## LEGO LEGENDS: CASTLES AND WIZARDS

**Snapology**

Step into a world of magic, fairytales, and royalty with Snapology's Castles, Kingdoms & Wizards program, where students use LEGO® bricks to design epic medieval creations while bringing real history to life! Through exciting hands-on builds—like castle entrances, royal crowns, and medieval transportation—children will explore the fascinating world of knights, royalty, castles, and ancient myths, all while strengthening their engineering, creativity, history knowledge, and presentation skills. Each class blends imaginative play with meaningful learning, encouraging students to think creatively, collaborate with peers, and confidently present their unique designs. This engaging program is perfect for young builders ready to become history buffs, creators, and confident presenters—all while having a magical time! Students must be signed-out and picked up by an adult 18 years or older—no transportation.
