

Clark County School District Providing the Back to School Legal Notices to Parents/Guardians

Overview

The [2024–2025 Back to School Legal Notices](#) publication is available online for parents/guardians.

The Clark County School District (CCSD) shares the publication with parents/guardians during online registration for students and also promotes the availability of the Back to School Legal Notices through ccsd.net and social media. As a note, the Back to School Legal Notices has a language plug-in enabling families to access the publication in a variety of languages beyond English and Spanish.

Parents/Guardians, if they choose, can request a printed copy of the Back to School Legal Notices in English or Spanish at their child's school or two other CCSD facilities – the Administrative Center at 5100 W. Sahara Ave. and the Edward A. Greer Education Center at 2832 E. Flamingo Road.

Principals should notify office employees to bookmark the [2024–2025 Back to School Legal Notices](#) on their computers, where the English and Spanish PDFs of the publications can be found. If families request a printed version, office employees can download and print PDFs of the Back to School Legal Notices.
