2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Welcome to Adams Elementary, where our All-Stars shine! Our amazing staff works hard daily to support students both academically and social emotionally. Our collaborative teachers follow the Professional Learning Communities model and our commitment to rigorous standards that build on assessment results, which are aligned with the Common Core State Standards and incorporate research-based best practices into the curriculum, instruction, and academic support provided to our Adams All-Stars. As a PBIS school, Adams teachers focus on supporting our students with our two school rules... Be Kind and Work Hard along with supporting our school wide matrix. Students are celebrated for following Coach John Wooden's Pyramid of Success at monthly flag decks and by receiving lunch bunch certificates.

2025-26 School Description and Mission Statement

We encourage parents to be part of our team and take an active role in the education of their child/children at Adams School. Our Parent Teacher Association (PTA) is continually reaching out to the community to bring enrichment programs and support to ensure our students receive a well-rounded education. PTA supports many school programs, such as: our school play, field trips for all students, character education assemblies and Walk Throughs for our upper grade students. Parents, staff, and community members are actively involved in contributing time, energy, and passion into our school.

Literacy is central to the academic program at Adams School. Our focus is to provide students with core academic instruction with our Wonders curriculum and opportunities for individualized independent reading with our Accelerated Reader program. All students are assessed throughout the year using District Literacy Benchmarks to ensure they are making progress. The results of these assessments are then used to create targeted reading groups from beginning phonemic awareness and phonics instruction to decoding multi-syllabic words. Math, science and social studies are taught using materials and instructional practices aligned to the standards. In addition to teaching the content standards for math we are focusing on the Math Practices where students defend their mathematical reason, use tools, work collaboratively, and more! Adams students in grades TK-6 have hands-on science lessons focusing on engineering and the Next Generation Science Standards. We are excited to be able to offer Project Lead the Way to all of our students with a focus on engineering. Technology is important to our team and we have a school wide Chromebook program to enhance learning and it is important to us to teach Digital Citizenship. In grades 4-6 we offer GATE and to support our STAR rotations we have two full time reading teachers and two hourly teachers. We also are a Title I school and offer the following supports for students who need specialized services: Speech and Language, Psychologist, Specialized Academic Instruction. We also house our zone program for students with Autism. All-Stars in grades TK-6 attend weekly physical education classes with a PE specialist and all students attend music classes with our Music Specialist who also offers Orchestra to students in grades 4-6. Our orchestra practices during the school day and plays all over our local community. Please visit the Adams School web page or come spend a day at Adams School to see all the magical things happening around our campus!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

School Facility Conditions and Planned Improvements

ADAMS - 27,840 Classroom Sq. Ft.

This school was built in 1961. There are 15 permanent classrooms, 11 portable classrooms, a multi-purpose room and an administration building. Eleven (11) portable classrooms were constructed between 1991 and 2000. In 2005, 7 of those 11 portables were removed and 4 were modernized. Eight new portables were also placed in 2005. One additional portable was placed in 2008 to add sixth grade to the site and one additional portable added to site in July of 2009. New roofs, irrigation and fans/AV were added in Summer 2025.

219 work orders were completed for Adams in the 2024 - 2025 fiscal year. This site was last inspected on 07/08/2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.						
To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.						
ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Adams School has a variety of opportunities in which parents and community members can be involved:

- Family Nights
- School Site Council
- English Learner Advisory Council
- Community Information Nights
- Parenting Classes (District and Site Based)
- PTA
- Classroom Volunteers
- Principal Coffee

For more information about opportunities to become involved in the school, please contact Nancy Hamilton, School Office Assistant at 714-424-7935.

2025-26 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and Adams Elementary's physical and social environment. Our school safety team meets to address safety issues for students and employees. Adams Elementary participates in school-wide fire drills every month and intruder and earthquake drills at least two times each year.

The 2025-2026 School Safety Plan was approved by the School Site Council on January 23, 2025 and approved by the Local Board of Education on February 11, 2025. The plan was last updated and reviewed with faculty on August 24, 2025.
