Purpose of Collection Development Policy

A school library collection development plan serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida statutes, the District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

A Collection Development Plan Serves Several Important Purposes:

Statutory Compliance: A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.
District Alignment: Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.
Supporting curriculum: The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.
Student needs assessment: It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.
Selection criteria: The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.
Budget management: It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.
Collection maintenance: The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.
Community engagement: It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Pompano Beach High School indicates that the average age of the collection is 2010 and the number of books per student is 7.7. The American Library Association has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Pompano Beach High School not meet the recommended standards for the number of books per student.

The Pompano Beach High School Media Center supports our college preparatory mission and strong STEM focus by maintaining both a robust print and technology collection. The media center, Tornado Alley, houses 12 Lenovo ThinkCentre desktop computers and 30 Lenovo ThinkPad laptops, providing students with reliable access to digital resources for research, collaboration, and project-based learning.

In alignment with our emphasis on Science, Technology, Engineering, and Mathematics pathways, the Media Center's print collection includes a total of 618 STEM-related titles, categorized as follows: 156 Science, 362 Technology, 23 Mathematics, and 77 Engineering titles. This carefully curated collection ensures students have access to high-quality, content-rich materials that support inquiry, innovation, and academic excellence.

The district provides online resources to ensure equitable access to information for teaching and learning to improve student performance and achievement. Students and teachers can use Clever or Canvas to access age-appropriate materials that support educational and social-emotional needs through the following online resources: Follett Destiny Online Library Catalog, Gale Online Databases and eBooks, Beanstack, and Sora by Overdrive.

School media centers provide access to library media materials that eliminate educational barriers based on gender, race/ethnicity, national origin, color, religion, disability, age, sexual orientation, gender identity, expression, or other protected group status and that are free of

bias, stereotypes, distortions, and prejudices. This includes the ability to obtain information in a variety of formats - electronic as well as print, without fear of censorship or reprisal.

Collection Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)

Selection of Materials

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

Responsibility

The School Board of Broward County is legally responsible for all matters relating to the operation of the Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

***In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

NOTE: *Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.*

Criteria for Selection of Print and Non-Print Materials

1. Materials are selected to support the mission of Pompano Beach High School
2. Materials are selected to enrich and support the curriculum and the educational, emotional, and recreational needs of the users.
3. Materials shall be appropriate for the age, emotional development, ability levels, learning styles, and social development of the students.

4. Materials shall represent differing viewpoints of controversial issues so that users may be motivated to engage in critical analysis of such issues, to explore their own beliefs, attitudes, and behavior, and to make informed choices in their lives.

In keeping with the ***Library Bill of Rights,*** materials will be considered based on the following:

- Needs of the curriculum, learning/teaching styles of students, faculty, and staff
- Possible use of material (including small or large group instruction, in-depth study)
- Level of physical, artistic, and literary quality
- Representation of multiple viewpoints
- Treatment of subject and lack of cultural bias
- Accuracy and currency of information
- Scope of coverage
- Support of inquiry and critical thinking skills
- Relationship of the material to the overall collection
- Cost, packaging, and documentation

Selection Tools

The following professional resources are available to assist the media specialist in the selection process. However, selection is not limited to the use of these tools.

Follett Titlewave: Titlewave is a collection development and curriculum support tool for school libraries, librarians, and educators, featuring professionally curated content from Follett library services and support tools that help you find the most relevant materials.

Mackin: Mackin uses highly acclaimed review sources (AudioFile, Booklist, Horn Book Magazine, Kirkus Reviews, Library Media Connection, Publishers Weekly, and School Library Journal). It places them in one convenient location to make the best selections for school libraries and students.

Periodicals: School Library Journal, Kirkus Reviews, Booklist, Horn Book, Library Media Connection, Journal of Adolescent and Adult Literacy, Young Adult Library Services, Knowledge Quest.

Books: Children's & YA Book Lists: Best Books, Best Books for Young Adult Readers; Books for You: An Annotated Booklist for Senior High Students; Outstanding Books for the College Bound: Choices for a Generation; and Senior High School Library Catalog.

Note: Common Sense Media, Amazon, Goodreads, The Manga Critic and Reviews from paid reviewing sources **may be used** in conjunction with professional reviewing sources.

Gifts and Donations

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

Collection Maintenance

Removing materials from a library collection that are no longer educationally appropriate is as an equally important process as selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

Reconsideration of Materials

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

Opt-Out Form

Parents may submit their request to limit their student's access to materials in the school or classroom library by submitting a completed Opt-Out Form to the school principal.

  Our fiction collection blends timeless classics with engaging new titles, inspiring imagination, curiosity, and a lasting love of reading.
- **Comprehensive Nonfiction Resources (30%)**
  Our nonfiction section provides meaningful, relevant resources that support learning, research, and discovery across a variety of subjects.

- **Recent and Relevant Materials**
  With 20% of titles published in 2020 or later, our collection combines fresh, relevant materials with enduring classics to keep readers engaged.

Focus Areas

- **Arts & Recreation**

- **History & Geography**

- **Biography –** Shows a major gap, despite adding many new titles; some titles may not appear under Biography because of how they are coded or categorized in the system.

- **Collection Size per Student –** Collection size per student is below recommended (7.7 vs. 10) and will take consistent effort to reach compliance; aggressive weeding has reduced older titles from 62% to 40%, keeping the collection current and in compliance. Yearly purchasing of new titles will help the collection reach the recommended level.

Strategic Focus

This page lists the priorities for weeding and purchasing for each school year and includes the actions, updates, and outcomes. This is subject to change due to funding and time constraints.

School Year	Strategic Focus
Year 1 2025-2026	**Purchasing Priority 1:** Art & Recreation **Purchasing Priority 2:** History & Geography **Weeding Priority 1 –** Continue weeding **General Fiction** from 1900–1999 and 2000–2009 **Weeding Priority 2 –** Review **literature** titles (Dewey 800s) published in 2009 or earlier for removal if they are moldy, damaged, or otherwise deteriorated; classical works should generally be retained**.**
Year 2 2026-2027	**Purchasing Priority 1:** **Science** **Technology** **Purchasing Priority 2:** **Biography**: Keep adding new, diverse biographies. Though many titles have been bought, the gap remains due to coding issues; we will make sure new titles are properly reflected in the system **Weeding Priority 1 –** Continue removing outdated, low-circulation, or damaged **general** fiction to maintain an average publication year of 2011 or newer. **Weeding Priority 2 –** Continue removing outdated, low-circulation, or damaged **nonfiction**, focusing, among other areas, on literature to maintain an average publication year of 2011 or newer.

Year 3 ***2027-2028***	• **Purchasing Priority 1:** Geography, Maps, and Atlases to support global studies and our biannual International Summit, promoting geographic literacy and cultural awareness. • **Purchasing Priority 2:** Shelving Update**:** Replace outdated shelving in our main front area to better accommodate our expanding, up-to-date fiction collection and improve accessibility for readers (although the media center was renovated in 2017, no new shelving was added, limiting space for proper organization and display of our growing fiction). • **Weeding Priority 1 – Science & Technology (500s–600s)** Remove outdated titles published before 2012 to keep STEM-related materials accurate and aligned with current curriculum needs. • **Weeding Priority 2 – History & Geography (900s)** Replace older or low-use titles with updated, diverse resources that reflect current global and cultural perspectives.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices.
