COLLEGE CREDIT PLUS

Wooster High School

State Required

The State of Ohio requires schools to offer an annual College Credit Plus (CCP) information presentation. This session explains how CCP works, including eligibility, expectations, deadlines, and next steps.

What is College Credit Plus?

College Credit Plus is Ohio's dual credit program

- ☐ Students can earn high school and college credit at the same time
- ☐ Ohio residents in grades 7-12; enrolled at a public/private high school or homeschooled
- ☐ Take a variety of courses at any public and participating private college in Ohio
- ☐ Courses held at the high school, on a college campus, or online

How can students participate?

Step 1: Eligibility

A student is eligible for the College Credit Plus program if the student meets any of the following criteria:

Obtains a remediation-free score on one of the standard assessment exams

Has a cumulative unweighted high school grade point average of at least 3.00

How can students participate?

Step 2: College Admission

- ☐ Students must apply for admission at each institution
 - ☐ Admission is reviewed per the requirements of the college or university; contact the college to find specific information
- ☐ College applications include the permission slip for mature content and a questionnaire about emotional maturity
- ☐ Colleges have the final decision on student admission

How can students participate?

Step 3: Course Registration

- ☐ The college will discuss course options with the student, based on assessment scores, prerequisites, and other requirements
- ☐ School counselors can help students understand graduation requirements and CCP course substitutions

Course Eligibility Rules

Students must complete their first 15 credits in Level I courses, which include:

Transferable courses

Courses in IT, Computer Science, Anatomy & Physiology, foreign language

- ☐ Courses that are part of a technical certificate
- ☐ Courses that are part of a 15- or 30-credit pathway
- ☐ Courses in study skills, academic or career success

Course Eligibility Rules

Non-allowable courses include:

- ☐ Private applied courses with one-on-one instruction (such as performing art lessons)
- ☐ Courses with high fees
- ☐ Study abroad courses
- ☐ Physical education courses
- ☐ Pass/Fail graded courses
- ☐ Remedial courses or religious courses

How many classes can students take?

Students may be enrolled in up to 30 credits per year, which includes high school courses:

- ☐ Calculation: $30 - (\text{HS units} \times 3) = \text{max CCP credit hours}$
- ☐ The maximum number of college credits a student can complete while participating in the program is 120

If a student enrolls in more than 30 credits for the year, they can:

- ☐ Drop the course prior to the no-fault withdrawal date
- ☐ Pay for the entire course at the college's standard rates

Additional Considerations

Grades

The final grades earned in the college course are the same grade that will be on the high school transcript

- CCP course grades will be factored into the high school and college GPAs

Grade Weighting

- High schools must weight all advanced standing courses in a subject area consistently (CCP, AP, IB, Honors)

Additional Considerations

Selective Service

- ☐ Male students who are at least 18 years of age and Ohio residents are required to be registered with the Selective Service System
- ☐ Students are required to provide their Selective Service number to the public college or university within 30 days of their 18th birthday
- ☐ Failure to submit the Selective Service number will result in the student not being considered a College Credit Plus participant for that semester or term
 - ☐ The student will be responsible for any tuition, textbooks, or fees associated with the course(s)

What are the consequences of underperforming?

Families may be asked to reimburse courses if:

The student does not earn a passing grade in their course

The student withdraws after the no-fault deadline at the college

NOTE: A student that is considered “economically disadvantaged” can not be asked to reimburse the cost of the course(s)

What are the consequences of underperforming?

College Credit Plus Probation

A student will be placed on CCP probation if:

- ☐ They earn less than a cumulative 2.0 GPA in CCP courses
or
- ☐ They withdraw from 2 or more courses in one academic term

What are the consequences of underperforming?

After HS Graduation:

- ☐ Grades earned in CCP will remain on students' college transcripts permanently
- If students fail or withdraw often, future financial aid may be also impacted negatively
 - ☐ Satisfactory Academic Progress (SAP) is a requirement for financial aid
 - ☐ Standards vary by institution

What about athletic eligibility?

Student athletes should:

- ☐ Learn the Ohio High School Athletic Association (OHSAA) requirements
- ☐ Know that summer term CCP courses cannot be used to bring a student into compliance with the OHSAA requirements for interscholastic athletic participation

Will the course credits transfer?

Certain general education and technical courses will transfer, especially from one Ohio public college to another Ohio public college

- ☐ Students must check with colleges to confirm transferability
- ☐ Students should also visit <https://transfercredit.ohio.gov> for transfer information

Will the course credits transfer?

<https://www.transferology.com/>

- Students will need to create a free account
- Students can enter which course they are taking and see how many schools in the Transferology network have matching courses for which credit may be awarded when they transfer.

What are the deadlines?

Intent to Participate

- ☐ April 1: Complete and return the form to the school office. Submitting your form before this deadline allows you to participate in CCP for the full academic year
- ☐ November 1: If you did not submit an Intent to Participate form before the April 1 deadline, you may complete and return your form before this deadline. Submitting your form before this deadline allows you to participate in CCP during the subsequent term.

Check ACT and SAT testing dates

Test early to meet college/university admission deadlines (if required)

Semester deadlines

- ☐ Summer semester deadline will be early as classes usually start in May
- ☐ Check with the college for all other semester deadlines

Next Steps

- ☐ Contact the college and discuss assessment testing requirements
- ☐ Complete the Intent to Participate form and provide to the school office by April 1 (Full Academic Year) or by November 1 (Half Year)
- ☐ Apply for admission at the college of choice by the deadline
- ☐ Attend the required CCP Orientation at your CCP Institution
- ☐ Meet with your school counselor to discuss scheduling and graduation requirements

Permission Slip
Mature Content

This permission slip must be completed and signed by a student and parent/guardian in order for the student to enroll in college courses under the College Credit Plus program.

A student eligible to participate in College Credit Plus and admitted to a college/university will enroll in actual college courses, which may include "mature subject matter" as defined in Ohio Revised Code 3305.035.

PLEASE TYPE OR PRINT:

We, _____ (Student Name) and _____ (Parent Name) hereby understand that by enrolling in College Credit Plus courses:

- The subject matter of a course enrolled in under the College Credit Plus program may include mature subject matter that will not be modified based upon College Credit Plus enrolled participation regardless of where course instruction occurs.
- Further, we acknowledge that state law requires the signed form be submitted in the student's application to the college/university. Follow the instructions of the college/university to submit this form with the application materials.

The signatures below indicate permission is granted to participate in College Credit Plus. It is the parent's/guardian's responsibility to be aware of and monitor the student's enrollment based on information provided by the college.
