What if I want to take Honors classes?

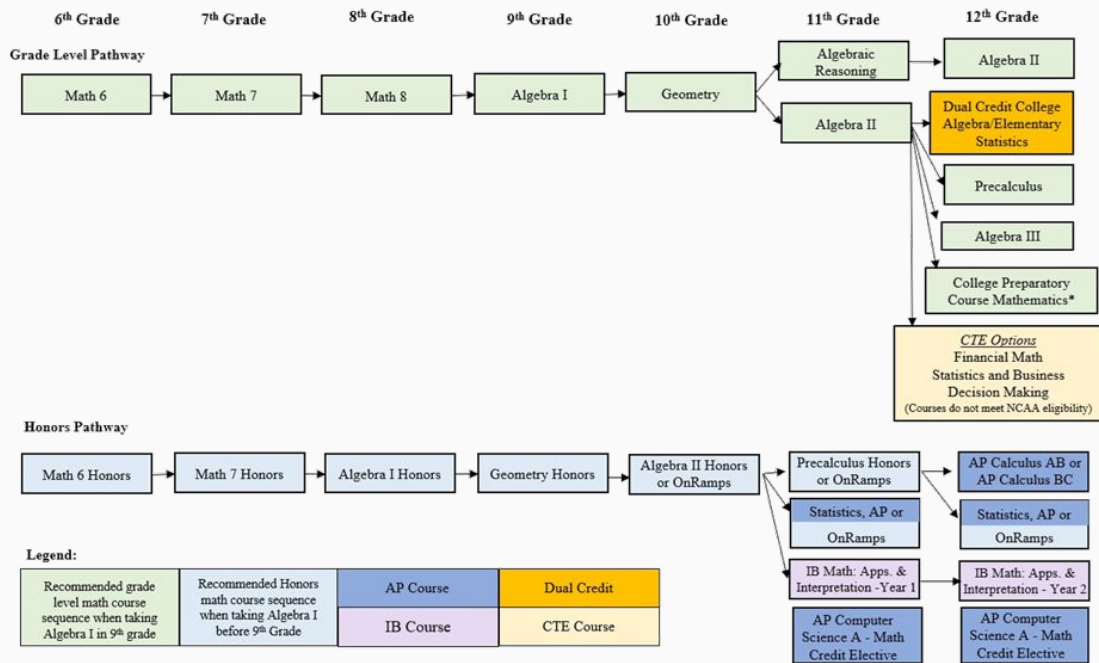

Honors classes are open enrollment for all core subjects, but remember, this comes with a commitment. Once you are in, you are expected to stay in the class, keep up with the pace, and do the extra work.

Do not plan to move into or out of Honors class once the school year begins as our master schedule is based on course requests we receive this spring.

Math On Level/Honors Pathway

6 – 12 Mathematics

Please note that a student may choose a second math course in one school year if prerequisites have been met. Use the table on the previous page to verify prerequisites.
