2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Andersen Elementary serves students in Transitional Kindergarten through Sixth Grade. Andersen Elementary was recognized as a California Distinguished School in 2002, 2008, and 2014 and a Gold Ribbon School in 2016. Student achievements on standardized testing place Andersen in the top 10% of all public schools. In 2023 and 2025, Andersen has been recognized as a Top Performing Elementary School in California by U.S. News & World Report, placing us in the top 1% statewide. Additionally, Andersen has been named to the California Honor Roll by the Educational Results Partnership (ERP). This prestigious recognition celebrates schools that excel in closing achievement gaps and delivering exceptional outcomes for students. The Honor Roll is backed by leading organizations such as the California Chamber of Commerce and other business leaders statewide. These distinctions highlight the dedication of our students, teachers, staff, and community to achieving

2025-26 School Description and Mission Statement

academic excellence. Our parent community is very involved in the school and their children's education. This strong partnership with the school staff has resulted in consistently high student academic performance. Teachers and administration work together to bring all the resources, skills, and knowledge essential for student success.

A supportive PTA and DEANS (our Foundation) supply our students with various enrichment activities and materials. The DEANS fund a state-of-the-art MakerSpace, a technology educator, and additional academic support teachers who provide enrichment and/or interventions. In addition, the PTA provides Andersen School with field trips, special assemblies and programs, additional recess supports, and enrichment opportunities for all of our students.

Our mission at Andersen Elementary School is to develop character and to create a positive school environment where learning is a shared responsibility of staff, parents, and the community to ensure that every student experiences personal success academically, physically, emotionally, and socially. We are proud of our students and their behavior. Students and staff follow clear standards of behavior through a school-wide PBIS behavioral expectations model that focuses on the 3 R's: Respect, Responsibility, and Readiness.

Our Common Core State Standards curriculum provides our students with a strong base of learning experiences. We are committed to the development of strong foundational reading and math skills. Mastering these skills allows students to move forward into higher-level thinking and problem-solving. Our students work in cooperative groups as they seek to solve complex problems. Working together is essential when they enter high school and the workforce.

Andersen Elementary is strongly committed to including technology in our instructional program to ensure 21st-century skills. All classrooms have wireless internet access to facilitate student learning using technology. All students in grades K to 6 have one-to-one access to Chromebooks. Teachers have received training in the use of Chromebooks to facilitate student learning. All classrooms have LCD projectors and document cameras to enhance instruction. All students in grades TK-6 spend time weekly in our Think Tank and MakerSpace to foster their innovation and creativity. We are continually upgrading our hardware and software to keep up with advancements in computer-assisted instruction.

The focus on a strong foundation, exciting enrichment programs, and the latest technology make Andersen an exciting place for students to learn. The Andersen staff prides itself on presenting a quality educational experience for all our students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement	State Priority: Parental Involvement The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.
---------------	---

2025-26 Opportunities for Parental Involvement
At Andersen, parents are partners in the education of their children. They volunteer in classrooms, chaperone field trips, and assist with special projects and school activities. Parents attend parent-teacher conferences and Back to School Night. Our Parent-Teacher Association (PTA) and DEANs Foundation strengthen and support Andersen with various Art Masters, Recess Art, and Class Act programs. Their input, guidance, and support maintain the school's high standing in the community, district, and state endeavors. Opportunities for parents to serve on our School Site Council allow parents to be involved in input into allocating school resources and the school safety plan. Additional LCFF funding provides opportunities for parents to be educated on Andersen's instructional programs and invite outside speakers to present on current topics. For more information about opportunities to become involved in the school, don't hesitate to contact the PTA President Vanessa Smith at (949) 433-7212.

2025-26 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through January, and then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan for fall-winter and allow for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and Andersen's physical and social environment. Our school safety team meets to address safety issues for students and employees. Andersen participates in monthly school-wide fire drills and intruder and earthquake drills at least twice yearly.

The 2025-2026 School Safety Plan was approved by the School Site Council on January 28, 2025, and approved by the Local Board of Education on February 11, 2025. The plan was last updated and reviewed with faculty on August 14, 2025.
