- **Weight** - Please note pounds vs. kilograms. If the form is being used for WIC, the weight must have been taken within the last 30 days.
- **Height** - Please note inches vs. centimeters. If the form is being used for WIC, the height must have been taken within the last 30 days.

The Immunization record must be attached for the form to be valid.

- "Date next immunization is due" is optional but helps child care providers to assure that children in their care are up-to-date with immunizations.

3. **Medical Conditions** - Please list any ongoing medical conditions that might impact the child's health and well being in the child care or school setting.

a. Note any significant medical conditions or major surgical history. **If the child has a complex medical condition, a special care plan should be completed and attached for any of the medical issue blocks that follow.** A generic care plan (CH-15) can be downloaded at www.nj.gov/health/forms/ch-15.dot or pdf. Hard copies of the CH-15 can be requested from the Division of Family Health Services at 609-292-5666.

b. **Medications** - List any ongoing medications. Include any medications given at home if they might impact the child's health while in child care (seizure, cardiac or asthma medications, etc.). Short-term medications such as antibiotics do not need to be listed on this form. Long-term antibiotics such as antibiotics for urinary tract infections or sickle cell prophylaxis should be included.

PRN Medications are medications given only as needed and should have guidelines as to specific factors that should trigger medication administration.

Please be specific about what over-the-counter (OTC) medications you recommend, and include information for the parent and child care provider as to dosage, route, frequency, and possible side effects. Many child care providers may require separate permissions slips for prescription and OTC medications.

c. **Limitations to physical activity** - Please be as specific as possible and include dates of limitation as appropriate. Any limitation to field trips should be noted. Note any special considerations such as avoiding sun exposure or exposure to allergens. Potential severe reaction to insect stings should be noted. Pediatric asthma action plans can be obtained from The Pediatric Asthma Coalition of New Jersey at www.pacnj.org or by phone at 908-687-9340.

f. **Special Diets** - Any special diet and/or supplements that are medically indicated should be included. Exclusive breastfeeding should be noted.

g. **Behavioral/Mental Health issues** - Please note any significant behavioral problems or mental health diagnoses such as autism, breath holding, or ADHD.

h. **Emergency Plans** - May require a special care plan if interventions are complex. Be specific about signs and symptoms to watch for. Use simple language and avoid the use of complex medical terms.

4. **Screening** - This section is required for school, WIC, Head Start, child care settings, and some other programs. This section can provide valuable data for public health personnel to track children's health. Please enter the date that the test was performed. Note if the test was abnormal or place an "N" if it was normal.

Information Regarding SEMI Parental Consent

Background: The State of New Jersey has participated in a Federal program, Special Education Medicaid Initiative (SEMI), since 1994. The program assists school districts by providing partial reimbursement for medically-related services listed on a student's Individualized Educational Program (IEP).

The SEMI program is under the auspices of the New Jersey Department of the Treasury through its collaboration with the New Jersey Department of Education and New Jersey Division of Medicaid Assistance and Health Services.

In 2013, the regulations regarding Medicaid parental consent for school-based services changed. Now the regulations require that, prior to accessing a child's public benefits or insurance for the first time, and annually thereafter, school districts must provide parents/guardians written notification and obtain a one-time parental consent.

Is there a cost to you?

No. IEP services are provided to students while at school at no cost to the parent/guardian.

Will SEMI claiming impact your family's Medicaid benefits?

The SEMI program does not impact a family's Medicaid services, funds, or coverage limits. New Jersey operates the school-based services program differently than the family's Medicaid program. The SEMI program does not affect your family's Medicaid benefits in any way.

What type of services does the School-Based Services program cover?

- Evaluations
- Speech Therapy
- Occupational Therapy
- Physical Therapy
- Psychological Counseling
- Audiology
- Nursing
- Specialized Transportation

What type of information about your child will be shared?

In order to submit claims for SEMI reimbursement, the following types of records may be required: first name, last name, middle name, address, date of birth, student ID, Medicaid ID, disability, service dates and the type of services delivered.

Who will see this information?

Information about your child's special education program may be shared with the New Jersey Division of Medicaid Assistance and Health Services and its affiliates, including the Department of the Treasury and the Department of Education for the purpose of verifying Medicaid eligibility and submitting claims.

What if you change your mind?

You have the right to withdraw consent to allow for Medicaid billing at any time. If you would like to revoke consent, please contact the school in which your child is enrolled in writing.

Will your consent or refusal to consent affect your child's services?

No. Your school district is still required to provide services to your child pursuant to his or her IEP, regardless of your Medicaid eligibility status or your willingness to consent for SEMI billing.

What if you have questions?

Please call your school district's Special Education department with questions or concerns, or to obtain a copy of the parental consent form.

Special Education Medicaid Initiative (SEMI) Parental Consent Form

Audubon School District

Our school district is participating in the Special Education Medicaid Initiative (SEMI) program that allows school districts to bill Medicaid for services that are provided to students.

In accordance with the Family Educational Rights and Privacy Act, 34 CFR §99.30 and Section 617 of the IDEA Part B, consent requirements in 34 CFR §300.622 require a one-time consent before accessing public benefits.

This consent establishes that your child's personally identifiable information, such as student records or information about services provided to your child including evaluations, and services as specified in your child's Individualized Education Program (IEP) (occupational therapy, physical therapy, speech therapy, psychological counseling, audiology, nursing and specialized transportation) may be disclosed to Medicaid and the Department of the Treasury for the purpose of receiving Medicaid reimbursement at the school district.

Please complete the information on the form, sign and return it at your earliest convenience to the address above. Elementary students may return the form in a sealed envelope labeled CST to their teacher who will forward it to the Child Study Team office. High school students may return the form in a sealed envelope to the Child Study Team office. Thank you.

As parent/guardian of the child named below, I give permission to disclose information as described above and I understand and agree that Medicaid may access my child's or my public benefits or insurance to pay for special education or related services under Part 300 (services under the IDEA). I understand that the school district is still required to provide services to my child pursuant to his or her IEP, regardless of my Medicaid eligibility status or willingness to consent for SEMI billing.

I understand that billing for these services by the district does not impact my ability to access these services for my child outside of the school setting, nor will any cost be incurred by my family including co-pays, deductibles, loss of eligibility or impact on lifetime benefits.
