- Education Capstone (2)

EPHS Pathways

Pathways at Eden Prairie High School provides a set of experiences that students can pursue to engage in deeper learning while preparing them for future careers and life goals. Students have the opportunity to gain and apply knowledge and skills as they take part in resources projects and audiences that are authentic to a specific career field of interest. They also interact directly with industry professionals to enhance their learning and experience.

Pursuing a Pathway is not something that students test into or add to their course credit load. It is an opportunity to work within the graduation requirements and available activities to see the bigger picture of where a student's interests lie what opportunities may be available to them in the future and tailor their experience appropriately. It provides a path for their educational journey exposure to "real world" opportunities and highlights their development in a specific field. A Pathway experience can enrich their time at the high school and set them up for success after graduation.

Our five Pathways are:

Business & Management

Human & Public Services

Natural & Applied Sciences

Engineering, Technology & Manufacturing

Communication & Arts

Why Pursue a Pathway?

- Capstone projects provide experiences scholarships, employers, and colleges are looking for
- Make authentic products or services
- Pathway completion goes on your transcript for colleges and scholarships!
- All Capstones: go on 3-4 field trips/site visits; have 6-8 guest instructors; are project based, you apply knowledge
- Earn college credit and certifications!
- "Sometimes it's about who you know"
- grow your network and receive mentorship
