2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

School Overview

Our school serves a diverse student population within Manteca Unified School District, which enrolls approximately 24,667 students. Of these, 56.9% are socioeconomically disadvantaged, 22% are English Learners, and 0.5% are foster youth. We are committed to providing equitable access to high-quality instruction and support services for all students.

Academic Performance

According to the California School Dashboard, our school continues to make progress in key areas:

- English Learner Progress: Rated Green, reflecting strong growth and effective language development programs.
- Mathematics: Rated Yellow, with improvement of 3.7 points from the previous year.
- English Language Arts: Rated Orange, indicating a need for continued focus on literacy interventions.
- Graduation Rate: Steady improvement, aligning with district and state trends.

Areas for Growth

We recognize challenges in ELA performance, chronic absenteeism, and suspension rates. Targeted interventions, including Tier 1/Tier 2 supports, Student Success Team (SST) meetings, and Coordination of Services Team (COST) meetings, are in place to address these areas.

Commitment to Equity and Engagement

Our school meets all Local Indicators for standards implementation, parent engagement, and school climate. We actively involve families through goal-setting conferences and provide resources such as Universal Meals, Community Schools, and Literacy Coaches to support student success.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses the Facility Inspection Tool (FIT) instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings

Great Valley School has 46 classrooms, a multi-purpose room and annex cafeteria, two libraries, two computer labs, English Learner lab, and two administration buildings. The main administration building was built in 1998 while the Annex was completed in 2004. The Main Campus includes 40 permanent classrooms and 6 portable classrooms for a total of 46 classrooms. The Annex campus includes 13 permanent classrooms and 8 portable classrooms for a total of 21 classrooms.

Maintenance and Repair

District maintenance staff ensures that repairs necessary to keep schools in good working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

Cleaning Process and Schedule

The District's governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office and at the District Office. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance Program

The District allocates funding for maintenance. The Maintenance Program includes funding for replacement of existing school building components so that the educational process may safely continue. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, wall systems, floor systems, etc.

Modernization Projects

The District is currently planning to renovate and modernize its schools based upon the District's 2014 Facility Master plan and 2019 Needs Assessment. As part of that activity there are projects planned at the campus which will be completed through the use of local funds. State funding will also be sought for those projects which may be eligible for modernization funding.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent and Family Engagement

The success of a school is strongly influenced by the support of parents and the school community. Great Valley Elementary actively promotes family engagement through Parent Cafés and Parents by Choice classes, offered in both English and Spanish. Our Outreach Assistant serves as a liaison between the school, district, and community resources, coordinating food drives, clothing assistance, parent classes, and providing support for students facing barriers to regular attendance.

Parent & Family Engagement Policy

Great Valley Elementary believes education is a partnership between school and home. Parents are encouraged to participate in engagement activities regularly, including meetings where input is welcomed to improve our school plan, compact, and resource allocation based on student needs. Parents are invited to serve on School Site Council (SSC), English Learner Advisory Council (ELAC), and Parent Teacher Association (PTA). Families are encouraged to volunteer in classrooms, attend student performances, and participate in events such as Literacy Night, Math and Science Night, and field trips.

Communication

We strive for consistent and effective communication through newsletters, parent/teacher conferences, NTL messages, Great Valley Facebook page and website, Q Parent Connect, and teacher apps such as Remind and Class Dojo. Parents are encouraged to sign up for PeachJar and use Parent Connect to access grades and attendance.

Parent Education Opportunities

Parents will be offered strategies to support learning at home and improve academic success. An annual meeting will inform families about the Title I program, requirements, and student performance. Information on curriculum, assessments, and proficiency standards will be shared through meetings, conferences, and newsletters.

School Compact

At the start of the year, families receive a Teacher/Student/Parent Compact via the Student Handbook. New students receive the compact during registration. This agreement outlines shared responsibilities for student success.

Feedback and Involvement

Parents can provide feedback and become involved by contacting Principal Theresa Johnson or Outreach Coordinator Susan Love at (209) 938-6300.

2025-26 School Safety Plan

All school sites in the Manteca Unified School District annually update their Comprehensive School Safety Plan in accordance with California Education Code and State legislation. Plans are revised by Site Administration per the required adoption process with appropriate School Site Council public meetings and School Site Safety Team input. At the March 2025 Board of Education meeting, current school safety plans were unanimously approved by the MUSD Board of Education!

The safety of students and staff as well as the security of school campuses are high priorities in MUSD. Safety plans in place are thorough and inclusive of various forms of threats and the protocols aligned for each situation. Staff and students receive ongoing training throughout the school year on emergency response and participate in regular disaster preparedness drills including but not limited to specific procedures for fire, earthquake, flood, civil disturbance, and hazardous chemical situations as aligned with state guidance. Safety plans evolve as necessary to adapt to current local, state, and national conditions.

Each school in Manteca Unified has a dedicated site safety team made up of key personnel who represent differing areas of expertise and perspective relating to campus logistics. The team meets regularly to review, adjust, and implement the best safety procedures for their school communities. Plans outline the many components necessary for a comprehensive safety plan such as steps for preparedness, proactive measures for prevention, emergency response, and a thoughtful blueprint for recovery.

As Manteca Unified School District attendance boundaries expand beyond city limits, MUSD partners and works closely with six law enforcement agencies, three fire departments, and many local first responders. MUSD's master emergency plan as well as school safety plans are reviewed by these agencies.

Site safety team members are requested to earn their ICS 100 certification upon joining the team. Several members of District senior leadership, site principals, and MUSD's Coordinator of Emergency Preparedness and Safety maintain an ICS 402 certification.

Fiscal Year 2024-25 Types of Services Funded

All Manteca schools receive allocations of General Fund support for staffing, instructional materials and supplies, custodian needs, and other uses. Funding for the support services such as maintenance of buildings and grounds, utilities, and student transportation is budgeted on a district-wide, centralized basis and provided to each school site-based on the unique needs of the individual school.

In addition to its support from the local General Fund, each school in the Manteca Unified School District receives yearly allocations from various state and federal categorical programs. The purposes of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students such as limited-English proficient, academically deficient, socio-disadvantaged, and students at risk of dropping out of school.

Professional Development

Manteca Unified School District continuously analyzes student data, utilizes staff surveys, and student surveys to determine professional development needs to improve student learning. As a district, we then prioritize our major focus areas for staff development for each school year. The Educational Services Team then plans out our district professional learning calendar as a collective to ensure it aligns with our district and school site strategic plans. The 2025-26 school year focus is to continue to refine our Tier 1 Inclusive Classroom Instruction to engage and meet the individual needs of every student in literacy and mathematics. In addition to addressing social emotional learning and the academic learning loss of your student population. Manteca Unified provides a variety of professional development in-person and virtually for our Preschool-12th certificated and classified staff. This includes live/independent training courses, live/archived webinars, virtual and in-person training/coaching, administrator academies, and dedicated district-wide training on UTK-8th and 9th-12th Early Release Minimum Days, 9th-12th Late Start Professional Development Wednesdays, UTK-12th District Pull-out Days, and Preschool-12th District-wide Staff Development Days.

This table displays the number of school days dedicated to staff development and continuous improvement.
