2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

The Sonora staff, students, and parents are committed to creating a school that accepts no limits to the academic success of ALL students. Sonora Elementary provide students with a comprehensive and rigorous educational experience to prepare them to be productive and contributing members to a diverse and progressive society. We are proud to be a 2019 California Distinguished School, focused on our Tier 2 Support Systems, and have been previously awarded the Title I Achieving School and Exemplary Arts Awards.

Sonora Elementary School was built in 1962. We are a preschool through sixth grade elementary school. There are over 340 students enrolled at Sonora Elementary in preschool through grade six. We have two SCC preschool classes, two state

2025-26 School Description and Mission Statement

preschool classes, and sixteen elementary classes. We are proud of our diverse student population.

Our teachers implement a comprehensive English Language Arts district adopted curriculum, based on the Common Core State Standards. Students read a variety of texts to develop literature and informational reading skills as well as critical thinking skills. Teachers help each student develop literacy skills including print awareness, letter knowledge, phonemic awareness, phonics, fluency, vocabulary, and comprehension. Writing and oral language (English language development) are also a focus of instruction each day.

We implement a comprehensive Mathematics program in grades K - 6 that is aligned to the Common Core State Standards and provides students with opportunities in inquiry, critical thinking, conceptual and procedural knowledge, and intentional discussions that support Mathematical Practice 3, construct viable arguments & critique the reasoning of others.

Science and social studies are taught using materials and instructional practices aligned to the standards. The science teacher works with TK through sixth grade students and incorporates hands-on and relevant science experiences.

Our staff is committed to using technology meaningfully, with students in TK through Sixth grades accessing 1:1 Chromebooks to support intentional learning outcomes such as differentiated practice in math and publishing writing.

Character education is an integral part of our culture. The Sonora School Creed is recited daily to encourage student responsibility and to demonstrate pride in our school. Each month we focus on one of the Six Pillars of Character and recognize one student from each classroom every month at our Friday Eagle Rally. Each classroom has adopted a character trait that is displayed proudly in classrooms, worn by students on t-shirts, and discussed regularly with students. Our school implements an organized approach to supporting and reinforcing expectations for positive behavior through the Positive Behavior Interventions and Supports (PBIS) program.

Our students have many opportunities for enrichment experiences during the school day and through after school programs. Unique experiences during the school day include a partnership with The Segerstrom Center for the Arts, Arts Teach Program. The Arts Teach Program engages students in visual or performing arts enrichment experiences. Master teaching artists hold residencies at Sonora for anywhere from four to eight weeks. Students also have the opportunity to engage in drama lessons with the Prop 28 funded performing arts teacher, where they learn about different forms of acting and performing. Students have science based experiences through field trips and assemblies. After school programs offer engaging activities focused on STEM based learning, as well as during school with our full time music and science specialists who provide STEAM enrichment to some students. Many of our enrichment activities are made possible through the support of the Sonora Parent Teacher Association (PTA).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

School Facility Conditions and Planned Improvements

SONORA - 28,200 Classroom Sq. Ft.

This school was built in 1962. There are 17 permanent classrooms, a multi-purpose room and an administration building. 1 portable was placed in 1986, 2 were placed in 1990, 4 were placed in 2000 and 5 new portables were placed in 2003. The school, along with seven of the older portables, was modernized in 2004. Fans/AV, asphalt, flooring, pipeline decommissioning, and interior painting were all updated in Summer 2025.

193 work orders were completed for Sonora in the 2024-2025 fiscal year. This site was last inspected on 10/01/2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.						
To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.						
ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Sonora parents are encouraged to be active partners in their children's education and to develop a strong, collaborative relationship with our school. Throughout the year, families have many opportunities to volunteer in classrooms, chaperone and supervise field trips, and assist teachers with a variety of tasks, including supporting small-group instruction and preparing instructional materials. Parents who complete the district's volunteer approval process are welcome to serve both in classrooms and across the campus. In addition, the Sonora PTA plays an integral role in our school community, supporting educational field trips, assemblies, family events, and a wide range of enrichment activities.

Sonora also supports additional formal parent groups, including our English Learners Advisory Committee (ELAC) and School Site Council (SSC). We encourage families to participate in parent meetings, attend parent-teacher conferences, and join us for school events such as Back to School Night and Open House. Throughout the year, we offer parent education workshops, field trip opportunities, and special parent-child events, including Family Math and Literacy Mornings, Lunch with Loved Ones, and Read Across America Day. Families stay informed about school programs and activities through the bi-weekly Sonora Eagle News on Parent Square, as well as the school marquee and school website.

For more information about opportunities to become involved in the school, please contact Marcy Shands-Brown, School Community Facilitator, at (714) 424-7955 or mshands-brown@nmusd.us.

2025-26 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and Sonora's physical and social environment. Our school safety team meets to address safety issues for students and staff. Sonora Elementary participates in school-wide fire drills every month and intruder and earthquake drills at least two times each year.

The 2025-2026 School Safety Plan was approved by the School Site Council on January 21, 2025 and approved by the Local Board of Education on February 11, 2025. The plan was last updated and reviewed with faculty on August 2025.
