooms is provided by school custodial staff under the direction of the principal and guidance of the head custodian. The district's operations department secretary coordinates substitute custodial staffing and procures custodial equipment and supplies. The Maintenance Supervisor maintains regular communication with both operations staff and the school to ensure ongoing facility needs are met.

A full playground redevelopment is planned for summer 2026.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Our families are integral to the success we have in the school community. The school administration is committed to supporting parents and helping to forge strong school-to-home relationships. Our full-time parent coordinator has a passion for parent and community involvement. With her contributions, we can provide a variety of engagement opportunities for our parents and community members. With Title I Parent Involvement funding, we provide parents with opportunities to attend trainings and workshops throughout the school year.

Our School Site Council approves the school's annual plan and budget. This group of parents, teachers, and administrators meets each trimester to monitor the Single Plan for Student Achievement and to discuss issues of concern to the school community. In addition, we have an active English Learner Advisory Committee (ELAC) that monitors the programs for English Learners and trains parents to assist students in school and provide leadership. Our Parent Organization is involved in many aspects of our school, including fundraising, volunteering, and enhancing programs for all of our students. ELAC meets monthly, and our Parent Organization meets quarterly.

We have many opportunities for parents to participate in the school community, and we depend on parents to keep our programs running smoothly. Parents can participate in the following ways:

- School Site Council (SSC), which works with administration to help plan for academic improvement and to make financial decisions on programs provided by special-purpose funds.
- English Learner Advisory Committee (ELAC), which is a committee that represents English learners and provides input to our School Site Council.
- SPED Parent Meetings. Our site hosted several parent meetings to update and inform parents of changes in the program.
- Family Nights- We encourage all parents to attend Back to School Night in the fall and Parent-Teacher conferences in November and March, as well as our Night at the Future Museum events.
- We have many parents who volunteer in classrooms daily, and we always welcome new volunteers.
- Volunteer for school-wide family events and classroom events
- Conference with teachers
- Regular communication with school staff
- Consistent check-in on Parent Square for updates and information.

Both site administrators are available to meet with parents throughout the school year.

To inquire about any of the opportunities noted above or other opportunities to engage in your child's education, please contact our Parent Coordinator at (831) 442-3119 and call or visit the school office - (831) 753-5660.

2025-26 School Safety Plan

The Comprehensive School Safety Plan is updated annually. The plan includes procedures for various emergencies, exit routes, and inventories of emergency supplies. The safety plan includes a very specific, first-response plan that includes Crisis Teams as well as each member's duties and required gear. The safety plan was presented to Staff and School Site Council members with opportunities to provide feedback and input. All staff received training on the Big Five protocol (1. Shelter in Place, 2. Drop, Cover, and Hold on, 3. Secure Campus, 4. Lockdown/Barricade, and 5. Evacuation) to ensure everyone was aware of the latest practices related to safety. Additionally, the plan is readily available in our school office. We conduct the following emergency response drills at the noted minimum frequency: fire/monthly (after-school programs, 3 times annually); lockdown & shelter-in-place (after-school programs 2 times annually), and earthquake once per year via the Great California Shakeout, which took place on October 15, 2025. Safety concerns and procedures are shared and addressed at staff meetings or via written communication with staff and families.

Our school has a fully encompassing security fence with electronically controlled access gates: 4 pedestrians and 2 vehicles. These gates ensure that all visitors enter through the main office when school is in session. Visitors are required to check in at the school office. We utilize the Raptor Visitor Management System to screen our visitors. Once screened, the visitors will receive a visitor's pass that contains the visitor's photo. Staff members are asked to report anyone without a pass to the school office. Students who leave before the end of the school day must be signed out by a responsible adult at the school office.

We review and organize disciplinary procedures with the staff and students throughout the school year. Implementing the PBIS model to teach behavior expectations. We teach and review behavior expectations for all areas of our campus, including playground rules, to ensure safety on the campus. Communication: Classified yard duty members use walkie-talkies to communicate with the office from the playground. There is an intercom system, and intercom telephones are located in each classroom. Additionally, we utilize a private channel for internal communication regarding safety during drills and emergencies. Lastly, we utilize Parent Square to communicate alerts with our families.

Students are permitted to enter campus 30 minutes before the start of instruction; however, our site provides supervision beginning at 7:15 am. We have one supervisor in front of the school, one at our main gate entry point, and another in the inside breezeway area. We have an additional staff member who supervises students who are enjoying a nutritious breakfast in our Cafeteria. Ten minutes before the start of instruction, students report to their classroom and are supervised by their teacher. Teachers supervise students during morning recess, and classified staff supervise during the lunch period. The Principal and the Vice Principal continuously supervise students and support staff throughout the entirety of the day. Our site hired a 6.5-hour Campus supervisor to provide additional and continuous supervision of students throughout the school day.

Staff are all aware of their requirement to renew their CPR and First Aid requirements, which is noted in our safety plan. Lastly, all staff are trained annually on Mandated Reporting, in accordance with the law.
